INQUIRY PROCEEDINGS

COMMISSION STAFF:

Mr. David M. Paciocco Commission Counsel

Mr. Vincent Clifford Associate Commission Counsel

Mr. R.L. Giasson Chief Administrative Officer

Ms. Melissa Braun Administrative Secretary

Ms. Wendy Bergmann Administrative Assistant

Ms. Sharleen Reid Commission Clerk

APPEARANCES

Mr. G. Zazelenchuk and

Mr. I. Restall For Robert Taman

Mr. M. Green and

Ms. K. Dixon For Mr. Marty Minuk

Mr. J. Prober and

Mr. B. King For Derek Harvey-Zenk

Mr. R. McDonald and

Ms. B. Bowley For R.M. of East St. Paul

Mr. H. Weinstein and

Ms. L. Labossiere For Mr. Harry Bakema

Ms. S. Hanlin and

Mr. M. Jack For Winnipeg Police Service

Ms. K. Clearwater and

Mr. Keith Laboissere For Winnipeg Police Assoc.

Mr. G. McFetridge and

Mr. S. Boyd For the Province of Manitoba

1 WEDNESDAY, JULY 2, 2008
```

2 UPON COMMENCING AT 9:30 A.M.

3

- 4 THE CLERK: All rise. This Commission
- 5 of Inquiry is now open. Please be seated.
- 6 THE COMMISSIONER: Good morning.
- 7 MR. PACIOCCO: Good morning,
- 8 Mr. Commissioner. As you are aware, we are here
- 9 today to begin phase two of the Taman Inquiry.
- 10 The order-in-council that sets out your mandate
- 11 was filed as an exhibit during the last phase of
- 12 the proceedings as Exhibit 3. And you, of course,
- 13 are familiar with it.
- 14 During the course of the next several
- 15 weeks, we're going to be following the first two
- 16 legs of your mandate very closely. The first of
- 17 those is to inquire into the conduct of the police
- 18 investigations surrounding the death of Crystal
- 19 Taman on February 25th, 2005, including, but not
- 20 limited to the correctness and adequacy of the
- 21 procedures and practices that were followed by the
- 22 investigators, and the good faith objectiveness
- 23 and professional standards with which the
- 24 procedures and practices were applied and
- 25 decisions made.

- 1 The other leg, apart from the
- 2 investigation, has to do with the prosecution.
- 3 And your mandate, of course, is to inquire into
- 4 whether all aspects of the prosecution of Derek
- 5 Harvey-Zenk, including the Crown's position on
- 6 sentence, were conducted in accordance with the
- 7 professional and ethical standards expected of
- 8 lawyers and agents of the Attorney General.
- 9 This morning, there are a number of
- 10 things that are going to take place. There are a
- 11 couple of housekeeping matters that have to be
- 12 attended to. Then I'm going to file some exhibits
- 13 with the Commission in order to facilitate an
- 14 opening statement that pertains to phase two,
- 15 matters of investigation and prosecution. And
- 16 then we expect to hear from three witnesses today.
- 17 We expect to hear from Kathy Beattie, Garth Shaw
- 18 and Tara Taman.
- 19 Before I begin the description of the
- 20 subpoena process that has to be undertaken today
- 21 to confirm the attendance of individuals for the
- 22 hearings, I wanted to advise you,
- 23 Mr. Commissioner, that there are some counsel
- 24 present today who have not appeared before you.
- 25 On behalf of the Government of Manitoba,

- 1 Mr. McFetridge is joined by Mr. Stanley Nozick.
- 2 MR. NOZICK: Good morning.
- 3 MR. PACIOCCO: And there is another
- 4 gentleman from Mr. McFetridge's office, Mr. Sean
- 5 Boyd, who I understand will be attending from time
- 6 to time and will be here this afternoon.
- 7 Assisting in the representation of
- 8 Harry Bakema is Lisa Labossiere, who I don't
- 9 believe has attended yet to appear before you.
- 10 MS. LABOSSIERE: Good morning.
- MR. PACIOCCO: We expect to hear
- 12 today, as I say, to hear from three witnesses
- 13 after the opening statement is made. They have
- 14 all been subpoenaed and they of course should
- 15 remain accessible. But Kathy Beattie, Garth Shaw
- 16 and Tara Taman should be aware of Your Honour's
- 17 exclusionary order with respect to the attendance
- 18 of witnesses. They are not entitled to be in the
- 19 room during the presentation of evidence. We did
- 20 exclude Tara Taman from that order, but with the
- 21 agreement of her counsel, the decision was made
- that she will absent herself during the testimony
- 23 of Kathy Beattie and Garth Shaw. She certainly
- 24 will be welcome to and intends to remain during
- 25 the opening remarks that I provide.

- 1 For administrative purposes, a number
- 2 of witnesses have been subpoenaed to attend today
- 3 and those witnesses will not be called today, so
- 4 we're going to have to address the subpoenas and
- 5 ensure their attendance when required.
- 6 With respect to unrepresented
- 7 witnesses, there was one witness subpoenaed today
- 8 who has attended, and that's Mr. Ken Graham.
- 9 Mr. Graham introduced himself to me this morning
- 10 and I believe he is in the body of the hearing
- 11 room. If you could, Mr. Commissioner, direct
- 12 Mr. Graham to return on July 4th, 2008 at
- 13 9:00 o'clock a.m., or on such other date and time
- 14 as may be communicated to you by the Taman
- 15 Commission. If you could address Mr. Graham and
- 16 require his attendance under those circumstances,
- 17 we could release him from his appearance this
- 18 morning.
- 19 THE COMMISSIONER: Mr. Graham, have
- 20 you heard what the Commission Counsel has
- 21 indicated?
- MR. GRAHAM: Yes, I have.
- THE COMMISSIONER: And you will return
- 24 on July 4th?
- MR. GRAHAM: Yes, I will.

```
THE COMMISSIONER: At?
1
                 MR. PACIOCCO: At 9:00 o'clock.
2
                 THE COMMISSIONER: At 9:00 o'clock.
 3
                 MR. GRAHAM: Yes.
 4
                 THE COMMISSIONER: Thank you. You can
 5
     leave if you wish.
6
7
                 MR. PACIOCCO: Mr. Richard Wolson has
    also been subpoenaed to attend today, but we did
8
    not expect his attendance. He has given us his
9
     solicitor's undertaking to attend as required by
10
    the Commission and we are content with that.
11
                 The other witnesses who have been
12
13
     subpoenaed to today's date are all represented by
14
     counsel. And as you are aware, Mr. Commissioner,
    we have set a protocol in place to prevent those
15
    witnesses from having to attend unnecessarily
16
    today. That protocol requires counsel who is
17
    representing the witnesses to confirm that they
18
    have notified the witnesses of the subpoena, to
19
20
    confirm that the witness has accepted service of
21
    the subpoena, and to confirm that the witness has
22
    authorized counsel to communicate the undertaking
    of the witness to attend before the Commission, as
23
    directed by the Commission, through Commission
24
    Counsel. There are a number of witnesses that
25
```

- 1 fall into that category today. I'm going to ask
- 2 each of the counsel involved to communicate to you
- 3 that those undertakings have been secured and that
- 4 information has been communicated.
- 5 I'm going to begin with the Rural
- 6 Municipality of East St. Paul who, of course, is
- 7 represented by Mr. Bob McDonald and Bernice
- 8 Bowley. There are a number of witnesses who have
- 9 been subpoenaed today who are not required today.
- 10 They include Glenda Pedersen, constable with East
- 11 St. Paul Police Force, Constable Jason Woychuk,
- 12 current Chief Norm Carter, and Constable Brian
- 13 Maloney. We intend to call Constable Pedersen,
- 14 according to our projected schedule, on July 4th;
- 15 Constable Woychuk on July 7th; Chief Norm Carter
- on July 8th; and Constable Brian Maloney possibly
- on July 8th. So if we could get the confirmation
- 18 from counsel for the municipality that those
- 19 witnesses have been advised of the subpoena, are
- 20 prepared to accept service and will attend on
- 21 those dates, then there's no need of course to
- 22 have expected them to be here this morning.
- MR. McDONALD: I so confirm,
- 24 Mr. Commissioner.
- THE COMMISSIONER: Thank you.

- 1 MR. PACIOCCO: The next would be
- 2 Mr. Harry Bakema, who at the time of the incidents
- 3 that we are inquiring into was the Chief of the
- 4 East St. Paul Police, and he, of course, is
- 5 represented by Mr. Hymie Weinstein and Lisa
- 6 Labossiere. He was subpoenaed to be here today,
- 7 but again excused on the basis of an undertaking
- 8 that he would attend on July 10th or as directed
- 9 by Commission Counsel. If we could have
- 10 Mr. Weinstein or Ms. Labossiere confirm that the
- 11 communication of the subpoena has taken place and
- 12 he is prepared to give that undertaking?
- MR. WEINSTEIN: I can confirm that,
- 14 Mr. Commissioner.
- 15 THE COMMISSIONER: Thank you.
- MR. PACIOCCO: Next we have the
- 17 Winnipeg Police Service represented by Ms. Shannon
- 18 Hanlin and Michael Jack. There are a number of
- 19 witnesses who have been subpoenaed to attend
- 20 today, all police officers, and they have been
- 21 excused on the basis of the same undertaking.
- 22 Sergeant Sean Black is scheduled to testify, under
- 23 the current schedule, on the 16th of July;
- 24 Corporal Ken Azaransky on July 17th; Corporal Dave
- 25 Harding on July 17th; Sergeant James Anderson on

- 1 July 21st; Corporal Tracy Fudge on July 21st;
- 2 Sergeant Chris Humniski on July 21st; Constable
- 3 Ted Michalik on July 22nd; Constable Jay Nolet on
- 4 July 22nd; Constable Kelly McClure on July 22nd;
- 5 Constable Theodore Spruyt on July 23rd; Detective
- 6 Sergeant Roger Gerard on July 23rd; and Sgt. Poole
- 7 on July 23rd. If we can get confirmation from
- 8 Ms. Hanlin or Mr. Jack that those individuals have
- 9 been advised of the subpoena, accept service and
- 10 undertake to attend on those designated dates or
- 11 as directed?
- MS. HANLIN: I can confirm that,
- 13 Mr. Commissioner.
- 14 THE COMMISSIONER: Thank you.
- MR. PACIOCCO: I should advise,
- 16 Mr. Commissioner, that the Winnipeg Police
- 17 Association is represented today by Ms. Karen
- 18 Clearwater. Ms. Clearwater has, of course,
- 19 obtained standing on behalf of the Winnipeg Police
- 20 Association. She has advised me that the Winnipeg
- 21 Police Association does not anticipate, at this
- 22 point in time, active participation in the
- 23 proceedings. They will conduct more of a watching
- 24 brief and have someone from the association in
- 25 attendance. If events develop in a way that

- 1 requires their active participation, they of
- 2 course reserve their right to participate at that
- 3 point in time.
- 4 MS. CLEARWATER: I can so confirm,
- 5 Mr. Commissioner.
- THE COMMISSIONER: Thank you.
- 7 MR. PACIOCCO: Next, we have
- 8 Mr. Martin Minuk, who we expect to testify on the
- 9 24th of July. He is represented by Mr. Michael
- 10 Green and Ms. Kelly Dixon. Again, if we could
- 11 have confirmation that he has accepted service of
- 12 the subpoena through his counsel and will attend
- 13 at that time or as directed?
- MR. GREEN: Yes, that's confirmed.
- 15 MR. PACIOCCO: We have the Government
- of Manitoba, there are two potential witnesses
- 17 from the Government of Manitoba at this point in
- 18 time. The Government of Manitoba, of course, is
- 19 represented by Mr. Glenn McFetridge, Mr. Stanley
- 20 Nozick and Steven Boyd. Those witnesses are Brian
- 21 Kaplan and Mr. Donald Slough. They are currently
- 22 scheduled to testify on the 29th of July and the
- 23 30th of July, respectively. If we could have
- 24 confirmation from Mr. McFetridge or one of his
- 25 co-counsel that these individuals have accepted to

- 1 attend on those dates or as directed?
- 2 MR. McFETRIDGE: You have that
- 3 confirmation.
- 4 THE COMMISSIONER: Thank you.
- 5 MR. PACIOCCO: Finally, there's
- 6 Mr. Derek Harvey-Zenk, who is represented by
- 7 Mr. Jay Prober and Mr. Bradley King. At present,
- 8 we anticipate the attendance of Mr. Harvey-Zenk to
- 9 provide testimony on the 6th of August. If we
- 10 could have confirmation that he has given the
- 11 necessary undertakings and will attend on that
- 12 date, or as directed by Commission Counsel, from
- 13 either Mr. Prober or Mr. King?
- MR. PROBER: Yes, I can confirm that.
- 15 THE COMMISSIONER: Thank you.
- 16 MR. PACIOCCO: Those are not all the
- 17 witnesses we will be calling, Mr. Commissioner,
- 18 others have been subpoenaed to specific dates
- 19 throughout the hearing.
- The last order of housekeeping that
- 21 needs to be attended to before we actually
- 22 commence getting into the phase itself is to
- 23 reaffirm the exclusion of witness order that you
- 24 made on the 2nd of June, 2008, excluding non party
- 25 witnesses. The party witnesses entitled to

- 1 remain, of course, are the Taman family, Mr. Harry
- 2 Bakema, Mr. Martin Minuk and Mr. Derek
- 3 Harvey-Zenk. You have also exempted from that
- 4 order of exclusion Sveinn and Victoria Sveinson,
- 5 and at the time Ms. Suzanne Gervais, who is here
- 6 to attempt to develop more insight into victims'
- 7 matters so that she could profit from that
- 8 experience. Of course, that order remains in
- 9 effect.
- I would simply ask you, Mr.
- 11 Commissioner, to direct counsel who are
- 12 representing parties who do not have personal
- 13 standing, direct them that exclusionary order
- 14 exists, that they are not to attend when other
- 15 witnesses are testifying, and they are not to
- 16 discuss their testimony or the testimony of other
- 17 witnesses with other witnesses. If you can give
- 18 that direction to counsel, or have them affirm
- 19 that they understand that, it would be appropriate
- 20 to deal with at this juncture.
- 21 THE COMMISSIONER: Do any counsel have
- 22 any problems with that direction? All right. The
- 23 order will go.
- 24 MR. PACIOCCO: I'm going to be
- 25 providing an opening statement to this phase in

- 1 order to situate matters. Before I begin that,
- 2 there are a number of exhibits that I would like
- 3 to put into evidence at this point.
- 4 Exhibit 60 can be found in book B, tab
- 5 6.a, and it will be the forensic accident report.
- 6 It was prepared in connection with the
- 7 investigation by Corporal Blandford of the RCMP.
- 8 THE CLERK: Exhibit 60.

9

- 10 (EXHIBIT 60: B.6.a, Forensic Accident
- 11 Report)

12

- MR. PACIOCCO: Exhibit 61 is also
- 14 found in book B at tab 7. It is a weather report
- 15 document showing the weather conditions at various
- 16 hours throughout the day on the 25th of February,
- 17 February, 2005. Exhibit 61 will be found at tab
- 18 B-7.
- 19 THE CLERK: Sixty-one.
- 20 (EXHIBIT 61: B.7, Weather Report)
- 21 MR. PACIOCCO: Exhibit 62 will be
- 22 photographs taken on the 25th of February, 2005,
- 23 at the accident scene. Those photographs will be
- 24 filed collectively. They are found at tab B-8.a.
- 25 That will be exhibit, tab B-8.a.

1 THE CLERK: Exhibit 62.

2 (EXHIBIT 62: B.8.a, Accident Photos)

3 MR. PACIOCCO: Exhibit 63 is found in

- 4 book D, it is found at tab 18.a of book D, and it
- 5 is the East St. Paul Fire Department's arrival
- 6 time, exhibit 63, tab D-18.a, East St. Paul Fire
- 7 Department arrival time.
- 8 THE CLERK: Exhibit 63.
- 9 (EXHIBIT 63: D.18.a, ESP Fire
- 10 Department Arrival Time)
- MR. PACIOCCO: Exhibit 64 is found at
- 12 tab D-19.e. This is the Interlake Emergency
- 13 Service Manager times showing the time of
- 14 attendance and the time of receipt of the call by
- 15 the Selkirk Ambulance Service. That's tab D-19.e,
- 16 and that will be Exhibit 64.
- 17 THE CLERK: Exhibit 64.
- 18 (EXHIBIT 64: D.19.e, Interlake EMS
- 19 Manager Times)
- MR. PACIOCCO: Exhibit 65 is found at
- 21 tab 20.e of volume D, the same book, tab D-20.e.
- 22 This is the Winnipeg Fire Paramedic Services time
- 23 sheet.
- 24 THE CLERK: Exhibit 65.

25

- 1 (EXHIBIT 65: D.20.e, WPS Fire
- 2 Paramedic Services)
- 3 MR. PACIOCCO: Exhibit 66 can be found
- 4 in book B again at tab 8.b. Exhibit 66, book B,
- 5 tab 8.b, is an overhead photograph of the
- 6 intersection where the accident occurred. You
- 7 will notice, Mr. Commissioner, to your left a
- 8 large blowup of that particular exhibit which we
- 9 will be referring to during the opening statement
- 10 to help situate the events. You may want to
- 11 follow along with the diagram in the book. I know
- that's some distance from where you're sitting,
- 13 but I'll try my best, with Mr. Clifford's
- 14 assistance, to point out the areas that need
- 15 attention.
- 16 (EXHIBIT 66: B.8.b, Overhead Photo
- 17 (blow up)
- 18 MR. PACIOCCO: Exhibit 67 is at the
- 19 next tab, tab B-8.c. It is a traffic signal
- 20 service plan for the same intersection, and it
- 21 also will be referred to in the opening statement.
- 22 We have a blowup of that diagram as well, and it
- is behind the document, or the blowup that we have
- 24 currently. If the clerk will reveal it?

Volume 6 July 2, 2008

Page 1259

(EXHIBIT 67: B.8.c, Traffic Signal 1

- Surface Plan (Blow Up) 2
- MR. PACIOCCO: And those are the 3
- exhibits that I will be referring to in the 4
- opening statement. I will also be referring to 5
- documents found in book J, which of course is the 6
- 7 transcript of proceedings. So if counsel have
- books B, D and J accessible, they will be able to 8
- follow all of the references I make during the 9
- opening statement. 10
- Mr. Commissioner, I'm going to ask 11
- Mr. Clifford to attend to the overhead charts. 12
- I'm going to get him to point out a couple of the 13
- 14 areas that I do refer to in the first few
- paragraphs of the opening statement. 15
- 16 At approximately 7:05 a.m. on
- February 25th, 2005, Crystal Taman died in a three 17
- car collision that occurred in the southbound 18
- lanes of Provincial Trunk Highway 59 at the 19
- 20 intersection of a turn-off onto Highway 101, the
- 21 Perimeter Highway.
- 22 The overhead document is found at tab
- B-8.b and has since been made Exhibit 67, if you 23
- would look at tab B-8.b? As that document 24
- depicts, Highway 59 is a divided road that has 25

- 1 three lanes as it approaches Highway 101 from the
- 2 north. Where Mr. Clifford is now pointing there
- 3 are three traffic lanes. Those three lanes
- 4 consist of two southbound lanes that are divided
- 5 by a solid line, and one westbound or right-hand
- 6 turning lane. The turning lane will approach the
- 7 area where you see the road veer off to the left
- 8 on that diagram. That is the exit lane for
- 9 southbound traffic on Highway 59 wishing to get
- 10 onto Highway 101.
- 11 Past that point, the road becomes a
- 12 two-lane road. To the south of where the turning
- 13 lane leaves the road, there is a stoplight. That
- 14 stoplight exists to enable northbound vehicles
- 15 travelling on the opposite Highway 59, northbound,
- 16 to cut across the southbound lanes so they can
- 17 turn west onto Highway 101.
- 18 Mr. Clifford, if you can show us 59
- 19 proceeding north, and those vehicles would turn
- 20 across.
- The speed limit on the southbound
- lanes of Provincial Trunk Highway 59 was 80
- 23 kilometres per hour on the 25th of February, 2005.
- 24 If you take a look at the photographs
- 25 that are found in tab B-8.a, you will notice that

- 1 they are numbered in the lower right-hand corner.
- 2 At page 124 of tab B-8.a there is a photograph
- 3 depicting the traffic lights that exist on the
- 4 south end of Highway 59 south, as it proceeds
- 5 through the intersection.
- If we can move, Mr. Clifford, please
- 7 to the scaled diagram. The scaled diagram that
- 8 Mr. Clifford is now retrieving is found at tab
- 9 B-8.c, tab B-8.c. At the time of the collision,
- 10 the Taman vehicle, a yellow 1991 Chevrolet Sprint
- 11 convertible was stopped for a red light in the
- 12 left-hand southbound lane adjacent to the median.
- 13 Crystal Taman was the only occupant of that
- 14 vehicle. The vehicle was stopped and
- 15 approximately 8 metres ahead of the Taman vehicle
- 16 near the stop line for that intersection was a
- 17 dark green Hyundai Accent GS2 operated by its lone
- 18 occupant, Ms. Kathleen D. Beattie.
- 19 So in order, in the right-hand lane
- 20 looking at it from this angle, you would have the
- 21 Beattie vehicle up at the stop line, and
- 22 approximately 8 metres behind it in that same lane
- 23 you would have the Taman vehicle. Thank you,
- 24 Mr. Clifford.
- 25 Forensic evidence shows that Crystal

- 1 Taman's vehicle was rammed directly from behind by
- 2 a 1995 Dodge Dakota pickup, which we now know to
- 3 have been operated by its lone occupant, Mr. Derek
- 4 Harvey-Zenk, also known as Derek Harveymordenzenk.
- 5 The Taman vehicle was then carried by the
- 6 Harvey-Zenk vehicle into the back of the Beattie
- 7 vehicle, hence the three car collision.
- 8 RCMP forensic traffic
- 9 reconstructionist, Constable Chris Blandford, who
- 10 was called to the accident scene that morning, has
- offered the opinion that Mr. Harvey-Zenk made no
- 12 attempt to stop or slow his vehicle as there are
- 13 no skid marks that, in Constable Blandford's
- 14 opinion, can be attributed to the Harvey-Zenk
- 15 vehicle.
- 16 It was admitted by counsel on
- 17 Mr. Harvey-Zenk's behalf during the sentencing
- 18 submissions that Mr. Harvey-Zenk made no effort to
- 19 stop the vehicle.
- 20 If you would take a look at the
- 21 photograph at page 124 of tab B-8.a? The force of
- the collision dragged the buckling Taman vehicle
- 23 completely through the intersection before it came
- 24 to rest in the middle of the southbound lanes,
- 25 south of the intersection.

- 1 You will notice in the photograph at
- 2 tab 124 that there is a vehicle remaining in the
- 3 middle of the road. That would be the Taman
- 4 vehicle. The vehicle is pointed with the front
- 5 end to the left of that photograph, or to the
- 6 east, with the back end pointing to the west or
- 7 the right-hand of the photograph.
- 8 You will see two other vehicles in
- 9 that photograph. The truck operated by
- 10 Mr. Harvey-Zenk is in the snowbank to the left of
- 11 the Taman vehicle. The Hyundai driven by
- 12 Ms. Kathleen Beattie is resting next to the
- 13 traffic light standard on the right-hand side of
- 14 the road in the snow.
- 15 By the time it came to rest, the Taman
- 16 vehicle sustained severe contact damage and crush
- 17 deformation to both the front end and the rear
- 18 ends, with much greater damage to the rear. You
- 19 will see a photograph depicting the damage at page
- 20 112.
- 21 The length of the car after the
- 22 collision was approximately 2.35 metres, while an
- 23 undamaged vehicle of the same make and model is
- 24 3.71 metres in length. The convertible roof had
- 25 been displaced. Damage was so extensive that an

- 1 emergency caller described the vehicle as cut in
- 2 half.
- 3 Ms. Taman was tragically pronounced
- 4 dead immediately upon her arrival at Concordia
- 5 Hospital after having been extracted from the
- 6 vehicle by emergency service workers. Witnesses
- 7 to the accident concluded that she perished at the
- 8 accident scene.
- 9 If you would turn, please, to page 130
- 10 of the photographs, where you will see the Beattie
- 11 vehicle depicted. The Beattie vehicle sustained
- 12 what Corporal Blandford described as moderate to
- 13 severe damage to the rear, with the primary
- 14 direction of force occurring from the driver's
- 15 side corner to the middle of the passenger's side.
- 16 As a result of the collision, the Beattie vehicle
- 17 was driven southbound coming to rest off of
- 18 Highway 59 in the snowbank on the southwest corner
- 19 of the intersection immediately behind the light
- 20 standard.
- 21 If you take a look at tab 125 -- page
- 22 125 rather of tab B-8.a, you will see a view of
- 23 the Beattie vehicle up against the light standard
- 24 taken from within the intersection.
- 25 If you take a look at the prior page,

- 1 124, you will note that the Beattie vehicle was
- 2 moderately north of the Taman vehicle, which came
- 3 to rest slightly closer to the intersection than
- 4 the Taman vehicle.
- 5 After the collision, the Harvey-Zenk
- 6 vehicle took an uneven path, according to Corporal
- 7 Blandford. After it disengaged from the Taman
- 8 vehicle, shortly after it passed the traffic light
- 9 standard situated on the south side of the
- 10 intersection, the vehicle continued in a
- 11 southeasterly direction toward the median ditch.
- 12 If you take a look, please, at the
- 13 photograph at page 142? You will see a photograph
- 14 taken from the north, viewing south across the
- 15 intersection. You will notice the path of debris
- 16 and the condition of the snowbank adjacent to the
- 17 light standard, and to the south of that you will
- 18 see the Harvey-Zenk vehicle.
- 19 It is Constable Blandford's opinion
- 20 that prior to leaving the road, Mr. Harvey-Zenk
- 21 aggressively applied the brakes and skidded for a
- 22 short distance before continuing into the median
- 23 ditch between the northbound and southbound lanes
- 24 of Highway 59. The vehicle then continued south
- in the median with its undercarriage in contact

- 1 with the ice that covered the snow surface. You
- 2 can see in the photograph the displacement of the
- 3 snow adjacent to the hole.
- While on this path, the driver's rear
- 5 fender of the truck, the left side of the truck,
- 6 the driver's side, sideswiped the traffic light
- 7 standard in the median, although in Corporal
- 8 Blandford's opinion, with insufficient force to
- 9 slow it materially. Either by design or on its
- 10 own, the Harvey-Zenk vehicle then turned toward
- 11 the southwest leaving the median.
- 12 If you look at the photograph on page
- 13 145, you will see ruts in the snow, some debris
- 14 showing that the ruts leave the snowbank and enter
- 15 back onto the roadway.
- 16 The vehicle returned to the road
- 17 surface heading then in a southwesterly direction.
- 18 And in Corporal Blandford's opinion, the vehicle,
- 19 which then accelerated, was steered abruptly back
- 20 to the left or east proceeding back into the
- 21 median. It was then steered abruptly towards the
- 22 south before coming to a stop some distance past
- 23 the Taman vehicle.
- 24 If you take a look at the photograph
- 25 two pages hence, at page 147, the vehicle had what

- 1 Corporal Blandford described as moderate to severe
- 2 contact damage to its entire front end.
- 3 Corporal Blandford was unable to
- 4 estimate the speed of the Harvey-Zenk vehicle as,
- 5 in his opinion, there were too many variables to
- 6 allow a forensic determination to be made.
- 7 At the time of the accident there were
- 8 a number of indicators to alert a southbound
- 9 driver of the need to stop at the intersection of
- 10 Highway 101.
- 11 Madam clerk, if I could please have
- 12 you remove the large chart so that we can expose
- 13 the photograph? And again, this chart is found at
- 14 tab B-8.b at page 162 of the materials.
- Approximately 294.46 metres to the
- 16 north of the intersection, there are two traffic
- 17 signals that you will see, Mr. Commissioner,
- 18 depicted in bright yellow on the diagram. One on
- 19 the median that divides Highway 59, so that will
- 20 be the smaller one that you see to the right.
- 21 That's actually located in the grassy area that
- you're looking at between the north and southbound
- 23 lanes of Highway 59. And another adjacent to it
- on the west side of Highway 59, that will be the
- 25 large yellow sign that you see in the rectangle

July 2, 2008 Page 1268

- immediately to the left of the road. The east 1
- side signal, the smaller one, bears a traffic 2
- light symbol, while the west side traffic signal 3
- reads, "prepare to stop." Those words that are 4
- written at the top of that yellow rectangle, 5
- difficult to read from any distance, require you 6
- 7 to prepare to stop.
- Each traffic light symbol is marked by 8
- two amber lights -- you'll notice the lights 9
- depicted on the diagram -- that were in proper 10
- working condition at the time of the accident. 11
- Those lights alternate or flash when there is a 12
- northbound vehicle stopped at the intersection in 13
- 14 one of the two westbound turning lanes. So if you
- look at the centre of the diagram, the turning 15
- 16 lane which is marked PTH 101. Vehicles coming up
- from the south wanting to make that turn will get 17
- into one of the two turning lanes. If that 18
- vehicle is stopped at a red light, it will cause 19
- 20 the caution lights on the two signs I have just
- 21 demonstrated to be activated.
- 22 According to the timing done and the
- information received by the accident 23
- reconstructionist, those lights will operate for 24
- approximately 11 seconds when activated. 25

- 1 intersection of Highway 101 is visible ahead from
- 2 those lights.
- 3 There were two traffic lights facing
- 4 southbound traffic, one on the median on the south
- 5 side of intersection, and the other on the
- 6 southwest corner of the intersection. We have
- 7 looked at those traffic lights and photo at page
- 8 124. You will see green indications on the
- 9 roadway of Highway 59 south approximately
- 10 two-thirds, or between two-thirds and a half of
- 11 the way up in that southbound lane. Those are the
- 12 traffic lights.
- 13 That intersection was lined with
- 14 streetlights on the east side of the northbound
- 15 lanes. So on that right-hand median as you
- 16 approach the intersection, there are traffic
- 17 lights that illuminate the roadway. Those lights
- 18 were operating properly, and it was light out by
- 19 the time of the accident.
- 20 According to Corporal Blandford, the
- 21 Harvey-Zenk vehicle would have been a minimum of
- 22 135.29 metres north of the advanced warning lights
- 23 when the red lights in the intersection were
- 24 activated. So if you note the location of the
- 25 yellow signs, they are marked with arrows to

- 1 indicate where they appear on the diagram.
- 2 Mr. Harvey-Zenk's vehicle would have been
- 3 somewhere north of that, at a distance estimated
- 4 by the accident reconstructionist of 135.29
- 5 metres.
- At 80 kilometres per hour, the
- 7 Harvey-Zenk vehicle would have taken 6.03 seconds
- 8 to cover the distance to the warning lights after
- 9 the light at the intersection turned red. So
- 10 according to the accident reconstructionist, it
- 11 would have taken a minimum of six seconds
- 12 approximately for Mr. Harvey-Zenk to get to the
- 13 warning lights, let alone the intersection.
- 14 Constable Blandford offered the
- 15 opinion, given the variables that he was working
- 16 with, that at the time of the advanced warning
- 17 lights and the yellow-red light stage is factored
- 18 into the particular situation, the Harvey-Zenk
- 19 vehicle would have been a minimum of 467.7 metres
- 20 north of the advanced warning lights when they
- 21 were activated.
- I'm going to take you to the accident
- 23 report of Mr. Blandford, which you will find at
- 24 tab B-6.a. It has been filed as Exhibit 60.
- 25 I'm going to ask you to turn to page

```
29 of that report. I'm going to read from the
 1
     last paragraph on page 29 onto page 30. I'm doing
2
     this in order to illustrate the assumptions, the
3
     factual assumptions that were taken into account
 4
     by the accident reconstructionist when making
 5
     those estimates.
6
7
                 "All traffic lights were functioning
                 properly. Based on the collision
8
                 scene, evidence and information
9
                 provided by the investigators, it has
10
                 been established that vehicle one and
11
                 vehicle two..."
12
13
     which would be the Taman and Beattie vehicles,
14
                 "...were stopped at the red traffic
15
                 lights for southbound traffic.
16
                 Immediately prior to the collisions,
                 the traffic lights changed from red to
17
18
                 green."
     We expect that you will hear evidence today to the
19
20
     effect that the light had turned green momentarily
     before the collision.
21
22
                 "The driver of V-3 was southbound when
                 the on scene series of events began to
23
                 unfold."
24
     Vehicle three being the Harvey-Zenk vehicle.
25
```

1	"It is known that the advance lights
2	are activated 11 seconds prior to the
3	commencement of the yellow cycle for
4	southbound motorists."
5	And I ask you, Mr. Commissioner, to note the 11
6	seconds because I'm going to read you a passage
7	from the submissions to the court shortly and you
8	need to bear that in mind.
9	"The yellow to red stage is four
10	seconds in duration. Therefore, a
11	southbound motorist has a minimum of
12	15 seconds warning before the lights
13	change to red. If a vehicle is
14	travelling the speed limit of 80
15	kilometres per hour at the beginning
16	of this 15 second period, a vehicle
17	would be approximately 333.6 metres
18	north of the intersection. This would
19	obviously place the vehicle well north
20	of the advanced warning lights which
21	were just less than 250 metres north
22	of the intersection.
23	Based on the survey conducted of the
24	shortest, longest and average length
25	of time the red light is on at the

1	intersection for southbound traffic,
2	motorists could conceivably be
3	approximately 384.75, 680.54 or
4	1000.80 metres north of the
5	intersection when the traffic lights
6	for southbound traffic change to red.
7	In addition, these distances do not
8	take into consideration the timing of
9	the advanced warning lights and the
10	yellow light cycle of 15 seconds. In
11	this case the motorist would have been
12	further away from the intersection.
13	The distance could be longer because
14	information gathered by the
15	investigators determined the driver of
16	V-2 saw the yellow light come on. She
17	slowed down and stopped for the red
18	light. The red light went through an
19	indeterminate amount of time and then
20	changed green. She was about to move
21	when the collision occurred. If this
22	information is accurate, then the
23	driver of V-3"
24	which would have been Mr. Harvey-Zenk,
25	"was presented with the activated

1	advanced warning lights and the
2	cycling of the traffic lights from
3	green to yellow to red and finally
4	back to green prior to the collisions.
5	If this part of the investigation is
6	based on the shortest time the red
7	light could have been on, vehicle
8	three was a minimum of 135.29 metres
9	north of the advanced warning lights
10	when the red light is activated. At
11	the speed limit, it would have taken
12	vehicle three 6.0 seconds to cover
13	this distance. If the time of the
14	advanced warning lights and yellow to
15	red lights stage is factored into this
16	particular situation, vehicle three
17	would have been a minimum of 467.70
18	metres north of the advanced warning
19	light when they were activated 21.03
20	seconds times 22.24 metres per second.
21	I'm going to ask you to look, if you
22	would, at what has become Exhibit 9 in these
23	proceedings, book J? And you can find the passage
24	I will read at tab J-62, which are the proceedings
25	before the Honourable Judge Wyant on the 22nd day

of August, 2007. And I would take you please to 1 page 1625? You will find at page 1625 submissions 2 of fact being presented by special prosecutor 3 Martin Minuk. I'm going to begin at line 7. 4 "At a technical level, beyond that 5 6 which you've heard already, the expert 7 concluded that the accused, like other drivers on that road, would have had 8 advanced warning of the red light. 9 The reason for this is because as you 10 approach the intersection, overhead 11 12 lights activate and remain on for a 13 period of 8 seconds prior to the 14 light, a yellow light being 15 activated." I had you, Mr. Commissioner, harken to the 11 16 second statistic provided by the accident 17 reconstructionist. The submission provided to the 18 court converted 11 to 8. There may well be an 19 explanation for that. There is not one that we 20 21 are, at this point, aware of. 22 So that as you approach the intersection on a green light, 8 seconds before 23 the yellow light comes on, an overhead sign 24 activates warning drivers that the lights are 25

1	going to change.
2	"The Court: And I assume stay on
3	until the light turns green again?
4	Mr. Minuk: After the yellow light is
5	activated, a further four seconds
6	passes before the red light activates.
7	So in total then there would be
8	approximately 12 seconds before the
9	light would turn red. So as the
10	accused was approaching the
11	intersection, had he seen the overhead
12	lights, he would have had 12 seconds
13	to apply the brakes and slow down. In
14	this particular case, he would have
15	had the additional visual in front of
16	him, as did the witness, that one car
17	was slowing down, two were already
18	stopped at the red light."
19	So those were the facts that were
20	presented to Chief Judge Wyant and evidently
21	accepted or not objected to by counsel for
22	Mr. Harvey-Zenk. They collapse the 15 seconds in
23	the forensic report to 12 seconds as the time that
24	the vehicle would take to get from the warning
25	lights to the intersection.

- 1 In Constable Blandford's opinion, the
- 2 brake lights on the Taman vehicle were activated
- 3 and at least the passenger tail lamp was
- 4 activated.
- 5 Weather is not believed to have been a
- 6 factor in the accident, according to the accident
- 7 reconstructionist, as visibility was unrestricted.
- 8 24.1 kilometres is the indicated visibility. You
- 9 will find that reference in Exhibit 61 at tab B-7,
- 10 which is the weather report. 24.1 kilometres.
- 11 And the road surface on the north side
- of the southbound lane of Highway 59, where the
- 13 vehicles were travelling, described by the
- 14 accident reconstructionist as bare, level and dry
- 15 with a light layer of frost -- bare, level and dry
- 16 with a light layer of frost.
- 17 The accident occurred moments after
- 18 7:00 o'clock. The weather report discloses that
- 19 the temperature at that time was 20 degrees.
- 20 At this time I would like to file an
- 21 agreed Statement of Facts with the Court as
- 22 Exhibit 68.
- 23 (EXHIBIT 68: Background Narrative Of
- 24 Fact Surrounding The Accident)

- 1 MR. PACIOCCO: The facts that I have
- 2 just provided to you, other than the transcript
- 3 reference and the passage that was read from
- 4 Corporal Blandford's opinion, are contained in an
- 5 Agreed Statement of Facts, and I would want to
- 6 thank all counsel for being cooperative in saving
- 7 us the need, at least at this point, unless
- 8 controversy arises, of calling the witnesses who
- 9 would have established those facts that have been
- 10 laid before you.
- 11 So those, Mr. Commissioner -- I have
- 12 just been handed a note. The temperature was
- 13 minus 20 degrees Celsius. I don't know if I
- 14 provided inaccurate information in that regard.
- So those, Mr. Commissioner, are the
- 16 circumstances in which Crystal Taman died, and
- 17 that of course is what was being investigated, an
- 18 unexplained rear-end collision, with no apparent
- 19 attempt to abate speed, on a clear morning.
- That investigation, as you are aware,
- 21 lead to alcohol related charges being laid against
- 22 Mr. Derek Harvey-Zenk. I won't take you to the
- 23 information that has been filed as Exhibit 4-A.
- 24 We are all well aware at this point that
- 25 Mr. Harvey-Zenk was charged with refusing to

- 1 provide a sample of his breath. He was charged
- 2 with impaired driving causing death. He was
- 3 charged with criminal negligence causing death.
- 4 And he was charged with dangerous driving causing
- 5 death.
- 6 Certainly, the public understands
- 7 alcohol related driving offences. They seem
- 8 simple, they seem clear, and there is a very
- 9 strong public aversion to the waste and tragedy
- 10 that follows from alcohol related traffic deaths.
- 11 The other charges are a bit more
- 12 mysterious. They are more generic, of course,
- 13 they can apply in cases where there is no alcohol
- 14 and they can apply in cases where there is
- 15 alcohol.
- Without question, those alcohol
- 17 related charges raised certain expectations. You
- 18 heard Mr. Sveinson testify and describe how, for
- 19 the first time when he heard of these charges,
- 20 things started to make sense. How on a clear day,
- 21 his daughter could be snatched away in a rear-end
- 22 collision, on an open stretch of straight highway
- 23 at 7:00 o'clock in the morning.
- 24 With the laying of those charges, this
- 25 case came to be in the public perception, no

- 1 doubt, about alcohol and impaired driving. And it
- 2 is clear from the press reports and the reaction
- 3 of the family that it caused outrage. An off-duty
- 4 police officer charged with impaired driving in
- 5 the death of a woman who was just trying to get to
- 6 work.
- 7 That prosecution, of course, developed
- 8 and changed over time. With the staying of those
- 9 alcohol related offences, the controversial
- 10 agreement to make a joint position for a
- 11 conditional sentence, the revelation that the
- 12 prosecutor attributed is weak case to a botched
- investigation, and the controversy sparked by
- 14 Chief Judge Wyant's rebuke of counsel, including
- 15 Mr. Minuk, for how the case was handled. Those
- 16 expectations relating to the alcohol related
- 17 charges and what many would have expected the
- 18 outcome to be were defeated. A public outcry
- 19 ensued and, of course, this inquiry has resulted.
- Today we of course begin phase two of
- 21 the inquiry, the examination of the investigation
- 22 and prosecution. Last month, between the 2nd of
- June and the 11th of June, over five days, we
- 24 focused on the third leg of the mandate, to
- 25 inquire into whether the services provided to the

- 1 family of Crystal Taman were sufficient, having
- 2 regard to the requirements of the Victim's Bill of
- 3 Rights.
- 4 We have now completed phase one of the
- 5 Taman Inquiry with one very important omission.
- 6 Mr. Minuk, whose conduct was challenged by some of
- 7 the witnesses in phase one, was not invited to
- 8 testify at phase one. He has not had an
- 9 opportunity to respond, and he will have that
- 10 opportunity during this phase.
- 11 Mr. Commissioner, you will recall why
- 12 we began with your Victims' Bill of Rights
- 13 mandate. I indicated at the time that we wanted
- 14 to enable the families to get the chance to have
- 15 their testimony put behind them. After three and
- 16 a half years of waiting, they needed a chance to
- 17 catch their breath and sit back and focus on our
- 18 work without the apprehension of having to take
- 19 the stand.
- 20 Unfortunately, we are going to require
- 21 the testimony of Tara Taman again, and she will be
- 22 testifying today, and then she will certainly be
- done.
- 24 Perhaps more importantly, we wanted to
- 25 ensure that this inquiry did not become an

- 1 abstract inquiry into an investigation or a case.
- 2 That remains imperative today, Mr. Commissioner,
- 3 as we start phase two. This exercise will lose
- 4 its purpose unless we bear in mind that, at
- 5 bottom, a criminal investigation and a prosecution
- 6 has an important human dimension. Our system is
- 7 very cognizant of the human dimension that impacts
- 8 upon the accused who faces serious and
- 9 stigmatizing charges and potentially the loss of
- 10 liberty. But prosecutions and investigations have
- 11 human dimensions that got beyond the accused.
- 12 After the victims' phase, that dimension is
- 13 palpable and up front. You heard a great deal
- 14 about the woman whose death gave rise to the
- 15 prosecution, Crystal Taman.
- While the victim is not a party in
- 17 Canadian criminal proceedings, it remains true
- 18 that we investigate and prosecute alleged crimes
- in large measure out of respect for the bodily
- 20 integrity and right of safety that a victim is
- 21 entitled to expect. This investigation and
- 22 prosecution was or should have been in large
- 23 measure about her. And you have heard how the
- 24 family believes it has dishonoured her. That if
- 25 that prosecution and that investigation wasn't

- 1 taken seriously or conducted properly, it was an
- 2 insult to her memory. It trivialized her life.
- 3 The human dimension in an
- 4 investigation and prosecution that is so easily
- 5 forgotten by those of us who administer the
- 6 system, and get caught up in cases and files that
- 7 we must be mindful of, goes beyond the immediate
- 8 victim, Crystal Taman. You have seen how
- 9 powerfully the Tamans and the Sveinson's have been
- 10 affected by this horrible nightmare that they have
- 11 lived in losing a wife, a mother, a daughter, a
- 12 sister, and how in their view, their sincerely
- 13 held view, their ability to heal and move on has
- 14 been undermined by what they perceived to be the
- 15 failure of justice, both in the investigation and
- 16 the prosecution.
- 17 When we undertake our examination of
- 18 the investigation and prosecution, we have to
- 19 measure it and judge it using that yard stick.
- 20 Was the investigation and prosecution taken
- 21 seriously enough and discharged with sufficient
- 22 care and commitment to reflect what was at stake,
- 23 namely, the well-being of all of those implicated,
- including Mr. Harvey-Zenk who faced tremendously
- 25 serious charges and deep damage to his reputation

- 1 and the family, who needed, in their minds,
- 2 justice in order to heal.
- When we look at the investigation and
- 4 prosecution over the next several weeks, we cannot
- 5 allow it to become an abstract inquiry because it
- 6 mattered tremendously. And there is the interest
- 7 of the community at large and the community
- 8 perception.
- 9 The community, of course, depends upon
- 10 the police and its prosecution service to maintain
- 11 law and ensure that law is respected and justice
- 12 is achieved. There has been heartfelt and anxious
- 13 concern expressed by vocal members of the public,
- 14 perhaps speaking on behalf of a silent majority of
- the public, or a significant number of members of
- 16 the public. That justice was not achieved in this
- 17 case.
- 18 The perceived failure of justice is
- 19 always a serious matter, but it takes on
- 20 particular urgency here. That is because,
- 21 Mr. Commissioner, the fear that justice was not
- 22 done in this case is unrelated to the more benign
- 23 causes of injustice. This case did not cause
- 24 concern because there was a belief that there just
- 25 wasn't sufficient evidence about what happened.

- 1 The fear that there was injustice here is not
- 2 mainly based on one of the other understandable
- 3 causes that might lead the public to believe an
- 4 injustice -- namely, the proper application of
- 5 what some might think are bad laws. And to be
- 6 sure, we heard concern about the conditional
- 7 sentence being inadequate, and about the way we
- 8 deal with individuals who refuse breath tests or
- 9 blood sample tests, and those concerns were
- 10 expressed. But the fear is that justice in this
- 11 case failed for more disturbing reasons, including
- 12 incompetence.
- The perception, whether fair or not,
- 14 is that there was incompetence in the police
- 15 investigation. And that perception may have been
- 16 fuelled by the coincidental and partially related
- 17 controversy surrounding the East St. Paul Police
- 18 Force that made the public attention, and with the
- 19 ultimate resignations or dismissals of two of the
- 20 three officers who were on the scene, Chief Bakema
- 21 and Constable Graham. That perception of
- incompetence was no doubt fuelled by the position
- 23 taken more subtly by Mr. Minuk, the prosecutor in
- 24 court, and certainly more openly in the press by
- 25 unnamed justice officials, that Mr. Minuk had a

- 1 flawed investigation to work with, flawed enough
- 2 to require an investigation of the investigation
- 3 by the RCMP.
- 4 And then there was concern held by
- 5 some again, whether fairly or not, that justice
- 6 failed because of incompetent decisions made by
- 7 the prosecutor, Mr. Minuk, his decision to agree
- 8 to drop charges, his decision to agree to a joint
- 9 position on conditional sentence, his decision not
- 10 to try to prove alcohol consumption. But far more
- 11 disturbing than suggestions of bad judgment, poor
- 12 performance, or even incompetence, is the public
- 13 fear that injustice may have been wrought as a
- 14 result of police corruption.
- There is apprehension by some,
- 16 expressed again in the media, no doubt held by yet
- 17 others, that police investigators defeated the
- 18 promise of the rule of law by intentionally
- 19 causing this investigation to fail in order to
- 20 protect one of their own. This is a stinging
- 21 allegation.
- 22 Our society is peaceful and respectful
- 23 because it's built on the rule of law, the sense
- 24 that law is not dependent on the fiat or power of
- 25 individuals, that it is a universal right of all

- of us to be treated the same, regardless of who we
- 2 are. What gives law its majesty is that the
- 3 powerful too are either prepared or required to
- 4 submit to it, just as we all are. It gives us
- 5 equal value, a sense of worth, a sense of trust, a
- 6 sense of belonging, a sense that there is a
- 7 widespread and fundamental commitment by society
- 8 to fairness and respect for human beings, we all
- 9 value each other, including the Crystal Tamans of
- 10 the world, and we care what happens to them.
- 11 The mere possibility that the police
- 12 could have put higher value on their commitment to
- 13 each other than to the rule of law shakes the
- 14 public confidence in the administration of
- 15 justice. Hence, this inquiry, and hence the
- 16 examination of the investigation and prosecution.
- 17 The public needs to know whether any of these
- 18 apprehensions are fairly held.
- 19 Phase two of this inquiry will be
- 20 conducted in five parts. Part one deals with the
- 21 accident scene. We are going to begin with the
- 22 accident scene, a process that commenced this
- 23 morning when I read the agreed facts surrounding
- 24 the accident a short time ago. This part we will
- 25 complete this week.

- 1 This week we will be calling Kathy
- 2 Beattie, the driver of the third vehicle in the
- 3 accident, the Hyundai that ended up against the
- 4 post; Mr. Garth Shaw. Other than Mr. Harvey-Zenk
- 5 himself, Mr. Garth Shaw is the only eye witness to
- 6 the collision with a vantage point that permitted
- 7 him or anyone to describe what the Harvey-Zenk
- 8 vehicle was doing. You will hear from Tara Taman
- 9 who was at the accident scene to describe her
- 10 observations.
- 11 Tomorrow we will be calling Denise
- 12 Bukowski, who had arrived at the accident scene
- immediately after and made certain observations.
- 14 We will hear from Cecil Sveinson, a Winnipeg
- 15 police officer and cousin of Crystal Taman, who,
- 16 after hearing about the accident, attended the
- 17 scene and was there when the accident
- 18 reconstruction was being done. We will hear from
- 19 two ambulance attendants who attended to
- 20 Mr. Harvey-Zenk, Mr. Edward Rosser and Mr. Roland
- 21 Fontaine, both of the Selkirk Ambulance Service.
- We are calling these witnesses for
- 23 three reasons, Mr. Commissioner, and there are
- 24 three focuses that we will try to give the
- 25 evidence and that we would ask you to harken to.

- 1 We are going to ask them to share their
- 2 observations about the activities and condition of
- 3 Mr. Harvey-Zenk. Secondly, we are going to ask
- 4 them to share their observations of the
- 5 interactions of attending police officers with
- 6 Mr. Derek Harvey-Zenk. Of particular importance,
- 7 Mr. Commissioner, are their observations of the
- 8 interaction between Chief Bakema and
- 9 Mr. Harvey-Zenk. We expect the evidence to show
- 10 that Chief Bakema did deal with Mr. Harvey-Zenk at
- 11 the scene, ultimately escorting him to the police
- 12 vehicle. And based on currently available
- 13 information, we anticipate that there could be
- 14 important discrepancies about what took place.
- Third, we are going to have some of
- 16 these witnesses offer their testimony about their
- 17 role in the police investigation and the
- 18 prosecution that followed. Please be aware when
- 19 you listen to their evidence that we expect other
- 20 evidence to show that there were but three
- 21 officers at the immediate collision scene, all
- 22 East St. Paul Police Force officers, Chief Bakema,
- 23 Constable Ken Graham, who you excused this
- 24 morning, and Constable Jason Woychuk.
- 25 After we complete part one, part two

- 1 will focus on the East St. Paul Police
- 2 investigation, including the interaction of police
- 3 investigators with the prosecutor, Mr. Martin
- 4 Minuk. We will be able to begin this second part
- 5 this week by calling Constable Glenda Pedersen,
- 6 and we anticipate Constable Ken Graham.
- 7 You have already heard from Constable
- 8 Pedersen in the victim's context. This week you
- 9 will hear her involvement in the investigation,
- 10 including observations that she made of
- 11 Mr. Harvey-Zenk at the time of his release from
- 12 custody, later in the morning or early afternoon
- of the 25th of February.
- 14 As for Constable Graham, he was at the
- 15 scene. He participated in the immediate
- 16 investigation.
- 17 As part of this, part of the inquiry,
- 18 the East St. Paul Police investigation, we will be
- 19 hearing probably next week from three key
- 20 witnesses; Constable Jason Woychuk, who we
- 21 understand transported Mr. Harvey-Zenk to the
- 22 police station. We will be hearing from current
- 23 Chief Carter, then a police sergeant, who arrested
- 24 Mr. Harvey-Zenk after Constable Woychuk brought
- 25 him to the station. We will also be hearing from

- 1 Chief Harry Bakema, who was the senior officer at
- 2 the accident scene. And we may be hearing from
- 3 Constable Brian Maloney, whose evidence will be
- 4 much more incidental to that which will be
- 5 provided by the other three witnesses.
- 6 During this second part there are many
- 7 things that you should be alerted to,
- 8 Mr. Commissioner, many things you should focus on.
- 9 The first is this: One of the deepest mysteries
- 10 in this case is that when Mr. Harvey-Zenk was
- 11 taken to the station, shortly after 8:10 a.m. on
- 12 the 25th of February, 2005, then Sergeant Carter
- 13 observed what he considered to be clear evidence
- 14 of impairment on the part of Mr. Harvey-Zenk. Yet
- 15 we expect the evidence to show that
- 16 Mr. Harvey-Zenk was not arrested at the scene.
- 17 Why not? Was Chief Carter wrong and there was, in
- 18 fact, no basis for the arrest of Mr. Harvey-Zenk?
- 19 Was it because there had been no close and
- 20 competent investigation at the scene, or worse,
- 21 was it a conscious decision at the scene not to
- 22 investigate properly?
- 23 Second, you will want to consider
- 24 whether Chief Bakema was in a conflict of
- 25 interest, given that he knew Mr. Harvey-Zenk from

- 1 a time when they were both police officers at the
- 2 Winnipeg Police Service. You will want to listen
- 3 carefully to the evidence about the nature of
- 4 their knowledge of each other, or their
- 5 familiarity, and consider the way Chief Bakema
- 6 dealt with that issue.
- 7 Third, you will want to attend very
- 8 closely to the quality of the investigation that
- 9 took place at the accident scene. Was it an
- 10 organized criminal investigation, something more
- 11 akin to free-form chaos, or was it something in
- 12 between?
- 13 Was there adequate communication
- 14 between the officers of relevant observations
- 15 about a possible criminal cause for this
- 16 collision? If there was not adequate
- 17 communication, why not? Was there a basis for a
- 18 roadside breath demand to be made of
- 19 Mr. Harvey-Zenk while he was there? And if so,
- 20 why was it not done? Were there charter
- 21 violations? And if so, why did they occur? More
- 22 specifically, was Mr. Harvey-Zenk arbitrarily
- 23 detained in Constable Woychuk's vehicle? Was he
- 24 denied his right to counsel at the roadside?
- 25 Fourth, you will want to consider the

- 1 quality and integrity of the investigation after
- 2 Mr. Harvey-Zenk left the crime scene, including
- 3 (A) after his arrest, was the breath demand that
- 4 was made mishandled? (B) Was it reasonable in all
- of the circumstances, after Mr. Harvey-Zenk was
- 6 processed, to release him on a simple promise to
- 7 appear, without any conditions? (C) Did Chief
- 8 Bakema direct or encourage Constable Woychuk to
- 9 falsify his notes to downplay the evidence of
- 10 alcohol; and if so, was that done to protect
- 11 Mr. Harvey-Zenk or to hide a charter violation?
- 12 (D) Did Chief Carter wait too long before dealing
- 13 with an allegation he says was made to him by
- 14 Constable Woychuk, that Chief Bakema directed
- 15 Constable Woychuk to falsify his notes? (E) Why
- 16 did Chief Carter fail to respond to repeated
- 17 requests from Mr. Minuk to secure a search warrant
- 18 to obtain business records from the location where
- 19 Mr. Harvey-Zenk had been socializing?
- 20 Part three of the second phase of the
- 21 inquiry will focus on the Winnipeg Police Service.
- 22 We expect that you will hear evidence that in the
- 23 nine or so hours before Mr. Harvey-Zenk was in the
- 24 unexplained collision that killed Crystal Taman,
- 25 that he had been socializing, first at a

- 1 bar/restaurant, and then at the home of a fellow
- 2 police officer where alcohol was served.
- 3 You will hear evidence that the
- 4 investigation of the activities of
- 5 Mr. Harvey-Zenk, prior to the collision, was
- 6 conducted, not by the East St. Paul Police, but by
- 7 the Winnipeg Police Service Professional Standards
- 8 Unit.
- 9 You will want to consider a number of
- 10 things when we conduct this part of the inquiry.
- 11 This Commission will be interested to learn
- 12 whether that was an appropriate choice. To the
- 13 public, it might appear, as Sveinn Sveinson
- 14 suggested, is the police investigating their own,
- 15 not just the unavoidable spectre of officers
- 16 investigating officers, but the choice to have
- 17 officers from a police force whose reputation was
- 18 at stake investigate other officers from the same
- 19 force. You will be called to determine whether
- 20 that was appropriate and how this decision was
- 21 taken.
- We also intend to look critically at
- 23 the adequacy of the investigation that was
- 24 conducted by the Professional Standards Unit. We
- 25 will examine the timing of the interviews, the

- 1 manner in which the investigation was conducted,
- 2 the range of questions posed to witnesses, and the
- 3 intensity of the scrutiny that was given by the
- 4 investigators to the answers those witnesses
- 5 provided. We will do this so that you will be
- 6 able to determine whether that investigation was
- 7 conducted with integrity and competence.
- 8 You will also hear evidence that there
- 9 were more than 20 off-duty Winnipeg Police
- 10 Officers at the restaurant/bar with
- 11 Mr. Harvey-Zenk. And we anticipate that the
- 12 evidence will show that none could or would
- 13 provide helpful information about how much alcohol
- 14 Mr. Harvey-Zenk consumed. Not just an inventory
- of precise number of drinks, but whether he drank
- 16 heavily or not, and in many cases whether he drank
- 17 at all.
- 18 Moreover, we expect the evidence to
- 19 show that there were 10 off-duty Winnipeg Police
- 20 Officers with him at a private residence following
- 21 the closure of the restaurant/bar, and that the
- 22 socializing occurred mainly in the kitchen area of
- 23 that private dwelling, where alcohol was served.
- 24 Again, we expect the evidence to show
- that none of the 10 either could or would provide

- 1 helpful information about how much alcohol
- 2 Mr. Harvey-Zenk consumed, if any. Not just
- 3 numbers of drinks, but whether he drank heavily or
- 4 not, and in most cases whether he drank at all.
- 5 We certainly understand that this is
- 6 not a retrial of Mr. Harvey-Zenk. It's not a
- 7 retrial of whether he really was impaired at the
- 8 time that Crystal Taman died, nor is it an inquiry
- 9 into whether he drank, or how much he drank. But
- 10 we cannot examine the correctness and adequacy of
- 11 the procedures and practices, or the good faith
- 12 objectiveness and professional standards applied
- in the investigation, without seeing what was
- 14 there to be seen.
- We intend to put the key Winnipeg
- 16 Police Officers under oath and to challenge their
- 17 memories and the versions of events they provided.
- To assist you in resolving all of the
- 19 investigative decisions and their quality, we will
- 20 be calling a police expert on professional
- 21 standards, although to accommodate his schedule,
- 22 we may have to call him out of order.
- You should be aware, Mr. Commissioner,
- that counsel for East St. Paul had approached
- 25 Commission Counsel about evidence that they were

- 1 considering calling, that is relevant to part
- 2 three of the inquiry. Together we discussed the
- 3 information that they wanted to present evidence
- 4 about, and Commission Counsel indicated that if
- 5 the facts were agreeable to us, based on what we
- 6 know, and to those individuals directly affected,
- 7 we would, Commission Counsel, consent to the
- 8 simple filing of a narrative.
- 9 We contacted Chief Bakema through his
- 10 counsel, and Mr. Graham, and they have agreed. So
- 11 I would like to file as Exhibit 69 a Statement of
- 12 Facts pertinent to the Rural Municipality of East
- 13 St. Paul, agreed to by Commission Counsel. And
- 14 that document has been furnished to all of the
- 15 parties, a Statement of Facts pertinent to the
- 16 Rural Municipality of East St. Paul, agreed to by
- 17 Commission Counsel. That should be Exhibit 69.
- 18 THE CLERK: Exhibit 69.
- 19 (EXHIBIT 69: Z-1, Statement Of Facts
- 20 Pertinent To The Rural Municipality Of
- 21 East St. Paul Agreed To By Commission
- 22 Counsel)
- MR. PACIOCCO: Now, I know that
- 24 counsel for East St. Paul wants this to be part of
- 25 the open public record. I will not read that six

- 1 page document at this juncture, but I will invite
- 2 Mr. McDonald or Ms. Bowley to do so at the close
- 3 of the relevant part of the Commission.
- 4 Part four of this second phase will
- 5 focus on the prosecution of Mr. Harvey-Zenk. You
- 6 are required to look at all aspects of the
- 7 prosecution to see whether they were conducted in
- 8 accordance with professional and ethical standards
- 9 expected of lawyers and agents of the Attorney
- 10 General. As you are aware, this prosecution was
- 11 conducted by independent counsel, Mr. Martin
- 12 Minuk. Some will hold a very highly critical
- 13 perception of the job he did, and that perception
- 14 no doubt contributed to the decision to include
- 15 the prosecution in this inquiry. That perception
- 16 was ultimately coloured, no doubt, by the result,
- including a decision to drop three of the four
- 18 charges, including both of the alcohol related
- 19 charges, a decision to enter into a joint position
- 20 for a conditional sentence on the remaining
- 21 charge, the dangerous driving charge, the decision
- 22 not to seek to prove that Mr. Harvey-Zenk had
- 23 alcohol in his body at the time of the collision,
- 24 something that the presiding chief judge made
- 25 clear, he would have considered an aggravating

- 1 circumstance in sentencing.
- 2 You will recall Chief Judge Wyant
- 3 remarking that Mr. Minuk cannot be blamed if his
- 4 deck was short of cards, that he could only play
- 5 the cards he had. It is during this phase of the
- 6 hearing that you will hear what cards Mr. Minuk
- 7 had in his hand, and whether his deck was short,
- 8 and if it was short, why. That will enable you to
- 9 decide, one, whether he made an appropriate
- 10 decision to stay the three charges he did; two,
- 11 whether he entered into an inappropriate and an
- 12 improvident resolution by agreeing to a
- 13 conditional sentence on a dangerous driving plea;
- 14 and three, whether it was appropriate for him to
- 15 have elected not to try to prove that
- 16 Mr. Harvey-Zenk had alcohol in his body at the
- 17 time of the collision.
- 18 During this phase, you will also want
- 19 to consider, four, whether if this case was too
- 20 weak to parlay into a conviction of all of the
- 21 charges, he took adequate steps to advise
- 22 investigating officers on how to address those
- 23 weaknesses, whether he conducted due diligence
- 24 before making the decisions he did. Did he or
- 25 should he have interviewed witnesses? Was he

- 1 suitably critical, if he should have been at all,
- 2 of the information placed before him? Did he
- 3 consider his options as a prosecutor fully?
- 4 Fifth, you will want to consider
- 5 whether on August 22nd, he made appropriate
- 6 disclosure to Chief Judge Wyant about his reasons
- 7 for resolution. Whether he gave adequate guidance
- 8 to the court on whether the joint position was a
- 9 quid pro quo plea bargain or a simple coincidental
- 10 joint resolution.
- 11 Sixth, you will want to consider
- 12 whether he acted, in fact, as an independent
- 13 prosecutor. You will want to pay careful heed to
- 14 the evidence of any interactions he may have had
- 15 with officials from Manitoba Justice throughout
- 16 the prosecution.
- 17 Seventh, there have been allegations
- 18 made that he was in a conflict of interest, given
- 19 his dealings as a defence lawyer and his work with
- 20 Mr. Wolson. You will want to pay attention to the
- 21 nature of that prior contact and decide whether
- 22 there is anything to those concerns.
- 23 Eighth, there were also concerns
- 24 raised during the victims' phase, claims that I'm
- 25 certain Mr. Minuk is anxious to answer because

- 1 they allege that he was not forthright with the
- 2 victims. More specifically, (A) that he provided
- 3 inaccurate or inconsistent information about the
- 4 strength of his case. (B) That he was not
- 5 forthright about the existence of a plea bargain
- 6 with Mr. Wolson. (C) That he represented that the
- 7 dangerous driving charges were the most serious of
- 8 the charges laid. And (D) that there may have
- 9 been an inaccurate description of the purpose for
- 10 the RCMP investigation and the need to adjourn the
- 11 preliminary inquiry in 2006.
- 12 Ninth, Mr. Commissioner, there was
- 13 also concern raised by the victims that Mr. Minuk
- 14 failed to consult with them adequately, contrary
- 15 to policy guidelines for Manitoba Justice and the
- 16 victims' bill, and that he may have misrepresented
- 17 that the Taman family was on side with the
- 18 position he was taking.
- 19 Tenth, more generically, claims were
- 20 made during the victim phase that he failed to
- 21 treat the victims with dignity and respect. And
- 22 with respect to these victims' issues, I caution
- 23 at the time that Mr. Minuk was not given a chance
- 24 to respond at that stage. When he testifies, he
- 25 will have an opportunity to do so.

- 1 During this, the fourth part of the
- 2 inquiry into the prosecution, you will hear from
- 3 Mr. Wolson, who defended Mr. Harvey-Zenk, and we
- 4 will call Mr. Minuk, who we expect to testify at
- 5 some length. You will also hear from officials
- 6 from Manitoba Justice and two experts on
- 7 prosecutorial standards and ethics.
- Finally, the last part of our phase
- 9 two will be the testimony of Mr. Harvey-Zenk.
- 10 Even though this is not a surrogate
- 11 trial of Mr. Harvey-Zenk, he will be called as a
- 12 witness. He has relevant evidence to give as a
- 13 witness and participant in the accident that will
- 14 assist in deciding whether investigative standards
- 15 were met.
- Now that Mr. Harvey-Zenk no longer
- 17 enjoys a right to silence, we will want to hear
- 18 from him about his activities prior to the
- 19 accident, what condition he was in, so that we can
- 20 measure whether the Winnipeg Police Service
- 21 Professional Standards Unit got to the bottom of
- 22 things during their investigation. We will want
- 23 to hear from him how he was treated at the
- 24 accident scene by the officers. We will want to
- 25 hear from him about how the investigation at the

- 1 police station was conducted. He was a witness to
- 2 all of that.
- 3 He also has relevant evidence to give
- 4 about the decisions taken by his counsel which
- 5 impacted upon prosecutorial choices that were
- 6 made.
- 7 I can only reaffirm that Commission
- 8 Counsel is mindful that we are not advocates. We
- 9 do not represent any of the parties. We are not
- 10 seeking to arrive at a specific outcome. We have
- 11 but one master, and that master is the pursuit of
- 12 the truth. We are to be neutral and fair to all
- 13 of the parties, and we intend to be. We are
- 14 entirely open to explanations that may be
- 15 forthcoming for the hard questions that we propose
- 16 to ask. We cannot forget and have not forgotten
- 17 about the possibility that the reason the
- 18 investigation failed to produce sufficient
- 19 evidence of impairment to convict Mr. Harvey-Zenk
- 20 of anything more than a lower order version of
- 21 dangerous driving, resting on an unexplained
- 22 accident, was that Mr. Harvey-Zenk was not
- 23 impaired. Not every horrible consequence is a
- 24 result of a crime. Innocent people do die on our
- 25 roads at the hands of other innocent people.

- 1 We cannot forget and have not
- 2 forgotten that the possibility that the reason the
- 3 investigation came up short was that there was
- 4 nothing remarkable to find. We cannot forget and
- 5 have not forgotten the possibility that the
- 6 Winnipeg Police Officers who were with
- 7 Mr. Harvey-Zenk in the hours leading up to the
- 8 collision did not have anything to offer the
- 9 investigators, either because there was nothing to
- 10 see or they had no reason to see it. But our
- 11 mandate is to seek the truth about why this
- 12 investigation and prosecution ended as it did.
- 13 There are many hard questions to be asked, and we
- intend to ask them and to let the evidence,
- thoroughly tested, take us where it will.
- 16 I'd like to begin our examination of
- information relating to the second phase by
- 18 focusing on the accident scene, and we are about
- 19 to call our first witness. But first the
- 20 chronology of events is somewhat confusing, and to
- 21 assist you in navigating through it, the parties
- 22 have been gracious enough to agree to a basic
- 23 Statement of Facts, which includes information
- 24 about the chronology of events. It is contained
- in Exhibit 68, which was filed shortly ago, and I

- 1 propose to put it on the record commencing at the
- 2 third page of that document.
- 3 The earliest attributed estimate of
- 4 the time of the accident was provided by Mr. Garth
- 5 Shaw, whose post accident cell phone call to work
- 6 to advise he would be late was placed at 7:07 a.m.
- 7 according to information provided by East St. Paul
- 8 Police. We will be calling Mr. Shaw to provide
- 9 oral testimony about his involvement in those
- 10 events.
- 11 According to available information, it
- is not clear who was next on the accident scene.
- 13 Several motorists happened upon the accident in
- 14 short order. Ms. Denise Bukowski, who will
- 15 testify tomorrow, observed when she arrived with
- 16 her husband, nothing was moving.
- 17 Mr. Dale Kasper, an off-duty Winnipeg
- 18 fire fighter who was on his way to work, arrived
- 19 at around the same time and pulled his van in
- 20 front of the Taman vehicle to protect it from
- 21 oncoming traffic.
- Mr. Vernon Stevens believes that as he
- 23 approached the intersection from approximately
- one-half a kilometre, he could see movement that
- 25 he likened to a spinning vehicle. Mr. Kasper,

- 1 wearing his firefighter's jacket bearing a
- 2 Winnipeg Fire Service shoulder patch, checked on
- 3 the vehicles involved in the accident, ultimately
- 4 turning off the Taman motor vehicle's engine. He
- 5 took charge in advance of the arrival of Emergency
- 6 Services by directing traffic.
- 7 At 7:10, the first confirmed call for
- 8 emergency assistance was placed by Mr. Ken Ford to
- 9 the East St. Paul Police Service. At 7:12,
- 10 Winnipeg Fire and Paramedic Services received a
- 11 call and shortly after dispatched two ambulances
- 12 to the scene from different locations, unit 24 and
- 13 unit two.
- Now, I filed at tab D-20.e the East
- 15 St. Paul, or the Winnipeg Fire and Paramedic
- 16 Services rather, time sheet, showing the departure
- 17 times and arrival times of the vehicles, unit 24
- 18 and 2 respectively.
- 19 At approximately 7:16, East St. Paul
- 20 Emergency Service received a call, that is
- 21 confirmed from the document at tab D-18(a).
- 22 Constable Graham's notes record that he and Chief
- 23 Bakema, both of the East St. Paul Police, arrived
- 24 on scene at that time, 7:16 a.m.
- 25 At 7:17, a call for an ambulance was

- 1 received by the Selkirk Ambulance Service, and we
- 2 know that from the document found at tab D-19.e,
- 3 the Interlake Regional Health Authority record.
- 4 It appears that at 7:22, approximately
- 5 the same time that the East St. Paul Emergency
- 6 Service first responders were arriving, Constable
- 7 Woychuk of the East St. Paul Police Service
- 8 reached the accident location.
- 9 Immediately upon his arrival, first
- 10 responder Chief Ray Riddolls of the East St. Paul
- 11 Emergency Service attended to Crystal Taman but
- 12 found no signs of life. The record at tab D-18(a)
- 13 shows that that vehicle that Chief Ray Riddolls
- 14 was in arrived at 7:24.
- 15 Based on current information, Winnipeg
- 16 Fire and Paramedic Services unit 24 was the next
- 17 emergency vehicle to arrive at some undetermined
- 18 time before 7:25. There is some confusion in the
- 19 records because the arrival time is recorded by
- 20 hitting a button. The arrival time for unit 24 is
- 21 shown on the record as being 7:35. We believe
- that it arrived before 7:25, because vehicle unit
- 23 2 arrived at 7:25 and all paramedics involved in
- those two vehicles agree that unit 24 was there
- 25 ahead of unit number 2. Unit 24 attended to the

1 more gravely injured, certainly Crystal Taman.

- 2 Paramedics in that vehicle, Jonathan
- 3 Hawkes and Don Fotti immediately went to
- 4 Ms. Taman.
- 5 At the same time, 7:25, Winnipeg Fire
- 6 and Paramedic Service unit two arrived at the
- 7 scene. Paramedic Leonard Pleskacz went to assist
- 8 at the Taman vehicle, while paramedic Lisa Trochim
- 9 attended to Ms. Beattie. Together the East St.
- 10 Paul Emergency Service and other emergency
- 11 personnel managed to extract Ms. Taman from her
- 12 vehicle, and resuscitation attempts were
- 13 commenced.
- 14 At 7:43, Winnipeg Fire and Paramedic
- 15 Services ambulance unit 24 departed with Crystal
- 16 Taman for Concordia Hospital. And two minutes
- 17 later, at 7:45, unit number 2 followed with
- 18 Ms. Kathleen Beattie.
- 19 That is the opening statement that I
- 20 want to provide the Commission. I think that this
- 21 is an opportune time for a morning break and we
- 22 will commence after the break with the testimony
- 23 of Ms. Kathleen Beattie.
- 24 THE COMMISSIONER: Ten minutes.
- MR. PROBER: I would suggest a few

```
1 more minutes than that.
```

- THE COMMISSIONER: We'll give you
- 3 specifically, Mr. Prober, and all the other
- 4 counsel 15 minutes.
- 5 MR. PROBER: Thank you.
- 6 THE CLERK: Order. All rise. This
- 7 Commission is in recess.
- 8 (Proceedings recessed at 11:05 a.m.
- and reconvened at 11:21 a.m.)
- 10 THE CLERK: All rise. This Commission
- 11 of Inquiry is now reopen. Please be seated.
- 12 MR. CLIFFORD: Good morning, Your
- 13 Honour. Prior to calling our next witness, which
- 14 is Kathleen Beattie, I was going to indicate that
- 15 two counsel wanted to address Your Honour for the
- 16 purpose of introducing new counsel in the room.
- 17 THE COMMISSIONER: Yes.
- 18 MS. CLEARWATER: Mr. Commissioner, I'd
- 19 just like to introduce you to Mr. Scott Hoeppner,
- 20 who may on occasion be sitting at counsel table
- 21 for the association. And also you may note that
- 22 it's not the same person that was sitting with me
- 23 a few moments ago. I also have today with me one
- 24 of our summer students, Stephanie Messner. And I
- just wanted to take the opportunity to introduce

```
1 them. That's all.
```

- THE COMMISSIONER: Thank you.
- 3 MR. CLIFFORD: Mr. Commissioner, the
- 4 first witness for today will be Kathleen Beattie.

5

- 6 KATHLEEN D. BEATTIE, being first duly
- 7 sworn, testified as follows:

8

- 9 THE COMMISSIONER: Good morning.
- 10 THE WITNESS: Good morning.
- 11 BY MR. CLIFFORD:
- 12 Q Ms. Beattie, prior to asking you any
- 13 questions, I'd first like to thank you for
- 14 attending at the Commission today and assisting
- 15 us. We have heard about your involvement in
- 16 Mr. Paciocco's opening statement, and that is
- 17 where I would like to start is when your vehicle
- 18 first became involved.
- 19 And just prior to giving
- 20 Mr. Commissioner evidence on what happened at the
- 21 intersection, could you tell us, was this a
- 22 stretch of road that you travelled on a regular
- 23 basis?
- 24 A Every morning, Monday to Friday.
- 25 Q For about how long were you doing

- 1 that?
- 2 A Oh, about 15 years.
- 3 Q And consequently, could I conclude
- 4 that you had a greet familiarity with the
- 5 intersection, the lights, et cetera?
- 6 A Yes.
- 7 Q Now, we have heard, of course, that
- 8 you were on your way to work. Did you have a
- 9 normal time that you were going to work?
- 10 A Actually, I was going to work a little
- 11 bit earlier than usual that morning.
- 12 Q And of course, we understand that you
- 13 were operating one of the vehicles, and Crystal
- 14 Taman was operating another vehicle behind you,
- 15 and the Harvey-Zenk vehicle became involved. We
- have also understood, and I don't think there's
- 17 any controversy over this, that you were operating
- 18 a Hyundai vehicle?
- 19 A Yes.
- 20 Q And the model was the Accent?
- 21 A Yes.
- 22 Q And are you able to indicate where you
- 23 were in proximity to the intersection?
- 24 A I was sitting first, in the first
- 25 position at the lights on the inside lane.

- 1 Q And we understand that you were facing
- 2 south?
- 3 A Yes, that's correct.
- 4 Q Was there anybody at all that you
- 5 could see in front of you?
- A No, no one in front of me.
- 7 Q And if you could then describe the
- 8 sequence of events that occurred leading up to the
- 9 impact, and including the impact?
- 10 A I could see the light turning red as I
- 11 approached the intersection. I stopped, and I was
- 12 sitting at the lights. The light turned green. I
- 13 took my foot off the gas and -- or off the brake,
- 14 and as I was doing that I heard a loud crash. I
- 15 turned to look behind me. I didn't look in my
- 16 rear view mirror, but as I was turning to look
- 17 behind me, before I could see what was happening,
- 18 my car was moving forward. So then I looked
- 19 forward, and I could see a light post coming
- 20 towards me. So I put my brake on the car and
- 21 tried to miss the light post. I didn't actually
- 22 see the impact behind me.
- Q I'm going to back up a little bit,
- 24 Ms. Beattie, if I may, and bring you to the point
- where you indicated that the light had just turned

- 1 green, you took your foot off the brake?
- 2 A Yes.
- 3 Q And how much time had gone by when you
- 4 took your foot off the brake until there was an
- 5 impact?
- 6 A I think that it happened at the same
- 7 time. It was kind of all happening together.
- 8 Q So you take your foot off the brake.
- 9 Your evidence is that at more or less the same
- 10 time you feel an impact in your vehicle, and your
- 11 vehicle is being --
- 12 A I heard the crash first.
- 13 O You heard the crash?
- 14 A And as I was turning to look around,
- 15 my car was then hit.
- 16 Q When you say you were turning around,
- 17 I take it you were turning around as a result of
- 18 the noise factor?
- 19 A The noise.
- 20 Q And prior to even getting turned
- 21 around, is that when your vehicle is hit?
- 22 A That's right. I was sort of sideways.
- 23 Q Could you describe for the Commission
- 24 the movement of your vehicle?
- 25 A It was almost like it was shot, it was

- 1 really fast. I felt my body moving backwards as I
- 2 was going forwards, and it must have been very
- 3 fast because I moved through the intersection very
- 4 quickly.
- 5 Q What evasive action, if any, were you
- 6 taking to control your vehicle?
- 7 A I was steering it away from the light
- 8 post.
- 9 Q You were able to do that despite the
- 10 fact that you had sustained this collision from
- 11 the rear?
- 12 A I just remember cranking my wheel to
- 13 the right, extremely, before the post, or my car
- 14 hit the post.
- 15 Q Are you able to comment on your
- 16 braking?
- 17 A I just remember my foot being on the
- 18 brake, trying to stop.
- 19 Q And I understand that this is a
- 20 tragedy that you are involved in, and the
- 21 Commission hasn't lost site of the fact,
- 22 Ms. Beattie, that you were a victim in this car
- 23 crash. But looking back on it, how long was it
- 24 before you were able to ascertain what had
- 25 actually happened?

- 1 A As to what had actually happened? I
- 2 don't think anybody went over it with me telling
- 3 me what happened. I was just recollecting what I
- 4 remembered happening.
- 5 Q Let me put the question in perspective
- 6 for you. Once your vehicle came to rest, did it
- 7 take you a few seconds just to gather yourself and
- 8 determine what happened, what it was that
- 9 propelled you through the intersection?
- 10 A I remember getting out of my car right
- 11 away. I remember trying to find my cell phone to
- 12 phone somebody. And then a man approached me, and
- 13 he was the only person that I saw, and I asked him
- 14 if he had seen who had hit me?
- 15 Q All right. I'll cover those issues
- 16 with you, we'll deal with the observations that
- 17 you make post impact. This is once your vehicle
- 18 comes to rest. Okay. We'll start at that point.
- 19 You're struck, your car is propelled through the
- 20 intersection, you are braking, you are taking
- 21 measures to steer your vehicle to avoid the light
- 22 standard. We have photographs of your vehicle and
- 23 where it came to rest. What do you recall doing
- 24 when your vehicle stops?
- 25 A Getting out.

- 1 Q And are you able to provide any
- 2 evidence on how much time went by before you got
- 3 out of the vehicle?
- 4 A Probably seconds. I remember getting
- 5 out right away, as soon as I could undo my
- 6 seat-belt and open my door.
- 7 Q Ms. Beattie, do you recall anyone
- 8 approaching your vehicle while you were still
- 9 sitting in it, with your door open, coming up to
- 10 you, knowing or suspecting that you were involved
- in the accident and asking you, are you fine, are
- 12 you okay?
- 13 A I don't recall that.
- 14 Q The reason I put that to you is that
- 15 the Commission has received evidence through the
- 16 investigative process, from another witness at the
- 17 scene of the accident, that claims that she
- 18 approached your vehicle while you were inside it
- 19 and asked you the question, whether you were okay?
- 20 A I do remember at the court house,
- 21 after speaking to Mr. Minuk, when we were called
- 22 to testify in August -- July, a woman being there
- and approaching me there, telling me that she
- 24 spoke to me at the scene of the accident. But I
- 25 don't remember that.

1 Q Okay. We're going to come back to the

- 2 scene of the accident, but I'll moved forward a
- 3 little bit with you to what you just mentioned.
- 4 You received information in court, in 2007, in
- 5 July, from a woman who told you personally that
- 6 she interacted with you at the scene?
- 7 A Yes.
- 8 Q Okay. Do you have a personal
- 9 recollection of that?
- 10 A I do not.
- 11 Q Okay. Now, going back then to the
- 12 scene on the day in question, your recollection is
- that you got out of your vehicle immediately?
- 14 A That's right.
- 15 Q Do you discount the fact that an
- 16 individual, a woman may have in fact come up to
- 17 ask you if you were okay?
- 18 A No. I may not remember that.
- 19 Q I take it, given the circumstances of
- 20 what had just taken place and what you
- 21 experienced, would you agree that it's possible
- 22 that this individual did come up and interact with
- 23 you in that manner?
- 24 A It's possible.
- 25 Q Your recollection is that the first

- 1 person that you interact with is a male?
- 2 A That's true.
- 3 Q Okay. And if you could tell me and
- 4 Mr. Commissioner how this communication gets
- 5 started?
- 6 A The gentleman walked across the
- 7 highway from a truck that was parked, that I could
- 8 see it was a little bit ahead of me and to the
- 9 left. And he paused at the vehicle that was in
- 10 the middle of the highway and then proceeded over
- 11 to me.
- 12 Q Let me clarify that a little bit
- 13 further before we move ahead. You saw the male
- 14 coming from the vicinity of a truck that would
- 15 have been a little further down the road?
- 16 A Right.
- 17 Q South, down the road from you, and
- 18 walk towards your vehicle, and you have indicated,
- 19 stopped at the other motor vehicle that was in the
- 20 middle of the road?
- 21 A That's right.
- Q Okay. What can you tell me about what
- 23 occurred when he walked by the vehicle that was in
- 24 the middle of the road? Did you make any
- 25 observation?

- 1 A Not totally, I don't remember whether
- 2 or not he stopped for any length of time. I
- 3 wasn't that curious about him at the time, until
- 4 he was approaching me. So I wasn't really paying
- 5 all that much attention. He did pause at the
- 6 vehicle, though.
- 7 Q Are you able to provide any evidence
- 8 on how long he might have paused at the vehicle?
- 9 A No. I'd be guessing.
- 10 Q Did you recall seeing anyone else in
- 11 the vicinity of the vehicle?
- 12 A Not at that time, no.
- 13 Q What did the male do then, after he
- 14 paused at the vehicle, did he move towards you?
- 15 A Yes.
- 16 Q And continue from there, please?
- 17 A He walked towards me. He stood
- 18 straight in front of me, face-to-face, and he
- 19 looked at me and didn't say anything. And I asked
- 20 him if he had seen who had hit me, and he didn't
- 21 reply to that, he just kept looking at me. And
- 22 then he turned and walked back to his truck.
- Q Are you able to tell us how long this
- 24 exchange might have been?
- 25 A A few seconds probably, maybe a

- 1 minute, maybe not even that.
- 2 Q And I'll break it down a little bit
- 3 more. From what I understand, this individual
- 4 didn't communicate with you at all --
- 5 A No.
- 6 Q -- verbally?
- 7 A No.
- 8 Q But you communicated with him?
- 9 A Yes.
- 10 Q You put the question to him?
- 11 A Yes.
- 12 Q And what was the question that you
- 13 asked him? Do you recall exactly what you said to
- 14 him?
- 15 A Did you see who hit me?
- 16 Q And we know there was no verbal
- 17 response, but was there any physical response, or
- 18 facial look that you detected?
- 19 A He just stared at me, and I thought
- 20 that was kind of odd that he was just looking. He
- looked shocked, actually, now that I look back is
- 22 probably his expression. At the time I just
- 23 thought it was odd that he just stared and said
- 24 nothing.
- Q And looking back, you take it now as

- 1 someone being in a state of shock?
- 2 A Probably.
- 3 Q When you saw the individual walking
- 4 towards you, Ms. Beattie, were you able to
- 5 determine whether there was any evidence that the
- 6 person might have been injured in any way?
- 7 A No. He didn't appear to be to me.
- 8 Q What about facially?
- 9 A No.
- 10 Q Did you repeat the question at all?
- 11 A I don't recall.
- 12 Q Tell us what happened then, from that
- 13 point on?
- 14 A Then I went back into my vehicle. I
- 15 was trying to find my cell phone to call my
- 16 husband, and to call my daughter because it was
- 17 very cold out there and there was no one coming to
- 18 help. So I thought that since I lived a few
- 19 minutes away, she could bring me something warmer
- 20 to put on. And then I called my husband to see
- 21 whether he could get some type of emergency
- 22 vehicles out there to help us, since he works for
- 23 the Winnipeg City Police.
- Q Okay. I'm going to pick up at the
- 25 beginning there when you are trying to call

- 1 someone on your cell phone. But just prior to
- 2 that, when the man that you asked the question to,
- 3 "Did you see who hit me," and there was no
- 4 response, where did he go?
- 5 A He went back to his truck.
- 6 Q He went back to his truck.
- 7 A And stood by his truck.
- 8 O Okay. I'll come back to that. But
- 9 you're quite clear on that point, are you, that
- 10 when you finish your communication with him, he
- 11 goes back to his vehicle?
- 12 A Yes. Because when I looked at him
- 13 again, he was standing beside his vehicle.
- 14 Q Do you know whether he spoke with
- 15 anyone else?
- 16 A I don't think so because -- well, now
- 17 that you tell me, and remind me that there was
- 18 another woman there, I'm not sure whether he spoke
- 19 to her, but I did not see him speaking to anyone
- 20 else.
- Q Okay. Dealing with the use of the
- 22 cell phone then, in terms of the other people that
- 23 may have been present, do you recall any
- 24 difficulty finding your cell phone or using your
- 25 cellular telephone?

July 2, 2008

Page 1323

Α I had trouble finding it. Everything 1

- in my car was strewn about. I remember a 2
- gentleman handing me his cell phone, but I didn't 3
- actually use it because I couldn't figure out how 4
- to turn it on. So I went back in my vehicle again 5
- and I found my phone. 6
- 7 Do you recall when the gentleman who
- offered you the use of his cell phone came into 8
- the picture? 9
- 10 No, I don't remember at what point I
- first saw him. 11
- Okay. Do you recall whether the 12 Q
- individual with the cell phone, or the woman who 13
- 14 may have asked you if you were okay, do you recall
- at any point being in a group of more than two 15
- people? In other words, communicating with more 16
- than just the man from the truck? 17
- Α 18 No.
- Because I'll put it to you, 19 Q
- 20 Ms. Beattie, in fairness, that the Commission
- 21 again has received evidence through the
- 22 investigative process that there may have been
- conversations of two or more individuals --23
- It's possible. 24 Α
- -- that you were involved in. And I 25

- 1 take it, for the same reasons you gave previously,
- 2 that you would agree that that's possible?
- 3 A Yes.
- 4 Q You have told the Commission that you
- 5 are trying to use your cell phone. I take it you
- do have an independent recollection of one male
- 7 offering you a cellular telephone?
- 8 A Yes, I do.
- 9 Q This is completely distinct from the
- 10 individual who approached you and then walked back
- 11 to his truck?
- 12 A Yes.
- 13 Q Another different male?
- 14 A Another person.
- 15 Q Okay. And ultimately you did put in a
- 16 call to your husband?
- 17 A Yes.
- 18 Q And you testified that you wanted him
- 19 to get emergency vehicles on the scene?
- 20 A Yes.
- 21 Q At that point had you detected the
- 22 presence of any emergency vehicles, any police
- 23 officers?
- A Not at that point, but while I was on
- 25 the phone speaking with him, I did see a cruiser

- 1 car approaching, but it didn't stop.
- 3 inquiries of the woman, or I should say the driver
- 4 of the yellow vehicle that was in the accident?
- 5 A To inquire to anyone that was there?
- 6 Q Yes, any other witness on the scene as
- 7 to the well-being of the person in the yellow
- 8 vehicle?
- 9 A I kind of remember asking the
- 10 ambulance attendant. I was sitting in an
- 11 ambulance for a little while. I don't recall that
- 12 kind of a conversation. My main objective was to
- 13 get help to come. That was what I was more
- 14 concerned about at that time.
- 15 THE COMMISSIONER: Can I understand
- 16 something? You said you were on the phone to your
- 17 husband?
- 18 THE WITNESS: Yes.
- 19 THE COMMISSIONER: Asking him to
- 20 arrange to have an emergency vehicle sent?
- THE WITNESS: Yes.
- 22 THE COMMISSIONER: You saw a cruiser
- 23 arrive but continue on?
- THE WITNESS: Yes.
- THE COMMISSIONER: It didn't stop?

```
1 THE WITNESS: It didn't stop.
```

- THE COMMISSIONER: Thank you.
- 3 THE WITNESS: He took the turn-off
- 4 towards Henderson Highway, on the Perimeter. He
- 5 was coming towards us, but then took the turn-off.
- 6 BY MR. CLIFFORD:
- 7 Q What do you recall after making the
- 8 telephone call to your husband and seeing the
- 9 emergency vehicle go by the scene of the accident?
- 10 What do you recall taking place next?
- 11 A I'm not sure how much time passed
- 12 between that and the ambulance arriving. I did
- 13 see a brown van, and some people standing probably
- 14 in that vicinity. And then I was put into an
- 15 ambulance which was facing south, and so I noticed
- 16 the police arriving, or that they had -- I noticed
- 17 the police, I don't know exactly when they got
- 18 there. And there was a police officer standing by
- 19 the truck. The fire department was by the vehicle
- 20 and they were attending to Mrs. Taman.
- 21 MR. WEINSTEIN: I'm sorry, I didn't
- 22 hear the last --
- 23 BY MR. CLIFFORD:
- Q And the fire truck?
- 25 A The fire department was attending to

- 1 Mrs. Taman's vehicle.
- 2 Q I'm going to come back to you being
- 3 placed in an ambulance and we're going to move
- 4 forward from there. But before we deal with that
- 5 issue, I just had a couple more questions for you
- 6 about the one person that you do recall, a man
- 7 walking towards you from the truck, the exchange,
- 8 and then walking back. Are you able to comment on
- 9 anything about his walking when he was moving
- 10 towards you? Do you recall?
- 11 A I remember him coming straight towards
- 12 me. His truck, in relation to where I was,
- 13 Mrs. Taman's vehicle was almost in a line, as I
- 14 recall. So he went sort of in a straight line
- 15 from the vehicle, his vehicle, past hers to me.
- 16 And then after he spoke to me, he walked slowly
- 17 back again.
- 18 O Did you notice anything about his
- 19 walk?
- 20 A No.
- 21 Q All right. We're going to pick up at
- 22 the point when the emergency personnel arrived.
- 23 There's ambulances on scene, and you have told the
- 24 Commission that you were placed in an ambulance?
- 25 A Yes.

- 1 Q Okay. And I understand that you were,
- 2 and this is not a matter of controversy, but you
- 3 were taken out of one ambulance and placed into
- 4 another?
- 5 A Yes.
- 6 Q Okay. While you were in the first
- 7 ambulance, can you tell us where it was that you
- 8 were seated or placed in the ambulance?
- 9 A I was in the passenger seat.
- 10 Q So you were up in the front of the
- 11 ambulance?
- 12 A Yes.
- 13 Q Sitting in the passenger seat?
- 14 A Yes.
- 15 Q Okay. And from that point, are you
- 16 able to make any observations of the scene and
- 17 what people are doing?
- 18 A I noticed the firefighters working on
- 19 Mrs. Taman's vehicle, and I also noticed the
- 20 police over by the truck.
- Q Okay. So the firefighters, you
- 22 noticed, are working on the Taman vehicle?
- 23 A Yes.
- Q And there is the police officers, are
- 25 at the truck where the male came from?

July 2, 2008

- 1 A That's right.
- 2 O And returned to?
- 3 A Yes.
- 4 Q And what are they doing at the truck?
- 5 A All I can remember is seeing them
- 6 standing by the truck with the gentleman.
- 7 Q And are you able to provide evidence
- 8 as to how many police officers were present?
- 9 A No, I don't recall.
- 10 Q What were the police officers doing
- 11 with the man beside the truck?
- 12 A It looked like they were standing
- 13 talking, or just by him. I couldn't really, I
- 14 couldn't hear what they were saying, but it looked
- 15 like conversation was happening.
- 16 THE COMMISSIONER: I'm sorry, you
- 17 dropped your voice at the end.
- 18 THE WITNESS: I'm sorry, I have a
- 19 cold. Conversation was happening with the police
- 20 officers.
- THE COMMISSIONER: The officers were
- talking to each other or to someone else?
- 23 THE WITNESS: I'm not sure, but it
- 24 looked like they were standing around having a
- 25 conversation, but they were right by the truck

- 1 where the gentleman was.
- THE COMMISSIONER: Thank you.
- 3 BY MR. CLIFFORD:
- 4 Q Did you see the man talking to the
- 5 police officers?
- 6 A No, I didn't really pay too much
- 7 attention to that. I was more watching the
- 8 vehicle with the firefighters.
- 9 Q Okay. Do you know whether the man
- 10 talked to the police officers or not?
- 11 A No, I do not.
- 12 Q But you do recall police officers
- 13 being with the man?
- 14 A Yes.
- 15 Q And for how long were they with him?
- 16 A I don't recall.
- 17 Q How close to him were they?
- 18 A I would be guessing. I would say not
- 19 too far away. They were in conversation, this
- 20 distance.
- 21 Q You're using your arms, Ms. Beattie,
- in the witness box, and could I use the old
- 23 expression arm's length?
- 24 A Probably, yes.
- Q Would that be a fair way to describe?

- 1 A That would be fair.
- 2 Q They were the distance that people
- 3 might normally be engaged in conversation with one
- 4 another?
- 5 A Yes.
- 6 Q Now let me ask you how close to the
- 7 truck were they? You have told us how close they
- 8 were to one another. You told us they were in the
- 9 vicinity of the truck. How close to the truck
- 10 were they?
- 11 A I don't know. I just -- the truck was
- in my view, I could see them and then the truck.
- 13 Q Do you know whether anybody looked
- 14 inside the truck?
- 15 A No, I don't.
- 16 Q Now, I have asked you the question how
- 17 long were they there, and you have indicated that
- 18 you don't recall?
- 19 A No, I don't.
- 21 front passenger seat of the ambulance?
- 22 A No, I don't. I don't know the exact
- 23 amount of time.
- Q Do you know whether it seemed like a
- 25 long time or a short time?

- 1 A It seemed like a very long time, but I
- 2 don't know the exact.
- 3 Q But to provide Mr. Commissioner with,
- 4 I guess, the best evidence that you can, and I
- 5 understand your evidence is that you don't recall
- 6 the amount of time, but in terms of delineating it
- 7 from a short time or a long time, what would it
- 8 be?
- 9 A I would say 15 to 20 minutes maybe, in
- 10 my mind right now. It's a long time ago, so it's
- 11 really hard to tell.
- 12 Q We can appreciate that. And in terms
- of the observations that you were making during
- 14 that time that you were in the passenger seat of
- 15 the ambulance, were the police officers there with
- 16 the man for the entire time, or part of it?
- 17 A The entire time.
- 18 Q How were you feeling at that point
- 19 when you were in the ambulance?
- 20 A I think the shock was starting to set
- 21 in, as to what had taken place.
- Q Were you in pain?
- 23 A I was sore.
- Q Did you know whether you were injured
- 25 at that point?

- 1 A No, I wasn't sure.
- 2 Q And when you watched this from the
- 3 passenger seat of the window, how were the police
- 4 officers situated with the man beside the truck?
- 5 A I didn't really take note as to who
- 6 was where. I just remember uniformed people
- 7 standing by the truck with the gentleman.
- 8 Q Do you recall where he might have been
- 9 in terms of the proximity of the other officers?
- 10 A No, I don't.
- 11 Q I just wanted to raise with you a
- 12 question and answer sequence from your interview
- 13 with the purpose of perhaps refreshing your memory
- 14 on that point. And Mr. Commissioner, I'm
- 15 referring to the interview of April 8, 2008, that
- 16 was conducted at the Taman Inquiry offices. And
- 17 what I'll be doing, with your permission, sir, is
- 18 referring Ms. Beattie to page 18 and 19.
- 19 Ms. Beattie, I'll read a question and
- 20 answer to you to determine whether it might
- 21 refresh your memory on the question I have just
- 22 put to you. And I am referring to page 18 of your
- 23 transcript, and then I'll go to page 19.
- 24 "Q Okay. I can appreciate that and I
- 25 will ask you then about some of the

	<u> </u>
1	things that you can see when you were
2	looking at this picture. So put the
3	amount of time that the police
4	officers were with him out of your
5	mind for a moment.
6	A Okay.
7	Q You are sitting in the front seat
8	of the ambulance. What are the police
9	officers doing with the man?
10	A Talking to him. They were just
11	standing around, around him. He was
12	kind of the centre of it all.
13	Q Did you see anything else happen
14	with the other than them talking to
15	him.
16	A No."
17	Does that refresh your memory in terms of how he
18	was situated, or how the officers were situated
19	around him?
20	A Yes, it does.
21	Q And could you respond to the question
22	as posed?
23	A I recall a group of police officers
24	standing in front of the truck, with the gentleman
25	closer to the truck. So I guess you could say
1	

- 1 they were around the gentleman.
- 2 Q And during your interview your
- 3 response was, "He was kind of the centre of it
- 4 all." And does that refresh --
- 5 A In regards to the fact that he was
- 6 being focused upon?
- 7 Q Yes?
- 8 A Yes.
- 9 Q What happened once you are taken out
- 10 of the first ambulance? You told us earlier you
- 11 went from one ambulance to another. Pick up at
- 12 that point?
- 13 A I was taken out of the first ambulance
- 14 and then put into the back of the second
- 15 ambulance.
- 16 Q And from there, what happened?
- 17 A Then I was taken to the hospital.
- 18 Q You went to the Concordia Hospital?
- 19 A That's right.
- 20 Q And on the Agreed Statement of Facts
- 21 that's now before the Inquiry, we understand that
- 22 it was at 7:45 that you left the scene?
- 23 A Yeah.
- Q I take it at that point you are
- 25 certainly not --

- 1 A I had no idea.
- 3 been recorded.
- 4 Could you tell the Commission, please,
- 5 what happened when you arrived at the hospital?
- 6 A I was taken from the back of the
- 7 ambulance on a wheeled stretcher, and I was in the
- 8 admitting area for, I don't remember how long a
- 9 period of time on the stretcher.
- 10 Q And?
- 11 A And then they did some tests. I don't
- 12 recall how long I was actually at the hospital
- 13 for.
- 14 Q And apart from the medical personnel,
- 15 who else did you speak to at the hospital?
- 16 A I spoke to my husband.
- 17 Q And can you tell us about that
- 18 conversation?
- 19 A I don't remember too much about that
- 20 conversation. I just remember him asking me how I
- 21 was, and that's about all.
- 22 Q Do you recall whether -- and I'm
- 23 putting this to you as a result of evidence that
- 24 you have provided to the Commission.
- 25 A I'm trying to figure out where you

- 1 want me to go with this.
- 2 Q Just in terms of your recollection,
- 3 but whether he asked you whether you had looked at
- 4 the Taman vehicle, or looked inside it?
- 5 A Oh, yes, he had asked me if I had
- 6 looked in the car. And I had said no.
- 7 Q Okay. And do I understand that to be
- 8 the case, that you had not at any point looked
- 9 inside the Taman vehicle?
- 10 A I had not.
- 11 Q And do you recall any reason why you
- 12 wouldn't have looked in the vehicle?
- 13 A I think because right after the
- 14 accident had happened, I was trying to find my
- 15 cell phone to call for help, and then things
- 16 happened after that.
- 17 Q Okay.
- 18 A I was never left alone long enough to
- 19 wander over.
- 20 Q Did you know whether your husband
- 21 attended the scene of the accident?
- 22 A I believe he did.
- 23 Q And where did you get that knowledge?
- 24 A He told me that he went there and
- 25 arrived just as the ambulance was taking me to the

- 1 hospital. He was coming to actually see me, but I
- 2 had left.
- 3 Q Okay. The exchange that occurred
- 4 between you and your husband about not seeing the
- 5 Taman vehicle, could you tell us a little bit more
- 6 about that?
- 7 A It was just a quick question, whether
- 8 or not I had looked in the car. And I had said
- 9 no. And he had voiced his feelings that it was
- 10 probably best that I hadn't.
- 11 Q Did you know whether he saw the Taman
- 12 vehicle?
- 13 A I don't recall asking him that
- 14 question, and I don't recall an answer from him
- 15 either. I don't know if he did or not.
- 16 Q But in response to the question, did
- 17 you look inside of it, I understand that he had
- 18 indicated to you that it was probably a good thing
- 19 that you didn't?
- 20 A Yes.
- 21 Q All right. How long were you at the
- 22 hospital?
- 23 A I don't recall.
- Q Where did you go from the hospital?
- 25 A I went home.

- 1 Q Okay. And at that point, had you
- 2 determined the full extent of your injuries?
- 3 A Yes, more or less.
- 4 Q All right.
- 5 A No broken bones.
- 6 Q And a little bit later in your
- 7 examination, I'll cover the injuries that you had
- 8 sustained. But just following along
- 9 chronologically, once you got home, did you hear
- 10 from anybody, any investigators or police
- 11 officers, follow-up medical, anything of that
- 12 nature?
- 13 A I don't recall if I heard from the
- 14 police department that afternoon or if it was the
- 15 following morning that someone was coming to take
- 16 a statement from me.
- 17 Q At this point, Mr. Commissioner, with
- 18 your permission, I would like to provide the
- 19 witness with a document that will become the next
- 20 exhibit. And what this is, is a traffic accident
- 21 report that we know was filled out by Ms. Beattie,
- 22 apparently on February 26th of 2005, when the
- 23 police officer attended her residence?
- 24 THE CLERK: Exhibit 70.

- 1 (EXHIBIT 70: E-1.23.n, Statement By
- 2 Kathy Beattie Traffic Report)
- 3 MR. CLIFFORD: Exhibit 70. And again
- 4 for completeness of the record and to assist
- 5 counsel, it's volume E.1, tab E.1.23.n, and it's
- 6 found at page 497 of volume E.1.
- 7 BY MR. CLIFFORD:
- 8 Q And with that long introduction,
- 9 Ms. Beattie, I take it you see a document before
- 10 you, you have it in your hands. And can you
- 11 recognize it?
- 12 A I do.
- 13 Q I'm going to ask you some questions
- 14 about this document. And first off, it has some
- information with respect to you, your vehicle, et
- 16 cetera, and then at page, the second page of the
- 17 document there is what's referred to as a
- 18 statement of driver of vehicle one. It's the date
- 19 of February 26th, '05, and your signature.
- 20 Have you had an opportunity to review
- 21 that, what you wrote?
- 22 A I have.
- 23 Q All right. This document was filled
- 24 out at your residence, we understand?
- 25 A Yes.

- 1 Q And it's self-evident here that the
- 2 officer who attended at your residence was an East
- 3 St. Paul Police Officer and it was Officer Bakema?
- 4 A That's right.
- 5 Q Now, was it you that filled it out?
- 6 Is that your handwriting?
- 7 A No, it is not. I dictated. It's
- 8 probably his handwriting.
- 9 Q And who was present when it was filled
- 10 out?
- 11 A I think it was just the two of us in
- 12 my kitchen.
- 13 Q Did you know Harry Bakema at the time?
- 14 A I had met him previously just as -- he
- 15 was an acquaintance. I knew who he was. He was
- 16 not a friend or anything like that.
- 17 Q And can I ask you about the context in
- 18 which you would have met him on a prior occasion?
- 19 A My husband had worked with him
- 20 previously.
- 21 Q Would that have been as a Winnipeg
- 22 Police Officer?
- 23 A That's right.
- Q Your husband was a Winnipeg Police
- 25 Officer at the same time that Harry Bakema was?

- 1 A That's correct.
- 3 present at the time that Harry Bakema was at your
- 4 house?
- 5 A I don't remember. I don't recall.
- 6 Q The statement of the driver comprises
- 7 two paragraphs. They are both enclosed in these
- 8 boxes. You can see that in the exhibit that you
- 9 have before you?
- 10 A Yes.
- 11 Q Is this all that you said about what
- 12 had taken place?
- 13 A Yes.
- 14 Q And there is not a lot of detail,
- 15 Ms. Beattie, that's present in the traffic
- 16 accident report?
- 17 A No.
- 18 Q For instance, in your interview with
- 19 me at the Commission office, and certainly today
- 20 in your testimony, you have gone through quite a
- 21 bit more detail than was provided on
- 22 February 26th?
- 23 A These basically were the only
- 24 questions that were asked of me at the time.
- Q Okay. So what is here, I take it,

- 1 would be a reflection of the information that was
- 2 sought from you, or the questions that were put to
- 3 you?
- 4 A That's correct.
- 5 Q And how long did this process take?
- A He wasn't there very long, because I
- 7 recall being uncomfortable sitting at the table
- 8 and he kept it, the visit short. He took my
- 9 statement and then he left.
- 10 Q Was that a request that you made, to
- 11 keep it short?
- 12 A I did tell him that I was
- 13 uncomfortable.
- 14 Q What was your understanding of what
- 15 the purpose of him being there was?
- 16 A It was to give my observation of the
- 17 traffic accident.
- 18 Q Was there anything said to you,
- 19 Ms. Beattie, about the fact that there was a
- 20 criminal case, that very serious allegations had
- 21 been laid under the Criminal Code against a police
- 22 officer?
- 23 A No, it wasn't discussed.
- Q Was it discussed that the statement
- 25 may be used for further purposes, court attendance

- 1 or anything like that?
- 2 A No, not at that time. I didn't think
- 3 anything more at that point would come of this
- 4 situation.
- 5 Q Did anybody mention anything about
- 6 going back to follow up with you?
- 7 A No.
- 8 Q Did, in fact, did anybody ever from
- 9 the East St. Paul Police follow up with you to
- 10 take a more formal witness statement?
- 11 A No.
- 12 Q Now, I understand that through media
- 13 releases, et cetera, that you became aware of
- 14 certain details surrounding the accident?
- 15 A Yes, I did.
- Q Did you have any expectation that the
- 17 police might follow up with you further as a
- 18 witness?
- 19 A I thought they might, since I was the
- 20 first person to speak to the gentleman that caused
- 21 the accident, but I never heard anything from
- 22 anyone.
- 23 Q Based on the disclosure that the
- 24 Commission has, we understand that your next
- 25 interview with a police officer occurred on May

```
1 31st of 2006?
```

- 2 A That's correct.
- 3 Q And do you recall that interview
- 4 taking place?
- 5 A I do.
- 6 MR. CLIFFORD: Mr. Commissioner, I am
- 7 not necessarily going to put that interview to the
- 8 witness. We know that, of course, the interview
- 9 with the RCMP occurred on this particular day, but
- 10 it is our intention to file the transcript of the
- 11 interview as an exhibit.
- 12 One of your tasks, of course, is to
- inquire into the conduct of the police
- 14 investigations surrounding the death of Crystal
- 15 Taman, and this is one part of the investigation,
- 16 a number of questions and circumstances, et
- 17 cetera, were put to Ms. Beattie. Obviously, her
- 18 testimony is what we're going to receive here
- 19 today in the witness box. But for the purpose of
- 20 assisting you in determining the investigation
- 21 that was conducted by the RCMP, it would be of
- 22 assistance, and I would ask that it be made the
- 23 next exhibit, please.
- 24 THE CLERK: 71 will be C.11.
- 25 MR. CLIFFORD: Can you repeat that for

```
1 me.
```

- THE CLERK: C.11 tab, number 71.
- 3 MR. CLIFFORD: Okay. And the exhibit
- 4 number is?
- 5 THE CLERK: Seventy-one.
- 6 (EXHIBIT 71: C.11, Statement By Kathy
- 7 Beattie To R.C.M.P.)
- 8 MR. CLIFFORD: Exhibit 71, and for the
- 9 assistance of counsel, this can be found at volume
- 10 C, tab C.11, and it's at page 182 of that volume.
- 11 Again, it's not my intention to refer
- 12 to passages of the RCMP statement unless it was
- 13 necessary to refresh your memory.
- 14 BY MR. CLIFFORD:
- 15 Q Now, what was your understanding,
- 16 Ms. Beattie, of why the RCMP were talking to you
- 17 about the case?
- 18 A I thought that they wanted an update
- 19 or an insight before going to court. I heard that
- 20 it was going to be going to court later that year.
- 21 Q Okay. Now, this is May 31st of 2006,
- 22 and your understanding is that they wanted some
- 23 form of an update?
- 24 A Yes.
- Q Was it your understanding that this

- 1 was your -- you were getting into the formal
- 2 witness statement process?
- 3 A I got that idea, yes.
- 4 Q I wanted to ask you some questions now
- 5 about your impression of Harvey-Zenk at the
- 6 roadside, just prior to getting into the court
- 7 appearances and the discussions that took place
- 8 there. What was your impression of Harvey-Zenk,
- 9 or the man that you talked to? And again, there's
- 10 no controversy over who this driver of the truck
- 11 was, but when you were talking to him, what
- 12 impression, if any, did you have of his state?
- 13 A I just remember being left with a
- 14 feeling that it was kind of odd that he didn't
- 15 reply to me in any way and just stared at me and
- 16 then turned and walked away.
- 17 Q Did you --
- 18 A Sorry. I didn't dwell on that for too
- 19 long. I didn't think about it, because I was
- 20 preoccupied. So it was sort of a flashing
- 21 feeling, I thought, oh, that was kind of odd, and
- 22 then he left me.
- Q Did you look back, or did you think
- 24 back about that encounter in the time that
- 25 followed?

July 2, 2008

- 1 A That day, or you mean any other time?
- 2 Q After that day?
- 3 A Yes, I did actually, thinking about --
- 4 I thought that it was unfortunate that I didn't
- 5 pay more attention to it at the time.
- 6 Q Could you elaborate on that?
- 7 A I didn't pay more attention to
- 8 everything that was going on around me. After I
- 9 was asked questions, it was then that I realized
- 10 that it was probably important that I had. But at
- 11 the time, I just was just assuming that this was
- 12 just a car accident, and I just wanted to know who
- 13 had hit me and didn't think too much of anything
- 14 else that was going on.
- 15 Q Did you ever discuss with anybody what
- 16 you thought was the cause of the accident?
- 17 A I think, in passing, I made personal
- 18 comments about my opinion of the situation.
- 19 Q And what was that?
- 20 A Just from how it appeared that the
- 21 vehicles were hit straight on from the back, and
- 22 noticing afterwards, returning past the site, that
- 23 there were no skid marks in the area that his
- 24 truck would have been travelling, I kind of just
- assumed that perhaps he fell asleep, because it

- 1 didn't look like he made an effort to avoid or
- 2 slow down, or that was just my personal opinion.
- 3 Q And do you have any recollection of
- 4 when it was in the process between then and now
- 5 that you might have come to that conclusion?
- 6 A Probably days after, I would think.
- 7 Q Okay. Let me ask you about the court
- 8 appearance that you went to. We understand that
- 9 you were subpoenaed to attend court?
- 10 A Yes.
- 11 Q And I'm not going to file the
- 12 subpoena, Mr. Commissioner, as an exhibit, but for
- 13 the benefit of counsel, if anybody wants to see
- it, it's at volume H of our material, page 1439.
- Now, you were required to attend court
- 16 pursuant to that subpoena on July 16th, 2007?
- 17 A Yes.
- 18 Q When did you go to court? Did you go
- 19 to court on the day that you were required to, or
- 20 did you make arrangements to go at a later time,
- 21 or do you recall?
- 22 A I believe I went on the day that I was
- 23 required to, I think.
- Q Just with your permission again,
- 25 Mr. Commissioner, I apologize for the brief delay

- there, I'll try to refresh the witness's memory,
 if I may, with the transcript of her interview of
- 3 April 8, 2008. And I'll ask you just to move
- 4 forward to page 35 in your transcript,
- 5 Ms. Beattie?
- Now, what I'll do is I'll bring you to
- 7 page 35, line 11, and there's a question and
- 8 answer, and then there's a question and answer on
- 9 page 36, I'll put those to you. Question, page
- 10 35:
- "Q And as with other areas that we
- have covered, I'll ask you to bring
- 13 your mind back to receiving the
- 14 subpoena, and give me as much detail
- about everything that occurred after
- that, including and up to the day you
- 17 went to court?
- 18 A I remember phoning the office to
- 19 speak to somebody to see whether or
- 20 not they could give me some idea as to
- 21 what day I would be required to appear
- in court, as I was on summer holidays
- and didn't want to take a full week of
- 24 my summer holidays to sit in court.
- So I recall there being a few

1	telephone calls made, and finally I
2	got to speak with Mr. Minuk and we had
3	a bit of a conversation.
4	Q Can you tell me about it?
5	A I was just trying to remember what
6	we talked about. We only talked about
7	the fact that I would probably be
8	required towards the end of the week
9	as there was a lot of preliminary, I
10	guess you'd call it interviewing to be
11	done before me. That was all we
12	talked about and he will get back to
13	me. Then I received a call telling me
14	what day specifically to be there. So
15	I went there on that morning, I think
16	it was a morning. I waited in an area
17	for quite some time, maybe 45 minutes.
18	And then a man approached me and asked
19	me my name and asked me to come out
20	into the hall. I stood in the hall
21	with two other gentlemen and woman,
22	who were witnesses, and he told us all
23	that we wouldn't be required to
24	testify."
25 Now,	having had the opportunity of reading that

- 1 and hearing it, in terms of refreshing your memory
- 2 on the arrangements that were made for you to
- 3 attend court, does that help?
- 4 A Yes.
- 5 Q And do you recall, in fact, having
- 6 that conversation with Mr. Minuk and somebody
- 7 getting back in touch with you?
- 8 A Yes, I do.
- 10 the 17th that you went to court?
- 11 A No, I do not.
- 12 Q Fair enough. When you went to the
- 13 courthouse, where did you go, first of all? And I
- 14 don't mean through the front doors, I mean, did
- 15 you go to a witness interview room or --
- 16 A I went into a waiting room.
- 17 Q Okay.
- 18 A There was a woman sitting behind a
- 19 desk, and I was asked to wait with a lot of other
- 20 people, I didn't know who they were.
- 21 Q Okay. That's what my next question
- 22 was, whether you recalled who you were waiting
- 23 with?
- 24 A No, I didn't know any of the people I
- 25 was waiting with.

- 1 Q Did you have any idea who they -- what
- 2 matter they were connected with?
- 3 A No.
- 4 Q Did you have any conversation with any
- 5 of them?
- 6 A No, I didn't.
- 7 Q Okay. And how long was it that you
- 8 were waiting?
- 9 A It was anywhere between a half an hour
- 10 and an hour, I think.
- 11 Q Okay. And carry on from there, what's
- 12 the next thing that you recall?
- 13 A Then after a long wait, a gentleman
- 14 came into the waiting room and asked myself and
- 15 some of the other people there to come out into
- 16 the hallway with him. He introduced himself as
- 17 Mr. Minuk.
- 18 Q And what I'll do is I'll pick up on
- 19 your response there, the part where you said
- 20 myself and other people, who were the other
- 21 people?
- 22 A They were other witnesses to the
- 23 accident.
- Q The transcript that we just reviewed,
- in your response, you indicated:

1 "So I stood in the hall with two other

- 2 gentlemen and a woman who were
- 3 witnesses."
- 4 A Yes.
- 5 Q Does that refresh your memory on that
- 6 point?
- 7 A Yes.
- 8 Q And carry on from there, what took
- 9 place?
- 10 A Then Mr. Minuk told us that we would
- 11 not be required to testify in court that day, that
- 12 there had been an agreement, or a settlement, or
- 13 whatever terminology you would call it. They had
- 14 come to some sort of an agreement, and it was
- done, we wouldn't be required.
- 16 Q And what was the reaction to what
- 17 Mr. Minuk was saying to you all?
- 18 A I think everyone was surprised. The
- 19 lady that I was with was a little agitated by
- 20 that. We didn't talk too much about it.
- 21 Mr. Minuk did most of the talking to us about what
- 22 took place.
- 23 Q I'm going to follow up with you on the
- 24 comment you just made that the woman you were with
- 25 was a little bit agitated by what Mr. Minuk said.

- 1 Can you expand upon that?
- 2 A I think she was hoping for closure. I
- 3 think she was wanting to hear what was to be said
- 4 in court. I just remember her saying to Mr. Minuk
- 5 that she was upset that there wasn't closure.
- 6 Q Can you describe this individual?
- 7 A She was shorter than myself, probably
- 8 middle aged I think. She was the lady that had
- 9 told me that she had spoken to me that I didn't
- 10 recall seeing.
- 11 Q Okay. So we have come in a circle
- 12 now, back to one of the first things you had told
- 13 me in your examination, that when you were at the
- 14 court house, a woman approached you and told you
- 15 that she talked to you at the scene?
- 16 A That's right.
- 17 Q And that's the same woman that is
- 18 saying to Mr. Minuk, in your words, that she was
- 19 agitated by the fact that she wasn't getting
- 20 closure?
- 21 A Right.
- Q And she tells you that she spoke to
- 23 you there?
- 24 A That's right. And I questioned her
- 25 because I was curious as to why she needed

- 1 closure, when I knew that she wasn't actually a
- 2 victim in the accident. I just needed her to
- 3 explain that a little further. And that's when
- 4 she told me that she had been there and spoke to
- 5 me at the time.
- 6 Q Did you tell her that you had no
- 7 recollection at all --
- 8 A I did.
- 9 of talking to her?
- 10 A Yes.
- 11 Q Did she tell you about the questions
- 12 that she asked you, the things she did with you?
- 13 A No.
- 14 Q Okay. What other information did
- 15 Mr. Minuk provide to you and the others as he was
- 16 explaining to you why you wouldn't be testifying?
- 17 A I don't remember his actual words, but
- 18 just summed up basically what he was saying to me
- 19 at the time, and that was that the counsel and the
- 20 family had come to an agreement that this was how
- 21 it was going to take place, that Mr. Zenk was --
- the court case was over and he wasn't going to go
- 23 to jail, that he probably would have a house
- 24 arrest.
- 25 Q So this piece of information was being

- 1 provided to you just as you were learning that you
- 2 are not going to be testifying. And was your
- 3 response that he probably wasn't going to go to
- 4 jail, or he wasn't going to go to jail?
- 5 A Probably wasn't.
- 6 O And he mentioned house arrest?
- 7 A He did.
- 8 Q Now, you have indicated you don't
- 9 remember Mr. Minuk's exact words --
- 10 A No.
- 11 Q -- and I can appreciate that. But in
- 12 terms of refreshing your memory and trying to
- 13 recall some of the things he was telling, you and
- 14 the other witnesses, at this point are you able to
- 15 recall any of the details?
- 16 A Not really.
- 17 Q And with Your Honour's permission,
- 18 I'll attempt to refresh the witness's recollection
- 19 on this point by referring to the witness
- 20 interview conducted April 8th, 2008. And
- 21 Ms. Beattie, if I could ask you to move forward to
- 22 page 42?
- If I could have one moment, please,
- 24 Mr. Commissioner?
- 25 Actually, Ms. Beattie, on the issue of

- 1 the conversation that you were engaged in with
- 2 Mr. Minuk when he was talking to you and the other
- 3 witnesses, do you recall whether the other
- 4 witnesses were asking him questions about what had
- 5 taken place, looking for details?
- A Yes, they were. Everyone, you know,
- 7 joined in the conversation.
- 8 Q Okay. And perhaps in an attempt to
- 9 determine whether that will refresh your memory,
- 10 do you know what questions and details they were
- 11 looking for -- questions they were asking, pardon
- me, and details they were looking for?
- 13 A No, I don't.
- 14 Q And I put this to you, and again in
- 15 fairness to you and other counsel, the Commission
- 16 has received evidence from other witnesses in the
- 17 interview process that were present during this
- 18 conversation, and they have told the Commission
- 19 that Mr. Minuk discussed, with you present and the
- 20 others, that there were no skid marks, that
- 21 Harvey-Zenk could very well have fallen asleep,
- 22 and that Harvey-Zenk had just come off of working
- 23 a couple of double shifts?
- 24 A That's true. And I do remember that
- 25 now, and I do remember saying that I was kind of

- 1 along the same opinion.
- MR. PROBER: Could you repeat the last
- 3 part, I missed it, please?
- 4 THE WITNESS: That I agreed with
- 5 Mr. Minuk, and then I said that I was of the same
- 6 opinion.
- 7 MR. PROBER: Thank you.
- 8 BY MR. CLIFFORD:
- 9 Q And when you indicated that -- when
- 10 that information was being provided to you, do you
- 11 recall whether you, in addition to what you have
- 12 just told us, said anything else about what
- 13 Mr. Minuk said?
- 14 A I don't recall.
- 15 Q Because, again, in fairness to you,
- 16 one of the witnesses that was present indicated
- 17 that you commented that, yes, my husband works,
- 18 has worked those kinds of shifts?
- 19 A Oh, yes, many times.
- 20 Q Does that refresh your memory?
- 21 A I don't remember that at all, but I
- 22 could have added that into it.
- 23 Q I take it -- and I appreciate that
- 24 this is some time ago -- that there's no
- 25 disagreement from you that these comments could

- 1 have in fact been made?
- 2 A That's true.
- 3 Q And had you talked to your husband
- 4 about that?
- 5 A About the conversation, or about the
- 6 fact that sleep deprivation --
- 7 Q Yeah, the notion that Harvey-Zenk --
- 8 A Yes.
- 9 might have fallen asleep?
- 10 A Yeah, I have.
- 11 Q And did he have any theory on the
- 12 accident?
- 13 A No. He didn't voice his opinion. He,
- 14 basically, just agreed with me, as he usually
- does, but he never voiced his personal opinion.
- 16 Q Well, I've got you under oath and I
- 17 could ask some other questions here, but I'm just
- 18 going to move on.
- 19 Dealing generally with your husband,
- 20 you have told us he's a Winnipeg Police Officer?
- 21 A That's correct.
- Q We understand that he's a senior
- 23 officer?
- 24 A Yes.
- Q And you understood clearly that your

- 1 husband knew Chief Bakema of the East St. Paul
- 2 Police?
- 3 A That's right.
- 4 Q And knew him when he was a Winnipeq
- 5 Police Officer?
- 6 A That's right.
- 7 Q Did he ever speak to you about
- 8 conversations he had with other police officers
- 9 about the case?
- 10 A One time he did mention to me that he
- 11 had spoken to the police officer's supervisor, and
- 12 because my husband didn't know him himself, he had
- 13 spoken to his supervisor, in passing I guess, I
- 14 don't know if it was a deliberate visit, but in
- 15 conversation, he did mention to me that he was not
- 16 a partying type of individual.
- 17 THE COMMISSIONER: Who?
- 18 THE WITNESS: Mr. Harvey-Zenk, that it
- 19 wasn't this type of thing that he did on a regular
- 20 basis was the impression that I got. And I don't
- 21 recall how long after the accident that
- 22 conversation took place.
- 23 BY MR. CLIFFORD:
- Q And were there any other conversations
- 25 that he told you about, that he was involved in

- with other police officers?
- 2 A No.
- 3 Q And was that the extent of the detail
- 4 that was provided to you?
- 5 A That was. The only other time he
- 6 discussed it with me was before it was to come to
- 7 court in 2006, before the RCMP officers came to
- 8 speak to me, he mentioned to me that it would be
- 9 possible that it was going to go to court.
- 10 Q I'm sorry, could you repeat that,
- 11 please?
- 12 A He mentioned that it was possible that
- 13 the accident would go to court, there would be a
- 14 court case.
- 15 Q There was significant media coverage
- 16 about the case before, during, and after. Did you
- 17 speak to your husband about the media coverage of
- 18 the case, things that were being said in the
- 19 media, for instance?
- 20 A No, I didn't.
- 21 Q Now, in conclusion, Ms. Beattie, I'd
- 22 like to ask you some questions about your role as
- 23 a victim in the car crash. Could you start by
- 24 telling us the injuries that you suffered and what
- 25 impact it had on your life?

- 1 A I developed back problems. I had to
- 2 change my lifestyle somewhat. Downhill skiing and
- 3 those types of things are something that I don't
- 4 do anymore. I subsequently lost my job because
- 5 the vehicle that I was driving -- I'm sorry -- the
- 6 vehicle that I was driving was a company vehicle
- 7 and they didn't want to replace it, and they
- 8 wouldn't meet my salary to make up for that part
- 9 of my income. And then my time off work after the
- 10 accident, they replaced me. So I still have quite
- 11 a bit of back problems. I do go to massage
- 12 therapy and the chiropractor still, but I'm
- 13 getting on with my life.
- 14 Q And how did it sit with you,
- 15 Ms. Beattie, or did it ever occur to you that
- 16 during the investigation and prosecution that you
- 17 were not enumerated as a victim in any allegation?
- 18 A Well, in the beginning I was kind of
- 19 relieved that I was kind of left out of the
- 20 picture, because I just wanted to get on with
- 21 things and not have to deal with it. But then
- 22 when we started hearing about the Victims'
- 23 Services and whether or not they conducted
- themselves properly, I made a phone call to Dave
- 25 Chomiak's office to let them know that I was a

- 1 witness in the accident and no one had ever
- 2 contacted me about that.
- 3 Q Do you know when it was that you made
- 4 that call to Mr. Chomiak?
- 5 A I think it was around the end of 2007,
- 6 sometime during the winter.
- 7 Q So this is recently then?
- 8 A Recently.
- 9 Q A number of years beyond?
- 10 A Yes.
- 11 Q And certainly, we know from your
- 12 response that it was subsequent to the
- 13 announcement of the terms of reference --
- 14 A Yes.
- 15 Q -- for this Inquiry?
- 16 A Yes.
- 17 Q Carry on?
- 18 A So I spoke to Mr. Chomiak, and then
- 19 not long after that I received a phone call from
- 20 the East St. Paul Police Department saying that
- 21 their Victims' Services people would have liked to
- 22 have a meeting with me. We played telephone tag
- 23 for a little bit trying to set up an appointment,
- 24 and the meeting never happened.
- 25 Q So this telephone call from Victims'

```
Services came from East St. Paul Police?
1
            Α
                 That's correct.
2
                 And the officer's name again was?
            Q
 3
                 Randy Chudyk.
            Α
 4
                 And this was in 2007 or --
            Q
 5
6
            Α
                 Or eight.
7
                 Or even possibly 2008?
            Q
                 Sometime during the winter.
8
            Α
                 And the meeting never took place?
9
            Q
                 No, last call was they would get back
10
     to us with a time and a date.
11
            Q
                 And was there anything in particular
12
     that you wanted to discuss with them? Did you
13
14
     feel as though, given the passage of time, that
     there would be a benefit in speaking with them, or
15
     did you just want to voice your concern that it
16
     had been so long and you hadn't heard from
17
     anybody?
18
                 I think that it was basically that I
            Α
19
     wanted to have a chance to voice my opinion on, or
20
     just let them know how I felt about things.
21
22
            0
                 And having said that, Ms. Beattie,
```

- have you had an opportunity today to give all of 23
- the details about your experience that day and 24
- subsequently to Mr. Commissioner? 25

- 1 A Yes, I have.
- 2 Q Is there anything that you can think
- 3 of that I have failed to ask you or I have left
- 4 out?
- 5 A No.
- 6 Q All right. I'm going to ask you to
- 7 remain seated and other counsel may have some
- 8 questions for you.
- 9 A Okay.
- MR. CLIFFORD: And 12:34,
- 11 Mr. Commissioner, could I respectfully suggest
- 12 that we break for lunch at this point?
- 13 THE COMMISSIONER: Yes. Do you mind
- 14 coming back after lunch?
- 15 THE WITNESS: That's fine.
- 16 THE COMMISSIONER: Thank you. We'll
- 17 break for an hour and 15 minutes. We'll come back
- 18 at 1:50. We'll rise now.
- 19 THE CLERK: Order, all rise. This
- 20 Commission is now in recess.
- 21 (Proceedings recessed at 12:35 and
- reconvened at 1:50 p.m.)
- 23 THE CLERK: All rise. This Commission
- 24 of Inquiry is now reopened. Please have a seat.
- THE COMMISSIONER: Yes. Are we going

- 1 to go around in a circle, or starting with you,
- 2 Mr. Zazelenchuk?
- 3 MR. ZAZELENCHUK: If that's acceptable
- 4 to everyone else.
- 5 THE COMMISSIONER: Well, that's fine
- 6 with me. Go ahead.
- 7 BY MR. ZAZELENCHUK:
- 8 Q You'll be happy to know, Ms. Beattie,
- 9 that I only want to cover three points with you.
- 10 Am I correct in understanding that the
- only time you spoke to Mr. Minuk, the prosecutor,
- 12 before actually attending in court, was that
- 13 telephone conversation about when exactly your
- 14 evidence was going to be given?
- 15 A That's correct.
- 16 Q Okay. Have you ever been a witness in
- 17 a proceeding before this?
- 18 A No, I haven't.
- 19 Q And like most people, you probably
- 20 never saw the inside of a courtroom before this
- 21 either?
- 22 A No, I haven't.
- 23 Q Okay. You were involved in a
- 24 collision which killed a human being and caused
- 25 considerable injury to yourself, which you are

- 1 still suffering from. And the person was being
- 2 charged criminally. You were subpoenaed as a
- 3 witness. Did you have any concern that you
- 4 weren't being interviewed immediately before your
- 5 court proceeding, that you weren't being advised
- 6 as to what's expected of you in court or anything
- 7 like that?
- 8 A Not at the time, no, I didn't --
- 9 Q No.
- 10 A -- know what to expect.
- 11 Q I see. In retrospect, do you have any
- 12 concerns about that?
- 13 A Now that I'm involved with it, I'm
- 14 surprised that I didn't have a meeting with
- 15 Mr. Minuk.
- 16 Q Yes. Because you had a meeting with
- 17 Commission Counsel in this case?
- 18 A Yes.
- 19 Q And they not only interviewed you, as
- 20 we have the transcript, but they advised you as to
- 21 what to expect today and things like that, isn't
- 22 that correct?
- 23 A That's correct.
- Q Sure. Okay. And moving on, I'd like
- 25 to take you to the day that you actually go to

- 1 court. You've told us about you went into this
- 2 room and you waited there for a long while. And
- 3 then Mr. Minuk came -- came up to you and some
- 4 other people; correct?
- 5 A Yes.
- 6 Q Okay. Are you there with me?
- 7 A Yes.
- 8 O I tried to take an exact note of what
- 9 you said. And my note said that Mr. Minuk
- 10 approached you and the other people and said that
- 11 counsel and the family had come to an agreement?
- 12 A I seem to remember there -- him
- 13 mentioning something about family.
- 14 Q Okay.
- 15 A I don't know his exact words.
- 16 Q No. But you do remember him
- 17 mentioning something about family?
- 18 A Something like that.
- 19 Q Yes. And do you remember him
- 20 mentioning something about agreement?
- 21 A That's the idea that I got. Whether
- 22 he used those exact words or not, I'm not sure.
- MR. ZAZELENCHUK: Well, that's more
- 24 than fair. Okay. I wonder, madam clerk, if you'd
- 25 be good enough to show this witness F-3.37? And

- 1 that can be found at page 1313, Your Honour.
- 2 THE CLERK: Sorry, F-3?
- 3 MR. ZAZELENCHUK: 3.37.
- 4 THE COMMISSIONER: F?
- 5 MR. ZAZELENCHUK: 3.37.
- 6 BY MR. ZAZELENCHUK:
- 7 Q Just the second page. And remember
- 8 you were telling us, witness, about a man that
- 9 appeared to be in a daze and he came to your car,
- 10 and you asked him about the accident and he didn't
- 11 say anything. Do you remember telling us about
- 12 that?
- 13 A Yes. Yes.
- 14 Q You are looking at a picture. Is that
- 15 the man?
- 16 A I honestly can't say.
- 17 MR. ZAZELENCHUK: Thank you.
- 18 THE COMMISSIONER: Mr. McDonald, you
- 19 are next.
- MR. McDONALD: I have no questions,
- 21 Mr. Commissioner.
- THE COMMISSIONER: Thank you.
- 23 Mr. Weinstein.
- 24 BY MR. WEINSTEIN:
- Q Ms. Beattie, we know you were

- 1 interviewed by the RCMP on May 31st, 2006?
- 2 A That's correct.
- 3 Q You attended and you answered their
- 4 questions, correct?
- 5 A Correct.
- 6 Q And then you also were interviewed by
- 7 Commission Counsel approximately two years later.
- 8 This is now April 8th, 2008?
- 9 A That's correct.
- 10 Q All right. Am I correct, and correct
- 11 me if I'm wrong, in assuming you've had occasion,
- 12 before you took the stand this morning, to read
- 13 the transcripts of both interviews?
- 14 A Yes.
- 15 Q All right. Let me just deal with your
- 16 first observation of the gentleman who came up to
- 17 you. You saw -- did you see him coming from the
- 18 truck, madam?
- 19 A I did.
- 20 Q You see him walking. And from where
- 21 you were to the truck was approximately how far,
- 22 Ms. Beattie, approximately?
- 23 A I have no idea, two lanes of the
- 24 highway.
- 25 Q All right. But it wasn't just a

- 1 matter of a couple of feet?
- 2 A No.
- 3 Q Further distance than that?
- 4 A That's right.
- 5 Q And there was nothing in his walk that
- 6 gave you any concern, correct?
- 7 A No.
- 8 Q And then he approached you, correct?
- 9 A Yes.
- 10 Q And you asked him a question?
- 11 A Yes.
- 12 Q Correct? And there was no response
- 13 from the gentleman?
- 14 A That's right.
- 15 Q And according to your interview with
- 16 the RCMP, you said you were about four feet apart?
- 17 A That's right.
- 18 Q All right. When you asked the
- 19 question, when he just looked at you, there is a
- 20 distance of four feet apart; correct?
- 21 A Yes.
- 22 Q And in that distance of four feet
- 23 apart, there was no odour of liquor that you
- 24 detected at all, isn't that correct?
- 25 A Not that was apparent to me.

```
1 Q Right. And it's -- you saw him walk
2 back to the truck; correct?
```

- 3 A Yes.
- 4 Q The same distance from you as --
- 5 A Yes.
- 7 approached you?
- 8 A Yes.
- 9 Q And he walked back to the truck?
- 10 A Yes.
- 11 Q And there was nothing unusual in his
- 12 walk?
- 13 A No.
- 14 Q We are not talking about a person
- 15 stumbling, staggering, nothing like?
- 16 A No.
- 17 Q And when he walked back to the truck,
- 18 had the paramedics arrived?
- 19 A No.
- 20 Q Or what --
- 21 A No, they were not there yet.
- Q Did they arrive, and perhaps you can't
- 23 answer it, and that's fine, did they arrive
- 24 shortly after that person returned to his truck?
- 25 A I'm not sure --

- 1 Q All right.
- 2 A -- how long that was.
- 3 Q Ms. Beattie, I've gone through, as you
- 4 have, your transcript of your RCMP interview. And
- 5 nowhere in that transcript is there any reference
- 6 at all, and this is your interview on May 31st,
- 7 2006, nowhere in there is any mention at all of
- 8 police officers, or a group, as you subsequently
- 9 said in your testimony, standing around. Nowhere
- in that interview on May 31st, 2006, is there any
- 11 reference to police officers standing around that
- 12 gentleman?
- 13 A It's possible. Perhaps, at that
- 14 point, I wasn't led to think about that situation.
- 15 Q Okay. Well, what led you to think
- 16 about that situation on -- two years later on
- 17 April 8th, 2008?
- 18 A Conversation.
- 19 Q With whom?
- 20 A With Mr. Clifford.
- Q Okay. And -- well, didn't the RCMP
- 22 ask you what you observed at various times while
- 23 you were at the scene, madam?
- 24 A They did, but I don't really recall as
- 25 to whether or not it was in depth or if it was a

- 1 quick conversation or --
- Q Well, it goes approximately 10, 11
- 3 pages, okay, typed pages.
- 4 A M'hm.
- 5 Q What, in fact, you did say in your
- 6 Commission -- or, excuse me, your RCMP interview,
- 7 and you said it on two occasions, that the
- 8 paramedics or fire department people were, in
- 9 fact, talking to the person by the truck. And for
- 10 reference, Mr. Commissioner --
- 11 THE COMMISSIONER: I'm sorry?
- MR. WEINSTEIN: For reference, it's
- 13 found at pages 8 and 10.
- 14 THE COMMISSIONER: Which volume?
- MR. WEINSTEIN: It's volume C, I
- 16 think.
- MR. PACIOCCO: That would be page 188
- 18 and 189 of the volume.
- 19 THE COMMISSIONER: All right. Thank
- 20 you.
- MR. WEINSTEIN: Thank you,
- 22 Mr. Commissioner.
- 23 BY MR. WEINSTEIN:
- Q On two occasions, you indicated to the
- 25 RCMP, under oath, that you:

```
"...saw men from the East St. Paul
1
                 Fire Department walk over to the
2
                 truck, before I got into the other
3
                 ambulance..."
 4
     All right. And then later on, again:
5
6
                 "The fire department was speaking to
7
                 the fellow at the truck."
                 You've got it very clear in that
8
     interview, Ms. Beattie, as I've just read to you,
9
     not only were they by the truck where the
10
     gentleman was, they were, in fact, speaking to
11
     that gentleman; correct?
12
13
                 That, at the time, was what I
14
     remembered.
            Q
                 Right. And that was certainly closer
15
     to the incident than your interview with
16
     Commission Counsel, which was approximately 23
17
     months later. And you made it clear, in your
18
     statement to the RCMP, that according to your
19
20
     observation, okay, he seemed -- he was probably
21
     very stunned, to use your words?
22
            Α
                 Yes.
                 Stunned?
23
            Q
                 Odd. Just sort of a blank --
24
            Α
25
                 Okay.
```

- 1 A -- look on his face.
- Q Okay. And you came to the opinion, or
- 3 at least you were asked, and you commented, and
- 4 this is at page 41 of your interview with
- 5 Commission Counsel, you told Commission Counsel:
- "He didn't seem to be a man who was
- 7 drunk. That's not the feeling that I
- got from him when I saw him, not to
- 9 say that he hadn't been drinking."
- 10 So your observation, just four feet away, your
- 11 observation, walking him -- watching him walk on
- 12 two occasions, no odour of liquor, he didn't seem
- 13 to be a man who was drunk; correct?
- 14 A That's the impression I got.
- 15 Q Yes. And that's based on the things I
- 16 just mentioned, your observations from four feet
- 17 away, and watching him walk back and forth from
- 18 the truck to you and from the -- you back to the
- 19 truck; correct?
- 20 A Yes, that's correct.
- 21 Q Now, on April 8th, in your interview
- 22 with Commission Counsel, you said there were
- 23 policemen standing around him; correct?
- 24 A Correct.
- Q More than one?

- 1 A Seems to be.
- 2 Q Yes. That's why you used, in your
- 3 evidence this morning, the word "group"?
- 4 A Yes.
- 5 Q Correct? Group to me means more than
- 6 one?
- 7 A That's right.
- 8 Q Whether it is two, three or four, am I
- 9 correct, you are not in a position to state?
- 10 A No. I don't remember the exact.
- 11 Q Now, again, did you see the officers
- 12 go up to him?
- 13 A No, I did not.
- 14 Q Okay. When he went back to his
- 15 truck -- I'm sorry to jump back for a second,
- 16 Ms. Beattie --
- 17 A Yes.
- 18 Q -- when he went back to his truck,
- 19 when you observed him, he never got back into the
- 20 truck, did he?
- 21 A No, not that I saw.
- 22 Q Right. And you had observed him for
- 23 some period of time; correct?
- 24 A Yes.
- 25 Q Okay.

- 1 A Off and on.
- 2 Q Yes. But at no time did that person
- 3 get into the truck; correct?
- 4 A Right. Not that I know of.
- 5 Q At no time did you see, not one, but
- 6 two police officers having to help him out of the
- 7 driver's side?
- 8 A I didn't see that.
- 9 Q Yes. Is it possible you could have
- 10 confused police, in their uniform, with paramedics
- 11 in their uniform?
- 12 A I don't think so, because the police
- 13 and paramedic uniforms are very different.
- 14 Q Okay.
- 15 A I saw police officers in their dark
- 16 uniforms.
- 17 Q Do you recall how many police
- 18 officers? Forget about standing near the truck,
- 19 but how many police officers you actually saw on
- 20 scene?
- 21 A I don't know that.
- Q More than two?
- 23 A I would be guessing.
- Q Don't guess.
- 25 A Okay.

- 1 Q Thank you.
- 2 MR. WEINSTEIN: If I may just have a
- 3 moment, Mr. Commissioner.
- 4 BY MR. WEINSTEIN:
- 5 Q And when you gave an estimate of time,
- 6 I'm assuming that's basically what it is, you
- 7 know, it was 15 minutes?
- 8 A Definitely an estimate.
- 9 Q Yes. And naturally, and quite
- 10 understandably, you had just been involved in an
- 11 accident which turned out to be a serious
- 12 accident, not only to you, but certainly to
- 13 Mrs. Taman, so sometimes what seems like a long
- 14 time isn't a long time.
- 15 A That's very true.
- 16 Q Just because of what's going on and
- 17 the circumstances?
- 18 A That's right.
- 19 Q Thank you, Ms. Beattie.
- 20 A You're welcome.
- THE COMMISSIONER: No questions?
- MR. JACK: We have no questions,
- 23 Mr. Commissioner.
- 24 THE COMMISSIONER: Mr. Prober, do you
- 25 have any questions?

- 1 MR. GREEN: I don't have any
- 2 questions.
- MR. BOYD: I don't have any questions.
- 4 THE COMMISSIONER: Mr. Prober.
- 5 BY MR. PROBER:
- 6 Q Good afternoon, Ms. Beattie. My name
- 7 is Jay Prober, and I'm counsel for
- 8 Mr. Harvey-Zenk. Mr. Weinstein asked most of my
- 9 questions, you'll be happy to know, so I only have
- 10 a couple left.
- 11 When Mr. Minuk told you that Derek
- 12 Harvey-Zenk could have fallen asleep, that was an
- 13 opinion you had before Mr. Minuk mentioned that to
- 14 you; is that not correct?
- 15 A Long before.
- 16 Q Long before?
- 17 A Yes.
- 18 O Okay. Thank you. Did you notice --
- 19 and you probably didn't because you haven't said
- 20 anything about it, did you notice that there was
- 21 blood coming from Derek Harvey-Zenk's nose?
- 22 A No, I did not.
- Q Okay. And finally, you related a
- 24 conversation you had with your husband, who told
- 25 you that Mr. Derek Harvey-Zenk's reputation was

- 1 not that of a partying type of individual; is that
- 2 correct?
- 3 A That's correct.
- 4 Q You, I think, said, and I missed it,
- 5 who your husband had been talking to. I don't
- 6 know by name, but by rank?
- 7 A I don't know the name.
- 8 Q No?
- 9 A A supervisor.
- 10 Q A supervisor?
- A M'hm.
- MR. PROBER: Thank you. Those are my
- 13 questions.
- 14 THE COMMISSIONER: Any other counsel
- 15 that I've missed? Yes, any re-examination?
- 16 MR. CLIFFORD: Mr. Commissioner, there
- is one question in re-direct, and it arises from a
- 18 question that was asked by Mr. Weinstein.
- 19 BY MR. CLIFFORD:
- Q And it relates to, Ms. Beattie, the
- 21 question that was put to you whether you saw Derek
- 22 Harvey-Zenk get back into the truck? And it was
- 23 put to you in cross-examination that it was
- 24 something that you didn't see. In fact, you don't
- 25 know, do I understand correctly, whether he got

- 1 into the truck or not?
- 2 A I don't know.
- 3 Q Right. It is something that you
- 4 didn't see, but you don't know whether it happened
- 5 or not?
- 6 A That's correct.
- 7 Q Is that the full response?
- 8 A Yes.
- 9 Q All right. Thank you.
- 10 THE COMMISSIONER: Thank you very
- 11 much.
- 12 THE WITNESS: Thank you.
- MR. PACIOCCO: Commission Counsel
- 14 would like to call Garth Shaw to the stand,
- 15 please? Mr. Shaw, would you would remain
- 16 standing, please?
- 17 GARTH RAYMOND SHAW, having been first
- duly sworn, testified as follows:
- 19 THE COMMISSIONER: Mr. Shaw, could you
- 20 try to use that microphone as much as possible? I
- 21 know it's annoying, but it's there. Then
- 22 everybody can hear you.
- THE WITNESS: Okay.
- 24 BY MR. PACIOCCO:
- Q Mr. Shaw, I want to start by thanking

- 1 you for coming out and taking the time out of
- 2 your, what I'm sure is a very busy schedule, to
- 3 assist the Commissioner in his very important
- 4 work.
- I understand, sir, that you are 43
- 6 years of age?
- 7 A Yes, I am.
- 8 Q And I also understand, from your
- 9 interview with Mr. Clifford of our office, that
- 10 you have been driving since you were 16?
- 11 A Yes, I have.
- 12 Q And so it's something that you've been
- 13 at for quite some time?
- 14 A Yes, I have.
- 15 Q And, sir, I also understand you are
- 16 employed?
- 17 A Yes, I am.
- 18 Q And what do you do for a living?
- 19 A The collision centre manager for
- 20 Murray Chevrolet Hummer.
- 21 Q And what are your responsibilities as
- 22 the collision services manager, sir?
- 23 A To oversee the collision repairs of
- 24 the vehicles that come into our hands.
- 25 Q And, sir, have you ever worked as a

- 1 collision repair person yourself?
- 2 A Yes, I have.
- 3 Q And how long have you been working in
- 4 this field, sir?
- 5 A Also since I've been 16.
- 6 Q Okay. So, I take it, you know a fair
- 7 amount about collisions and the condition of
- 8 vehicles?
- 9 A Yes, I do.
- 10 Q All right. Sir, we all understand
- 11 that you had the unfortunate experience of
- 12 witnessing a horrific accident on February 25th,
- 13 2005, while driving to work?
- 14 A That's true.
- 15 Q And we also understand that this
- 16 collision occurred on Highway 59 southbound at the
- intersection leading on to Highway 101 for the
- 18 northbound Highway 59 traffic?
- 19 A That's correct.
- 20 Q I am going to get to you describe, in
- 21 great detail, what you observed on that day. But
- 22 before we do, I am going to get some background
- 23 information so the Commissioner has the entire
- 24 context.
- Is there a particular time that you

- 1 would have left for work in the winter of 2005,
- 2 sir, from your home?
- 3 A Approximately 6:30 a.m.
- 4 Q And I understand that the route you
- 5 took to work is your usual route?
- 6 A Yes, it is.
- 7 Q And it takes you down Highway 59
- 8 south?
- 9 A Yes, it does.
- 10 Q And how long does it generally take to
- 11 you get from your place to Highway 59 south?
- 12 A 15 minutes.
- 13 Q And then from Highway 59 south to the
- 14 intersection?
- 15 A A minute.
- 16 Q Okay. So you're essentially 15 or 16
- 17 minutes into your route by the time you get to the
- 18 location where the accident happened?
- 19 A That's correct.
- 20 Q And, sir, I understand that when you
- 21 were interviewed by the East St. Paul Police, you
- 22 gave a very precise time as to when you felt the
- 23 accident occurred. Do you recall that?
- 24 A Yes, I do.
- 25 Q And do you recall that that time was

- 1 7:07?
- 2 A Yes, it is.
- 3 Q And, sir, how were you able to
- 4 describe the time of the accident with such
- 5 precision?
- 6 A Because I called 911 from my cell
- 7 phone.
- 8 Q And I take it from your response that
- 9 you had a record of that call on your cell phone?
- 10 A Yes, I did.
- 11 Q And did you go back and check it to
- 12 verify the time?
- 13 A Yes, I did.
- 14 Q What kind of vehicle were you driving
- 15 that day?
- 16 A It was an Uplander van.
- 17 Q And do you recall the weather
- 18 conditions that you were driving in?
- 19 A Normal driving conditions, clear.
- 20 Q And are you able to describe to the
- 21 Commissioner what your recollection is of the road
- 22 conditions at the time that you were driving that
- 23 morning?
- 24 A Dry.
- 25 Q Now, I notice in one of your

- 1 statements to the East St. Paul Police, you said
- 2 that you:
- "...would say they are dry, but a
- 4 little slick near the intersection."
- 5 Do you recall saying that?
- 6 A Yes, I do.
- 7 Q And are you able to give us a little
- 8 more detail about that observation, sir?
- 9 A Just that when there has been a couple
- 10 of cars that travel through that area, you get
- 11 that, just that little bit of slick patch right at
- 12 where the cars stop.
- 13 Q Okay. Sir, is that something you
- 14 observed, or is that something that you surmised
- 15 from the general conditions that day?
- 16 A Something I observed.
- 17 Q And did you find that there was a need
- 18 to drive any more slowly than usual, given the
- 19 conditions on that day?
- 20 A No.
- 21 Q I saw a reference, in your statement,
- 22 to coming through the Town of Birds Hill on
- 23 Highway 59. Could you describe for the
- 24 Commissioner where Birds Hill is?
- 25 A In reference to?

- 1 Q In reference to the collision site?
- 2 A From the collision site, the Town of
- 3 Birds Hill is between a minute and two minutes
- 4 away from the actual collision site.
- 5 Q And I take it, from the direction that
- 6 you were travelling, that it would be due north?
- 7 A Yes.
- 8 Q And is it located also on Highway 59?
- 9 A No, it's not.
- 10 Q Okay. So you come through the town
- 11 and you get on to Highway 59, is that how it
- 12 works?
- 13 A That's correct, yes.
- 14 Q And how far does Highway 59 run from
- 15 where you enter it, after leaving Birds Hill, to
- 16 the intersection, in your estimation, sir?
- 17 A In time-wise?
- 18 O Time-wise or distance, whatever you're
- 19 most comfortable with?
- 20 A I don't think -- it wouldn't be more
- 21 than two kilometres.
- Q Okay. And so when you enter on to the
- 23 highway off of Birds Hill, do you come off of
- 24 municipal streets on to a thoroughfare?
- 25 A You come off -- it is actually called

- 1 Highway 202, on to 59.
- 2 Q All right, sir. And how far from the
- 3 traffic lights where the accident occurred would
- 4 you have visibility of that intersection? Are you
- 5 able to help us out in that regard, sir? I notice
- 6 you are looking at a large blow-up that we have
- 7 there. Are you able to orient yourself on that
- 8 blow-up, sir?
- 9 A Yes, I am.
- 10 Q You will notice that Highway 59
- 11 appears in the very center of the diagram from the
- 12 top to the bottom with the southbound lane being
- 13 the left lane. And you will notice the off-ramp
- 14 onto Highway 101 for southbound traffic is
- 15 approximately one-fifth of the way down from the
- 16 top. And you'll notice that there's another
- intersecting road marked "PTH 101" shown on the
- 18 left side of the diagram, about one-third of the
- 19 way down?
- A M'hm.
- 21 Q And you'll see that there is some
- 22 green around what appears to be a very broad
- 23 intersection, which shows the intersection of
- 24 those two, Highway 59 divided roads and two
- 25 roadways adjacent to 101, is that correct, sir?

- 1 A That's correct.
- 2 Q And I take it, sir, that the collision
- 3 that you witnessed occurred at that intersection
- 4 that is pretty much close to the top part of the
- 5 center of that diagram?
- 6 A That's correct.
- 7 Q And, sir, I'm just trying to get a
- 8 sense as to how far a vehicle coming from the
- 9 north, in the southbound direction, has visibility
- 10 towards that intersection?
- 11 A Well, it would be easy to say that,
- 12 from the very top of the picture, you'd have
- 13 clear -- clear sight of that intersection and the
- 14 flashing lights.
- 15 Q And why would that be, sir?
- 16 A Just because of the flashing warning
- 17 lights, and you would be able to see the lights
- 18 ahead of you, either green or red, whatever the
- 19 case may be at that particular time.
- 20 Q The entire roadway that we can see
- 21 there of Highway 59 is straight on that diagram?
- 22 A Yes.
- 23 Q Is it straight north of that point as
- 24 well?
- 25 A Except, until you get into the

- 1 entrance of Birds Hill, and then the 59 curves off
- 2 to right.
- 3 Q Okay. So you --
- 4 A Around the Town of Birds Hill.
- 5 Q So you would describe that as about
- 6 two miles north of this point?
- 7 A Approximately, yeah. I've never
- 8 measured it, though.
- 9 Q Sure. So is it fair to say that you
- 10 would have a distance of 1 to 2 kilometres of
- 11 straight road leading up to that intersection?
- 12 A That would be correct.
- 13 Q Sir, are there any hills on that road
- 14 that might impede vision?
- 15 A No.
- 16 Q So that's a flat road?
- 17 A Yes, it is.
- 18 Q And you described the caution lights.
- 19 You will notice that superimposed on that
- 20 photograph there are two yellow signs that are
- 21 meant to depict certain caution signs that exist
- 22 in that area. Sir, are those the caution lights
- 23 that you are referring to?
- 24 A Yes, I am.
- 25 Q And you will notice the one on the

- 1 right has a stoplight configuration in it, in what
- 2 would be a bit of a square turned on its side, on
- 3 the other side a rectangle, there is another stop
- 4 light with words written on them, sir?
- 5 A Yes.
- 6 Q And you talked about flashing lights.
- 7 Are those the flashing lights that you are
- 8 referring to?
- 9 A Yes, I am.
- 10 Q And can you describe what happened
- 11 that day as you were approaching the roadway? And
- 12 let's take you to the top of the diagram, and you
- 13 are coming down Highway 59 southbound. And let's
- 14 imagine that your car is just entering on to that
- 15 scene, just somewhat north of those warning signs,
- 16 sir. Can you describe for the Commissioner what
- 17 you did, yourself, while you were driving that
- 18 stretch of road?
- 19 A Well, typically, when I come out of --
- 20 I will just back it up a little bit. But
- 21 typically when I come out of Birds Hill, I go into
- 22 the passing lane.
- 23 Q I am going to slow you down from time
- 24 to time, just so that we have complete clarity.
- 25 And I take it by "the passing line", you would

1 mean the farthest lane from where you were sitting

- 2 on Highway 59?
- 3 A That's correct, that would be the
- 4 left-hand lane.
- 5 Q That would be the left-hand driving
- 6 lane going south, and we will call that the
- 7 passing lane, and the inside of the two lanes, we
- 8 call the curb lane?
- 9 A Sure.
- 10 Q Okay. So you normally drive on the
- 11 passing lane, you were about to tell the
- 12 Commissioner that, so please continue?
- 13 A So I am driving in the passing lane, I
- 14 am approaching the intersection now. I can see
- 15 the flashing yellow lights. I did notice the
- 16 green car and the yellow car in the passing lane.
- 17 Q Okay, sir. So you saw the flashing
- 18 lights. So are you still, at this point, when you
- 19 see those vehicles, north of the warning lights?
- 20 A Coming into the picture now.
- Q Okay. And you see two vehicles.
- 22 Where are those vehicles, sir?
- 23 A They're -- they're at the
- intersection, or approaching the intersection
- 25 already.

- 1 Q Okay. Are you able to determine what
- 2 colour the traffic light is at that point, sir?
- 3 A Not at that -- not at that particular
- 4 point, no.
- 5 Q Okay.
- 6 A I could just -- I knew that those two
- 7 cars are in that lane, and I just can't depict.
- 8 Q Okay. Fair enough. And then what
- 9 happened, sir?
- 10 A I -- I did change lanes to -- because
- 11 I could see nobody was going to be in the curb
- 12 lane, so --
- 13 Q Okay. And are you able to help us
- 14 out, in terms of where you would have changed
- 15 lanes. On that diagram?
- 16 A I'm getting very close to the flashing
- 17 yellow sign now.
- 18 O Okay. So you would still be north of
- 19 the flashing yellow sign, and you are about to
- 20 move into the curb lane, sir?
- 21 A At that time, I definitely know the
- 22 light was red.
- Q Okay. And how do you know that, sir?
- 24 A Because the two cars are already
- 25 stopped by that time.

- 1 Q Okay. And are you able to tell the
- 2 Commissioner what sequence they were stopped in,
- 3 which vehicle was closest to the intersection?
- 4 A The green car was closest to the
- 5 intersection.
- 6 Q Okay. And so you're, at this point,
- 7 changing lanes into the curb lane. Can you
- 8 describe the process of changing lanes? What do
- 9 you do when you change lanes, sir?
- 10 A Well, being I was in a van at that
- 11 time, so I just turned on my signal, checked,
- 12 checked my mirror, and proceeded to change lanes.
- 13 Q And were you able to make that lane
- 14 change immediately, sir?
- 15 A Pretty much.
- Q Were there any other vehicles around
- 17 you at that point in time?
- 18 A Not that I noticed.
- 19 Q Okay. And, sir, were there any other
- 20 vehicles ahead of you, other than the two vehicles
- 21 you have described?
- 22 A No.
- 23 Q All right. So you've changed --
- 24 you've changed lanes. And can you approximate
- where you may have completed that lane change on

- 1 that diagram? I know this may not be a fair
- 2 question, but --
- 3 A Like, almost at the same time, I was
- 4 passing by the yellow lights.
- 5 Q Okay. And what happened then, sir?
- 6 A And then the truck kind of just
- 7 went -- like almost as soon as I changed lanes, he
- 8 went shoo, like straight by me.
- 9 Q And you made a sound with your mouth,
- 10 a shoo sound, and you made a motion with your arm,
- 11 a forward motion, sir. What kind of truck was it,
- 12 sir, that went by you?
- 13 A A blue Dodge truck.
- 14 Q And, sir, had you observed that truck
- 15 before you changed lanes?
- 16 A No, I did not.
- 17 Q And you made a sound, a shoo sound,
- 18 and you put your hand down as it went by. Can you
- 19 describe in more detail what observations you made
- 20 about that vehicle as it went by you, sir?
- 21 A Compared to my speed, that truck was
- 22 going fast.
- 23 Q And, sir, can you give any further
- 24 description to the -- how fast that vehicle was
- 25 going or what observations, or what words you

- 1 might use to describe how that vehicle was
- 2 travelling?
- 3 A Well, based on the speed that I was
- 4 doing, I would have to say he was doing twice the
- 5 rate of speed of what I was doing. And I was
- 6 approximately doing about 40 to 50 kilometres an
- 7 hour.
- 8 Q And, sir, why would you estimate your
- 9 own speed at 40 to 50 kilometres an hour?
- 10 A Because I've gone back there and just
- 11 checked to see what speed I'm doing as I cross
- 12 that sign, as I'm slowing down for that light.
- 13 Q Okay. So this is something you have
- 14 subsequently paid some attention to, sir?
- 15 A Yes.
- 16 Q And why would you draw the conclusion
- 17 that he is going at least twice as fast as you
- 18 were going, sir?
- 19 A It's a hard assumption to make, but it
- 20 was like -- like right now, he was gone by me,
- 21 like, in a flash. Like, you know, when somebody
- 22 passes you, you can basically, if you are doing
- 23 100, they are passing you around 110, 120 to get
- 24 by you, this was way faster than that.
- 25 Q And, sir, are you able to indicate

- 1 where on that diagram, approximately, you think
- 2 you would have been when that car passed by you,
- 3 sir?
- 4 A Just past, like just past the yellow
- 5 signs now.
- 6 Q And what went through your head when
- 7 you saw that vehicle go by you at that rate of
- 8 speed?
- 9 A He's not going to stop.
- 10 Q Why would you say that?
- 11 A Because there is not enough room for
- 12 him to stop at that speed in that short of
- 13 distance -- in that short of distance.
- 14 Q Now, sir, I'm going to take you to a
- 15 statement. Do you recall giving a statement to
- 16 the East St. Paul Police?
- A M'hm.
- 18 Q And that statement is in a book. We
- 19 have filed books of documents and the clerk will
- 20 furnish it to you. I am going to be referring to
- 21 document C.12.a. And the clerk will bring it up
- 22 to you, sir. If you could show it to the witness,
- 23 we will enter it, yes.
- We might as well enter it now. That
- 25 would be Exhibit 72?

```
1 THE CLERK: Correct.
```

- 2 (EXHIBIT 72: C.12.a, Statement by
- 3 Garth Shaw to E.S.P.)
- 4 MR. PACIOCCO: Exhibit 72 will be
- 5 document found at book C, tab 12.a.
- 6 BY MR. PACIOCCO:
- 7 Q And, sir, what is put in front of you
- 8 is an East St. Paul Police witness statement dated
- 9 the 25th of February, 2005, sir; is that correct?
- 10 A Correct.
- 11 Q And it has the name "Garth Raymond
- 12 Shaw" at the top. Is that your handwriting on
- 13 that document, sir?
- 14 A That's not my handwriting.
- 15 Q Okay. Fair enough. So this document,
- 16 do you recognize it?
- 17 A Yes.
- 18 Q And if you turn to the bottom of each
- 19 page, you will see a signature, sir?
- 20 A Yes, do I.
- 21 Q And I take it that that's your
- 22 signature?
- 23 A Yes, it is.
- Q And we will come back to this
- 25 statement later, but it was taken at "10:05", and

- 1 I would imagine that that was p.m. because the
- 2 next entry is "2256". And although I'm sure that
- 3 it wasn't an unpleasant experience, you weren't
- 4 with that officer for 12 and a half hours?
- 5 A No, I was not.
- 6 O So we can assume that that was 10:05
- 7 p.m. that that statement would have begun?
- 8 A Yes.
- 9 Q Does that basically suit your
- 10 recollection of when you would have given a
- 11 written statement to the East St. Paul Police?
- 12 A Yes, it was.
- 13 Q Okay. And the reason that I have give
- 14 you the statement now, sir, is I notice that there
- is something stroked out and changed in the
- 16 statement. You will notice that the question is
- 17 asked:
- 18 "Q Garth, I understand that you
- 19 witnessed a motor vehicle collision
- this morning at Highway 59 at the
- 21 intersection of Highway 101. Can you
- tell me about this?
- 23 A I was driving southbound on
- 24 Highway 59 at approximately 7:07 a.m.
- I was approaching the intersection and

```
slowing down for a red light. I was
1
                 probably around 10 car lengths away
2
                 from the intersection when I noticed
 3
                 the blue truck."
 4
                 And originally it looks like you had
 5
     written there "passed me", or whoever took this
6
7
     statement had written there:
                 "...passed me at a high rate of speed
8
                 compared to my vehicle anyway."
9
     And that is stroked out and the words "wasn't
10
     slowing down for the stop light" is replaced
11
     there. And then we see the initials, which I
12
     presume are yours, "JWGS"?
13
14
                 Well, it would be Jason's and myself,
```

15 yeah.

Okay. And when you refer to "Jason",

- 17 you are referring to the officer that took the
- 18 statement?

16

19 A Yes, it is.

Q

- 20 Q And that would be Jason Woychuk, are
- 21 you aware of that, sir?
- 22 A Yes, it is.
- 23 Q I am just going to ask you if you
- 24 remember how that change or alteration in your
- 25 statement came about and why it came about?

- 1 A No, I do not.
- 2 O You know that after the statement was
- 3 written by Constable Woychuk, presumably in
- 4 response to questions that had been asked of you,
- 5 you were given an opportunity to read the
- 6 statement, apparently, at 10:49 p.m.?
- 7 A Yes, I do.
- 8 Q And does that help refresh your memory
- 9 at all about how that change may have occurred?
- 10 A No. Sorry.
- 11 Q And, sir, you will notice that on the
- 12 last question of the statement you were asked,
- 13 again, only very directly, rather than just in
- 14 narrative form:
- 15 "How fast was the blue truck going
- when he passed you?
- 17 A Based on my speed of around 40
- 18 kilometres per hour, I would
- 19 approximate his speed at around 70 or
- 20 80 kilometres per hour."
- 21 Do you see that, sir?
- 22 A Yes.
- 23 Q And does any of that cause any
- 24 insecurity in terms of your testimony about the
- 25 speed at which this blue vehicle was passing?

- 1 A No.
- 2 Q At that point in time, when you gave
- 3 that statement, had you had the opportunity to
- 4 check your own speed? You told us earlier that
- 5 you had checked your speed at which you usually
- 6 slow down?
- 7 A No.
- 8 Q Did that happen subsequent to the
- 9 giving of this statement, sir?
- 10 A Yes.
- 11 Q Did you make any other observations
- 12 about the way the blue truck was being driven,
- 13 sir?
- 14 A Unfortunately, I didn't have time.
- 15 Q Did you notice whether the vehicle
- 16 maintained itself in that lane?
- 17 A Yes, it did.
- 18 Q And I notice that in one of your
- 19 statements you indicated that it wasn't swerving
- 20 over the road or anything like that, is that fair,
- 21 sir?
- 22 A That's a fair statement.
- 23 Q And you said it was basically going
- 24 straight and fast; is that again a fair statement,
- 25 sir?

- 1 A That's a fair statement.
- 2 Q And how long was that vehicle in your
- 3 line of sight? For what distance were you able to
- 4 see that vehicle, sir, before the collision?
- 5 A Well, basically from the distance of
- 6 where the flashing lights are, and as we were
- 7 travelling forward to the collision.
- 8 Q And based on your answer, I guess
- 9 common sense would suggest that he got ahead of
- 10 you?
- 11 A Yes, he did.
- 12 Q And, sir, you were looking, I take it,
- 13 at the back of the vehicle?
- 14 A Yes, I was.
- 15 Q All right. Sir, can you tell us,
- 16 then, about what happened after he got past you?
- 17 A I didn't -- I did notice the lights
- 18 were definitely still red, and then the next thing
- 19 there was the impact.
- Q Are you able to tell us where you were
- 21 at the time of the impact?
- 22 A Approximately about 10 car lengths
- 23 behind him.
- Q Were you still moving at that point in
- 25 time?

- 1 A Yes, I was.
- 2 Q And what did you do, sir, when you saw
- 3 the collision? Yourself, as a driver of the
- 4 vehicle, what did you do?
- 5 A I kept driving forward until all of
- 6 the cars came to their resting points, and I
- 7 stopped before the intersection.
- 8 Q You stopped before the intersection?
- 9 A Yes, I did.
- 10 Q Now, I know that you are able to
- 11 orient yourself on that diagram, but you can see
- 12 that there is going to be some distance for the
- 13 gallery, but they all have photographs of that,
- 14 all the lawyers do, and the Commissioner does as
- 15 well.
- 16 You will notice that there is, at the
- 17 very north end of the intersection, a long black
- 18 line that comes across. Just for the sake of
- 19 clarity, let's treat that as the stop line as you
- 20 are proceeding south.
- I am going to invite you, if you wish,
- 22 to get off the stand and go over and try to show
- 23 us where you think your vehicle was at the time
- 24 that you stopped after the collision?
- 25 A I was at the stop line.

- 1 Q Okay. So you would have been at the
- 2 stop line?
- 3 A Yes, it was.
- 4 Q Okay. So that saves you a trip off
- 5 the stair. And I take it, sir, that you were at
- 6 the curb lane still at that point in time?
- 7 A Yes, I was.
- 8 Q And you came to a complete stop?
- 9 A Yes, I did.
- 10 Q All right. Sir, I am going to get
- 11 back to you and that vehicle. But what we haven't
- done is we haven't described the collision. So
- 13 you described the fact that there was a collision.
- 14 Can you tell us exactly what you saw, sir, from
- 15 that vantage point of approximately 10 car lengths
- 16 back?
- 17 A I saw the impact of the yellow car,
- 18 the yellow car to the green car, the green car
- 19 being forced by the impact over into the opposite
- 20 lane. The blue truck is --
- Q And when you say "the opposite lane",
- 22 I take it that you are talking about the vehicle
- 23 going from the passing lane across the curb lane?
- 24 A To the curb lane, coming to a rest at
- 25 the -- that would be the -- I have got to get my

- 1 head -- that would be the west, the west side of
- 2 the road now.
- 3 Q Okay. And do you recall whether the
- 4 green car rested on the road or off the road, sir?
- 5 A It would have been off the road.
- 6 Q Okay. And please continue?
- 7 A The blue truck -- there was a snow
- 8 bank, or a build-up of snow by the light
- 9 standard -- it flew, hit that, launched itself,
- 10 where it hit the light standard, which caused it
- 11 to go back on to the southbound lane of 59. But
- 12 due to the extensive damage of the truck, it made
- 13 its way back into the median.
- 14 Q All right. So I take it that we are
- 15 talking about this car travelling along what would
- 16 be the passing lane initially into the
- 17 intersection?
- 18 A Yes.
- 19 Q Launching itself on a snow bank that
- 20 would be on the southeast corner of that
- 21 intersection, sir?
- 22 A Yes.
- 23 Q And clipping or hitting the light
- 24 standard?
- 25 A Yes.

- 1 Q And then being forced back on to the
- 2 road, or making its way back on to the road, and
- 3 then ending up again back in the snow bank. Is
- 4 that a fair description?
- 5 A That's correct.
- 6 Q And, sir, you have inferred that that
- 7 was as the result of the shape that the vehicle
- 8 was in, sir?
- 9 A Yes.
- 10 Q And I think, it probably goes without
- 11 saying, that you didn't have an opportunity to
- inspect the mechanical fitness of the vehicle?
- 13 A No.
- 14 Q So this is a surmise that you are
- 15 making, based on your observation of the movement
- of the vehicle and your experience as a collision
- 17 repairman?
- 18 A Yes.
- 19 Q So it is kind of like a common sense
- 20 inference that you would draw?
- 21 A Yes.
- 22 Q And, sir, we noticed, from your
- 23 earlier testimony, that there were no vehicles
- 24 ahead of you. Were there any other vehicles in
- 25 the intersection, at this time, coming maybe from

- 1 the northbound lane?
- 2 A No.
- 3 Q Sir, after the vehicles came to rest,
- 4 were any of them moved at all before the police
- 5 and emergency personnel showed up?
- 6 A No.
- 7 Q Now, you indicated that you originally
- 8 stopped your vehicle at the stoplight in the curb
- 9 lane. What did you do after you stopped your
- 10 vehicle and this horrible collision had been
- 11 unfolding in front of you? After it stopped, what
- 12 did you do?
- 13 A Then I did move my vehicle in front of
- 14 the -- in front of the yellow vehicle, so there
- 15 would be no further traffic that might come
- 16 through that intersection.
- 17 Q That was a very appropriate thing to
- 18 have done. I am going to ask you, when you first
- 19 stopped at the stoplight, did you have any trouble
- 20 bringing your vehicle to a halt?
- 21 A No.
- Q You didn't notice anything slippery
- 23 about the road when you did that?
- 24 A No.
- 25 Q How about when you moved your vehicle

- 1 over to block off the yellow vehicle from further
- 2 potential collision?
- 3 A No.
- 4 Q And, sir, where was this yellow
- 5 vehicle when you moved your vehicle in front of
- 6 it? Where did it come to rest?
- 7 A It was about three or four car lengths
- 8 into the southbound lane, past the intersection.
- 9 Q And do you remember where you put your
- 10 vehicle, sir?
- 11 A I would be almost right at the
- 12 intersection.
- 13 Q You would be, sir, almost?
- 14 A Almost right at the intersection.
- 15 Q Okay. Now, it's a fairly broad
- 16 intersection. Am I to understand, sir -- which
- 17 end of the intersection are you at? Are you at
- 18 the northbound or southbound end of the
- 19 intersection?
- 20 A Southbound.
- 21 Q So you've gone through the
- 22 intersection and you've placed your vehicle -- I
- 23 would imagine, sir, you see those green markings?
- 24 A That would be correct.
- Q Okay. So you are parked, and I take

- 1 it you parked width-wise across there in order to
- 2 try to give some protection to that vehicle?
- 3 A That's correct.
- 4 Q And, sir, what happened then?
- 5 A I got out of my van. I went over and
- 6 looked at the yellow car.
- 7 Q Okay, sir. What was your footing like
- 8 when you walked over there?
- 9 A Fine.
- 11 you might have been wearing?
- 12 A Just probably my work shoes, rubber
- 13 gripped soles.
- 14 Q Okay. And did you make any
- 15 observations of the road conditions on your feet
- 16 at that time, sir? I know you had a lot to think
- 17 about, but I do want to ask you that question?
- 18 A Well, no, they seemed fine.
- 19 Q And, sir, I am not going to get you to
- 20 describe what you saw when you were at the yellow
- 21 vehicle, but what conclusions did you come to,
- 22 sir?
- 23 A There was definitely some serious
- 24 injuries.
- Q Was that a surprise to you to find

- 1 that in that vehicle, sir?
- 2 A No.
- 3 Q And why was that not a surprise?
- 4 A Being the type of car that it was and
- 5 the amount of impact that it had sustained.
- 6 Q And, sir, I take it that you're
- 7 bringing to bear some of your experience with
- 8 collisions, sir?
- 9 A Yes.
- 10 Q When that collision happened, you
- 11 realized that that was a very, very serious
- 12 impact?
- 13 A Yes, it was.
- 14 Q After you realized there were very
- 15 serious injuries, sir, what did you do?
- 16 A I went back to my van.
- 17 Q And how far were you from the yellow
- 18 vehicle when you were -- when you were at that
- 19 van, sir? Can you give us an estimate?
- 20 A Well, if she was three or four car
- 21 lengths into it, then I would have been probably
- 22 two or three from her.
- Q And, sir, can you tell us how far you
- 24 would have been from the blue truck?
- 25 A Probably, I would say, between 10 and

- 1 12 car lengths.
- 2 O So we've heard evidence that it came
- 3 to rest farther south along the left-hand side in
- 4 the bank as you've described it. Did you make any
- 5 observations of movement around that truck from
- 6 your vantage point in the vehicle?
- 7 A Nothing at first. I can't give you a
- 8 time between the time he actually did come out of
- 9 the truck to the time the actual collision
- 10 happened.
- 11 Q It is certainly impossible to give any
- 12 kind of precise time. Are you able to give us,
- 13 without just sheer guessing, an estimate of
- 14 whether we are talking a minute, five minutes, 15
- 15 minutes?
- 16 A I would think somewhere around a
- 17 minute.
- 18 Q So nothing happens for about a minute,
- 19 sir. What occurs then?
- 20 A I am just trying to recall when the
- 21 first person that arrived on the scene was again.
- Q Okay. Sir, we can get to the persons
- 23 who arrived at the scene shortly.
- 24 A Okay.
- 25 Q If we can just focus on him for the

- 1 moment, given that that's where we are.
- 2 A Then he did come out of his truck, he
- 3 did walk up to the vehicle.
- 4 Q Did you see him get out of the truck?
- 5 A Yes, I did.
- 6 Q And which side of the truck did he get
- 7 out of?
- 8 A Driver's side.
- 9 Q And were you able to get a sense as to
- 10 what he looked like as he exited that vehicle?
- 11 A In terms of injuries or --
- 12 Q Both injuries and description?
- 13 A I couldn't see any obvious injuries on
- 14 him.
- Okay. Can you describe the man who
- 16 got out of the truck?
- 17 A He is probably about your height. I
- 18 don't know how tall you are. 5'11", I think, 6
- 19 feet?
- 20 Q Thank you very much.
- 21 A And weight-wise, 190, I would think.
- Q Okay. And any observations about his
- 23 age?
- 24 A Somewhere, I would think 30s,
- 25 somewhere around there.

- 1 Q And anything about his hair style or
- 2 his dress?
- 3 A I believe he was wearing jeans.
- 4 Q And how about his hair? Did you make
- 5 any observations about his hair?
- 6 A Not really, no.
- 7 Q Do you recall telling the East St.
- 8 Paul Police that you observed that he had a short
- 9 hairstyle?
- 10 A A short hairstyle, yeah.
- 11 Q Is that a fair description?
- 12 A That's fair, yeah.
- 13 Q All right. He gets out of his
- 14 vehicle, and then what happens, sir?
- 15 A He walked over to the yellow vehicle.
- 16 He stared at it for about 15 to 30 seconds, and
- 17 then walked back to his truck again.
- 18 Q Okay. And did you watch him walk
- 19 towards the vehicle?
- 20 A Yes, I did.
- 21 Q And did you watch him walk back to the
- 22 vehicle?
- 23 A Yes, I did.
- Q Can you describe the way that he
- 25 moved, sir?

- 1 A I would say it was in a state of
- 2 shock.
- 3 Q Why would you say that?
- 4 A Because it would -- there was no sense
- of urgency to it. Like he wasn't racing up there
- 6 to -- seeing what he had done or what has
- 7 happened. It was more just a slow deliberate
- 8 walk.
- 9 Q Did that strike you as unusual, sir?
- 10 A Yes and no.
- 11 Q And can you elaborate on that?
- 12 A Yes, it does surprise me that after
- 13 you've been in an accident, such as that, that you
- 14 would want to see if -- you would want to get up
- 15 there fast to see what had happened or what he had
- 16 done. And then, on the other hand, no, because
- 17 you would be in such a state of shock, you haven't
- 18 realized what you had done yet.
- 19 Q Okay. That's fair. Was there anyone
- 20 else in the truck that you were able to determine?
- 21 A I didn't see anybody else in the
- 22 truck.
- 23 Q As he approached the vehicle, he would
- 24 have been, of course, closer to you than when he
- 25 left the truck?

- 1 A That would be correct.
- 2 Q And did you make any observations
- 3 about whether he appeared to be injured at all
- 4 when he was in that proximity to you?
- 5 A The only thing that I can recall now
- 6 is that he may have had a bleeding nose.
- 7 Q Was there anything in the way he moved
- 8 that might suggest he had an injured leg or --
- 9 A No.
- 10 Q -- or injured back or anything like
- 11 that?
- 12 A (No audible response).
- 13 Q You described him standing by the
- 14 yellow vehicle for a period of time. I believe
- 15 you said it was 13 to 15 seconds?
- A M'hm.
- 17 Q Were you able to observe what he was
- 18 doing at that point, sir?
- 19 A Nothing but staring.
- 20 Q And how far away from that vehicle was
- 21 he when you made the observations of him standing
- 22 and staring?
- 23 A Five to ten feet.
- Q Did you get any impression of any
- 25 emotional state on his part, sir?

- 1 A No.
- 2 Q Did he do anything, apart from
- 3 standing and staring, offer assistance, anything
- 4 of that nature?
- 5 A No, he did not.
- 6 Q Did you approach him at all?
- 7 A No, I did not.
- 8 Q I take it, then, that you remained in
- 9 your vehicle?
- 10 A Yes, I did.
- 11 Q Is there a reason why you didn't go
- out and see whether he was okay or approach him?
- 13 A I didn't think it would be appropriate
- 14 if I approached him.
- 15 THE COMMISSIONER: I'm sorry, I missed
- 16 that?
- 17 THE WITNESS: I didn't think it would
- 18 be appropriate if I approached him.
- 19 THE COMMISSIONER: Why?
- 20 THE WITNESS: Because I knew this was
- 21 a serious accident, and it --
- 22 BY MR. PACIOCCO:
- 23 Q Sir, were you angry, or did you want
- 24 to give him some space, what was it?
- 25 A I don't think I was angry. I think I

- was in shock myself.
- 2 Q Fair enough. Do you recall whether he
- 3 approached any other thing, or any other person,
- 4 when he walked up to the yellow vehicle?
- 5 A Not that I'm aware of.
- 7 towards the other vehicle as well, sir. Do you
- 8 recall whether that happened?
- 9 A No, I do not.
- 10 Q And, sir, are you able to say that it
- 11 didn't or is it just a question of you not
- 12 knowing?
- 13 A That I'm not knowing.
- 14 Q Do you recall seeing another woman, or
- 15 a woman, around this location, sir?
- 16 A Yes.
- 17 Q And who would that have been?
- 18 A The driver of the green car.
- 19 Q Did you notice any approach between
- 20 the driver of the green car and the man who came
- 21 out of the blue truck, any time when they came
- 22 together or even got into the same general area?
- 23 A Not that I recall.
- 24 O You described how this man went back
- 25 to his truck. Do you remember what he did when he

- 1 got back to the truck?
- 2 A He leaned up against it.
- 3 Q And, sir, would he have been leaning
- 4 on the back of the truck, the side of the truck,
- 5 the passenger's, the driver's?
- 6 A I believe it was the passenger side
- 7 fender door area.
- 8 Q So towards the inside of the roadway?
- 9 A M'hm.
- 10 Q And you would have continued to have a
- 11 line of sight towards him, sir?
- 12 A Yes, I would have.
- 13 Q He didn't disappear behind the truck?
- 14 A No, he did not.
- 15 Q Now, you began to tell us about others
- 16 at the scene when they may have arrived. Can you
- 17 give us whatever you recall about what happened
- 18 after the accident occurred in terms of other
- 19 people coming on site?
- 20 A Well, definitely the first person that
- 21 I recall being on the scene was firefighter that
- 22 came upon the accident.
- Q Okay. And do you know this
- 24 firefighter?
- 25 A I don't, no.

Volume 6 July 2, 2008 **Taman Inquiry**

Page 1422

Q And do you know who he was? 1

- I do now. I didn't at the time, no. 2 Α
- And I think you are referring to 3
- Mr. Dale Kasper? 4
- Yes, I am. 5 Α
- 6 And how did you come to know that Dale
- 7 Kasper was at that scene?
- 8 Α Well, just through the media.
- And, sir, what was Mr. Kasper doing 9 Q
- when he arrived at the scene, sir? 10
- He took a quick observation of the Α 11
- 12 damaged vehicle.
- 13 That would be the yellow vehicle?
- 14 That would be the yellow vehicle. And
- then he started to direct traffic away from the 15
- 16 accident scene.
- Okay. Now, did you have any 17 Q
- interaction with the driver of the green vehicle? 18
- No, I did not. 19 Α
- 20 Do you recall whether you approached
- the vehicle at all? 21
- 22 Α I don't recall that, no.
- Q I know that you indicated, in one of 23
- your statements, that you believe you may have 24
- approached the vehicle and you may have offered 25

1 your business card, but the woman was on the cell

- 2 phone. Do you recall that?
- 3 A I remember thinking about that.
- 4 Q Okay.
- 5 A But I don't think I ever did it.
- 6 Q Okay. So you are thinking about it
- 7 now. This does not ring any bells for you?
- 8 A Yeah.
- 9 Q But it is something that you had
- 10 reported in the past when giving statements. So I
- 11 take it, given that you had described, at least in
- 12 general terms, approaching and maybe offering your
- 13 business card, there is a possibility that you
- 14 might have done that, sir?
- 15 A A possibility, but not likely.
- 16 Q Did you notice any other women at the
- 17 scene, other than this driver of the green
- 18 vehicle, that you can recall?
- 19 A No.
- 20 Q So after noticing Dale Kasper at the
- 21 scene, who is the next person that you can recall
- 22 arriving at the scene, or the next people arriving
- 23 at the scene?
- 24 A The paramedics.
- Q Okay. And what happened when the

- 1 paramedics arrived?
- 2 A They immediately started to work on
- 3 the yellow car.
- 4 Q Are you able to give us a time
- 5 estimate as to how long you waited before the
- 6 paramedics got there?
- 7 A Probably over five, but less than ten.
- 8 Q And I take it that this episode that
- 9 you described, where the driver of the blue truck
- 10 approached the yellow car, took place before the
- 11 paramedics arrived?
- 12 A Definitely.
- 13 Q And what happened? They went and
- 14 began working on the yellow vehicle. Where were
- 15 you parked at this time?
- 16 A I was parked, actually, just ahead of
- 17 the stop line on the northbound lane.
- 19 vehicle?
- 20 A Yes, I did, so they could get access
- 21 to the yellow car now.
- Q When you say "they could get access",
- 23 I take it the paramedics are coming, and you
- 24 realize that you have done your service, you have
- 25 protected the vehicle, but you have to get out of

- 1 the way so the paramedics can get in there?
- 2 A That's correct.
- 3 Q Did anyone suggest that to you or was
- 4 that something you just did that yourself?
- 5 A I don't recall anybody suggesting that
- 6 to me.
- 7 Q Okay. Now I want you again to
- 8 describe where you put your vehicle?
- 9 A I put my vehicle in the northeast
- 10 corner of the intersection.
- 11 Q Okay. So that would put you, sir, on
- 12 that diagram, you would have to move to the
- 13 right-hand side of the intersection, and then at
- 14 the top of the large square that begins with "PTH
- 15 101"; is that correct, sir?
- 16 A I would have been right there.
- 17 Q Okay. So you are pointing in what
- 18 would be the curb lane?
- 19 A Yes.
- 20 Q So you put your car back basically to
- 21 where you stopped the first time, sir?
- 22 A Only on the opposite side.
- 23 Q "On the opposite side", what do you
- 24 mean by "opposite side"?
- 25 A Well, I was in the curb lane before,

- 1 now I am in the passing lane.
- 2 Q I've got you, sir. That's what I had
- 3 understood initially, sir. So you are in the
- 4 passing lane. Are you back behind the stop line,
- 5 sir, or are you in front of the stop line for the
- 6 vehicles?
- 7 A In front of it.
- 8 Q Okay.
- 9 A I was almost parallel with that --
- 10 with the light standard.
- 11 Q Okay. All right. Sir, you are in
- 12 that part of the intersection. What kind of line
- of vision did you have from there to the truck?
- 14 A Still clear.
- 15 Q Was there anything between you and the
- 16 truck?
- 17 A Pardon me?
- 18 Q Was there anything in between you and
- 19 the truck?
- 20 A No, there was not.
- 21 Q So I take it you would have been to
- 22 the left of the paramedics, sir?
- 23 A Yes.
- Q All right. So you can see, from past
- 25 their left side, you can see your view into the

- 1 truck?
- 2 A Yes, sir.
- 3 Q And, sir, you gave an estimate that
- 4 the police arrived about 10 minutes after? I
- 5 think you indicated you called at 7:07, and I
- 6 think you estimated it was about 10 minutes. Is
- 7 that still your recollection?
- 8 A I don't think it would have been that
- 9 long, no.
- 10 Q So you think they might have been
- 11 there more quickly than that?
- 12 A Yes.
- 13 Q Do you recall how many police officers
- 14 came to the scene, that you observed?
- 15 A I can only recall observing two.
- 16 Q Sir, are you testifying that there
- 17 were only two, or is that all that you recall
- 18 observing?
- 19 A That's all I observed.
- Q Did you see them arrive?
- 21 A No, because they came up from behind
- 22 me.
- Q Did you see the police vehicles
- 24 arrive, sir?
- 25 A No.

- 1 Q Do you know whether there was one
- vehicle, or two, or more?
- 3 A No. I don't know that.
- 4 Q And are you able to tell us where the
- 5 police vehicles would have been left at the time
- 6 that the police officers came to the intersection?
- 7 A I knew that they were behind me, but I
- 8 couldn't tell you their exact locations, no.
- 9 Q Okay. When they are behind you, I
- 10 take it, sir, that your vehicle is still facing
- 11 south?
- 12 A Yes.
- 13 Q So they would have been farther to the
- 14 north of the position that you described?
- 15 A That's correct.
- 16 Q Sir, did you see any police officers
- 17 directing traffic, at any point?
- 18 A Other than at the -- at the main
- 19 turn-off where they are directing traffic off of
- 20 59 on to the 101.
- Q Okay. When you say "the main
- 22 turn-off", am I to understand that you are
- 23 referring to the exit that comes off of Highway 59
- 24 south and leads on to 101, which would be about
- one-fifth of the way down?

July 2, 2008

- 1 A That's correct.
- 2 Q Very close to the warning signs?
- 3 A Yes.
- 4 Q And, sir, how do you know there were
- 5 police officers up there?
- 6 A I could see the flashing lights.
- 7 Q Okay. And I take it that your
- 8 conclusion was they were stopping traffic from
- 9 coming southbound and routing them off that
- 10 off-ramp?
- 11 A That's correct.
- 12 Q And so when you talk about two
- 13 officers being at the scene, that you recall, I
- 14 take it you are not including the people up there?
- 15 A No.
- 16 Q Because all you see is activity and
- 17 lights?
- 18 A Yes.
- 19 Q Okay. Sir, can you describe what you
- 20 observed the police officers, who you did see,
- 21 doing at the scene?
- 22 A I know they went -- one of the police
- 23 officers went and talked to the gentleman in the
- 24 blue truck.
- 25 Q All right. Sir, can you tell us

- 1 approximately how long after you had -- after they
- 2 arrived that that occurred?
- 3 A I can't put a timeline on that.
- 4 Q Are you able to give us any type of
- 5 general parameters that we can work with, sir? I
- 6 know that people don't take out stopwatches to
- 7 watch events like this, but is there any way that
- 8 you can give us any indication to -- well, let me
- 9 put it this way, did you observe the police
- 10 officers doing anything other than going and
- 11 talking to the gentleman at the truck?
- 12 A No.
- 13 Q And can you describe what happens when
- 14 you see the officer going to the truck, sir?
- 15 A He just approached the gentleman in
- 16 the truck, and then they seemed to be conversing
- 17 in a conversation.
- 18 O Okay. And I am going to come back to
- 19 the conversation in a minute. Where did you first
- 20 observe the police officer who was approaching the
- 21 truck?
- 22 A He was walking southbound past my van
- 23 on 59.
- Q Okay. And did you do you know whether
- 25 he passed in front of the driver's side or the

- 1 passenger side of your van as he was going
- 2 southbound?
- 3 A Passenger side.
- 4 Q Okay. So it would have been on the
- 5 roadway, and you are parked off to the side?
- 6 A That's correct.
- 7 Q And do you have a straight line of
- 8 vision to him, sir?
- 9 A Yes, I do.
- 10 Q And he goes from your van. Does he go
- 11 directly to the truck?
- 12 A Yes, he does.
- 13 Q Sir, what happens when he gets out of
- 14 the truck?
- 15 A Again, they seem to be conversing in
- 16 a -- in a conversation.
- Q And when you say "they," who are you
- 18 referring to?
- 19 A The driver of the truck and the
- 20 officer.
- Q Okay. Can you tell us where they were
- 22 relative to the truck?
- 23 A He was still leaning up against the
- 24 truck, so that's where they were having the
- 25 conversation.

- 1 Q So, I take it from your earlier
- 2 answers that that would be on the passenger side?
- 3 A That's correct.
- 4 Q Sir, did you notice anything about the
- 5 conversation that you can share with us? How long
- 6 was the conversation?
- 7 A About five minutes.
- 8 Q And what makes you put a five-minute
- 9 estimate on that conversation, sir?
- 10 A Just by the length of it.
- 11 THE COMMISSIONER: Excuse me, you kept
- 12 saying he was "leaning up against the truck".
- 13 What do you mean by "leaning"? Was there a
- 14 particular way? His back was against the truck?
- 15 THE WITNESS: Yes.
- 16 BY MR. PACIOCCO:
- 17 Q Okay. And the officer who is having a
- 18 conversation with him, where is he relative to the
- 19 man who is leaning up against the truck?
- 20 A In front of him, a little bit off to
- 21 the side.
- Q Okay. How close would you put him to
- 23 the man who is leaning up against the truck?
- 24 A Probably two -- two feet.
- 25 Q Do you see any physical contact

- 1 between the two men?
- 2 A No, I do not.
- 3 Q So would this be two people, one
- 4 leaning and another standing, exchanging some type
- of words; is that your conclusion?
- 6 A They were dialoguing.
- 7 Q And how are you sure of that, sir?
- A I could see both people's mouths move.
- 9 Q You could see both people's?
- 10 A Mouths move.
- 11 Q Their mouths are moving?
- 12 A Yes. So I can't hear the dialogue,
- 13 but there is --
- Q Now, sir, we've heard evidence that
- 15 there may have been more than one officer or
- 16 person in uniform conversing with the gentleman at
- 17 the truck. Are you able to offer any insight as
- 18 to whether that happened, sir?
- 19 A I don't recall seeing two people
- 20 there -- or three people at least.
- 21 Q Is it your evidence that it didn't
- 22 happen, or is it your evidence that you don't
- 23 recall whether there was more than one officer?
- 24 A I don't recall if there was more than
- 25 one officer.

- 1 Q So, I take it from your answer, sir,
- 2 and don't let me put words in your mouth, but I
- 3 take it, from your answer, that you don't think
- 4 so, but you are not ruling it out?
- 5 A That would be correct.
- 6 Q Sir, after they -- they were
- 7 conversing for this period of time. Does the
- 8 gentleman that is leaning up against the vehicle,
- 9 do you recall whether he remains leaning up
- 10 against the vehicle?
- 11 A I don't think he remained up against
- 12 the vehicle for the whole time. Once they started
- 13 talking, then he stood up.
- 14 Q And do you recall whether he bent over
- 15 at any point in time?
- 16 A No. I don't remember that.
- 17 Q And, again, sir, you indicated that
- 18 you don't remember it. Are you indicating that
- 19 you don't think that happened, or are you just
- 20 indicating that you don't have a recollection of
- 21 it?
- 22 A I don't think that happened.
- 23 Q So what happens after this five-minute
- 24 conversation at the vehicle, sir?
- 25 A They basically escorted him away from

- 1 the vehicle.
- Q When you say "they," sir, who are you
- 3 referring to?
- 4 A Or them, they would be the police
- 5 officer and the driver of the truck, being
- 6 escorted past my van and then out of my sight
- 7 line.
- 8 Q Now, you've used the word "escort."
- 9 What do you mean by that?
- 10 A They were walking together.
- 11 Q Are you able to tell us, in any more
- 12 detail, how they were walking together?
- 13 A The driver was slightly in front of
- 14 the police officer.
- 15 Q Did you notice any contact between
- 16 them?
- 17 A No, I did not.
- 18 Q Are you able to describe the posture
- 19 of the driver while he was walking? Was he
- 20 standing as he walked? Was he bent over as he
- 21 walked, or is there anything --
- 22 A Standing, normal.
- 23 Q And did you notice any contact between
- 24 them?
- 25 A No, I did not.

- 1 Q And I take it that they are coming in
- 2 your direction, at this point?
- 3 A Yes, they were.
- 4 Q Did you make any observation of how
- 5 fast they were walking?
- 6 A Normal walking pace.
- 7 Q Was there any assistance being given
- 8 to the gentleman who was with the police officer?
- 9 A Not that I recall.
- 10 Q Did you observe anyone being
- 11 handcuffed or searched? Did you observe any of
- 12 that taking place?
- 13 A No, I did not.
- 14 Q Now, you indicated they walked past
- 15 your vehicle. How close did they get to your
- 16 vehicle?
- 17 A Within three feet.
- 18 Q Do you recall whether they were
- 19 walking on the roadway adjacent to the passenger
- 20 side of your vehicle --
- 21 A Yes, they were.
- 22 Q -- or did they pass by the driver's
- 23 window?
- 24 A Passenger side.
- 25 Q You commented earlier about the

- 1 possibility that this man, who was driving the
- 2 truck, may have had a bloody nose. Did you make
- 3 any observations, at that time, about his physical
- 4 condition?
- 5 A No.
- 6 Q So they went past your vehicle and out
- 7 of your line of sight, is that fair, sir?
- 8 A That's correct.
- 9 Q Do you know where they went after they
- 10 went past your vehicle?
- 11 A No, I do not.
- 12 Q Now, sir, are you able to give us any
- 13 type of time estimate as to, at what point in time
- 14 they came by your vehicle relative to when the
- 15 police arrived?
- 16 A Not a definite one, no.
- 17 Q Okay. And you indicate "not a
- 18 definite one". Is there one that is worth
- 19 sharing, or would you just be guessing? And we
- 20 don't want you to.
- 21 A I would be guessing.
- 22 Q Thank you for that. Do you recall,
- 23 after the gentleman went by your truck, seeing
- 24 anybody approach the truck, any police officers or
- 25 anyone else?

- 1 A I don't recall that, no.
- 2 Q In fairness to you, sir, what were you
- 3 doing as you were sitting in the vehicle? What
- 4 were you attending to or watching after the man
- 5 went by your vehicle?
- 6 A I was just trying to collect my
- 7 thoughts at that point in time.
- 8 Q And do you recall what the condition
- 9 or the situation was at the yellow vehicle?
- 10 A In -- sorry, in what terms?
- 11 Q Well, were the paramedics still there
- 12 and still working on the vehicle, I guess, is what
- 13 I'm trying to find out?
- 14 A I don't believe they were.
- 15 Q Sir, I'm going to ask you to take a
- 16 look at another statement, if I can. This is a
- 17 statement that you gave to the RCMP. Do you
- 18 recall being interviewed by the RCMP, sir?
- 19 A Yes, I do.
- MR. PACIOCCO: And, again, this
- 21 document, for the record, can be found at tab
- 22 C.12.b. This is a statement dated May 30, 2006.
- 23 And that will become exhibit?
- 24 THE CLERK: 73.
- MR. PACIOCCO: Exhibit 73.

```
1 (EXHIBIT 73: C.12.b, Statement by
```

- 2 Garth Shaw to RCMP)
- 3 BY MR. PACIOCCO:
- 4 Q Sir, you gave a statement to the RCMP?
- 5 A Yes, I did.
- 6 Q And do you recall the circumstances in
- 7 which you gave that statement, why you ended up
- 8 giving a statement to the RCMP?
- 9 A No, I don't.
- 10 Q But they later interviewed you? They
- 11 re-interviewed you, just the one time, the RCMP.
- 12 It was after the East St. Paul --
- 13 A Yes.
- 14 Q -- and it takes place almost a year
- 15 later.
- 16 A Yes.
- 17 Q And do you recall them telling you why
- 18 they were re-interviewing you?
- 19 A To be honest, I don't know if they
- 20 ever -- if they ever gave me a reason why they
- 21 were interviewing me.
- 22 Q Sir, what conclusions did you draw
- 23 about why you were being re-interviewed?
- 24 A Other than what I've read in the
- 25 paper, that I knew that there was issues

- 1 surrounding the investigations of the --
- 2 Q Okay. So did you draw a conclusion,
- 3 based on what you read in the paper, as to why
- 4 they were there?
- 5 A Yes.
- 6 Q And that conclusion was?
- 7 A There has been some misconduct
- 8 somewhere.
- 9 Q Misconduct, or maybe mistakes, or
- 10 maybe something not done right, and it was now
- 11 being done by another police force.
- 12 All right, sir, now getting back to
- 13 the question of whether or not the paramedics were
- 14 still there, I am going to ask you to turn, if you
- 15 would, please, to page 204 of the statement.
- And you indicate, sir, down in the
- 17 last quarter of the page, you are being asked
- 18 questions and you are in somewhat of a narrative
- 19 here. You are saying that:
- 20 "Trying to recall if the paramedics
- 21 went over to see the gentleman in the
- 22 blue truck but I just -- but I can't
- 23 recall because I was focused more on
- that than I was that, but I do
- remember on the police coming up to

1	the vehicle, them escorting him from
2	his vehicle, past me, and then passing
3	my line of sight more so. I don't, I
4	don't know what happened to him after
5	that. I'm assuming that he went to
6	the police cruiser after that."
7	I will just have a moment, please,
8	sir. Okay. I am going to look for this reference
9	after, Mr. Shaw, I apologize. Thank you for your
10	indulgence.
11	So you are in the vehicle after the
12	police have escorted this gentleman by you. What
13	happens next?
14	A The next thing I do recall is an
15	officer coming up to the van, asking me if he
16	could speak with me, and he gets into the van. We
17	have a discussion, saying that I will have to
18	provide a statement, just not at this time.
19	Somebody will come see me tonight. And just asked
20	me about my general overall health state at that
21	point.
22	Q Okay. I want you to think back, sir,
23	how many times were you approached at the van by
24	the police officers?
25	A Twice.

- 1 Q Okay. And can you describe the first
- 2 time you were approached?
- 3 A The first time I was approached, it
- 4 was very brief. They just asked me to stay around
- 5 the accident scene because you will have to
- 6 provide a statement.
- 7 Q And how many police officers were
- 8 present when they asked you to stay around the
- 9 accident scene because you would have to provide a
- 10 statement?
- 11 A Two, that's it.
- 12 Q At that time there were two officers
- 13 who approached?
- 14 A Well, sorry, one approached the van.
- 15 Q Okay. And so are you able to tell us
- 16 whether that was the same officer that you saw
- 17 escorting the man from the blue truck?
- 18 A No, it was not.
- 19 Q It was not him?
- 20 A No.
- 21 Q It was another officer that you saw at
- 22 the scene?
- 23 A That's correct.
- Q Okay. And then you talked about
- another officer approached your vehicle?

- 1 A Yes.
- 2 Q And when did that occur?
- 3 A After -- pretty much after everything
- 4 was concluded.
- 5 Q All right. And when you say "pretty
- 6 much after everything was concluded, " what are you
- 7 describing, sir?
- 8 A With the driver of the blue truck
- 9 being taken away, all of the ambulances have
- 10 already left the scene now.
- 11 Q Okay. And so the scene is fairly
- 12 still. You've still got police, of course,
- 13 blocking off traffic?
- 14 A Yes. The investigation is still going
- 15 on, but --
- 16 Q All right. So you are approached by
- 17 another officer. And what happens when you are
- 18 approached by this other officer?
- 19 A He just asked how I was doing, if I
- 20 needed anything. And then just a discussion of,
- 21 that somebody will be coming to see you to get a
- 22 statement from you later on in the day and --
- Q Was this the same or a different
- 24 officer than the one who first approached you to
- 25 tell you that you would have to stick around?

- 1 A Different.
- 2 Q And, sir, are you able to indicate
- 3 whether this second officer who approached you was
- 4 the same one that you saw speaking to the man in
- 5 the blue truck?
- 6 A Yes, it was.
- 7 Q So it was the same officer, sir?
- 8 A Yes, it was.
- 9 Q And how long did you speak to this
- 10 officer?
- 11 A Probably five minutes.
- 12 Q And did he take a statement from you
- 13 at that point, sir?
- 14 A No.
- 15 Q And you've said that there -- it would
- 16 be better to have someone come around your place
- 17 and do it later?
- 18 A Yes.
- 19 Q Sir, are you able to identify who this
- 20 officer was?
- 21 A I wasn't at the time, but I am now.
- Q Okay. And how is it that you are able
- 23 to identify him now?
- 24 A By the media.
- 25 Q I'm sorry?

- 1 A By the media.
- 2 Q And did you see a picture of this
- 3 officer?
- 4 A Yes, I did.
- 5 Q And that would have been subsequently
- 6 you saw a photograph?
- 7 A Yes.
- 8 Q And who was the officer whose
- 9 photograph you saw, sir?
- 10 A The Chief of Police --
- 11 Q Would that be Chief --
- 12 A -- at the time.
- 13 Q Would that be Chief Bakema?
- 14 A Yes, it was.
- 15 Q And so he is the gentleman you spoke
- 16 to at the car?
- 17 A Yes.
- 18 Q He is also the one that you saw having
- 19 a conversation with Mr. Harvey-Zenk?
- 20 A I believe so, yes.
- 21 Q And, sir, what happened after you had
- that conversation with this police officer?
- 23 A I believe I was allowed to leave the
- 24 scene.
- Q Are you able to tell us when you left

- 1 the scene?
- 2 A Not exactly, no.
- 3 Q Are you able to give us a worthwhile
- 4 estimate or would you just be guessing?
- 5 A Well, I believe I got -- I did go to
- 6 work, and I believe I got to work before lunch, so
- 7 11:30, approximately. So I would be leaving there
- 8 11:00.
- 9 Q Okay. So, again, probably a pretty
- 10 broad timeframe that it could have been?
- 11 A Yeah.
- 12 Q But probably no later than 11:00,
- 13 would that be fair?
- 14 A I don't think it was later than 11:00.
- 15 Q Okay. But it could have been
- 16 somewhere earlier than that, but you just don't
- 17 know?
- 18 A I would think it would be somewhere
- 19 between 10:30 and 11:00.
- 20 Q And you will notice that we did put a
- 21 document in front of you that became Exhibit 72,
- 22 and that was your interview with the East St. Paul
- 23 Police. That officer that you referred to as
- 24 Jason, was Jason one of the officers that you
- 25 personally saw at the scene?

- 1 A I didn't personally see Jason at the
- 2 scene.
- 3 Q So if he was there, you didn't have
- 4 any contact with him?
- 5 A No.
- 6 Q All right. Sir, I'm going to move to
- 7 2007, the summer of 2007 and the court hearings.
- 8 Had you had any contact with anyone after you gave
- 9 the statement to the RCMP, before you went to the
- 10 court hearings in 2007?
- 11 A No, I did not.
- 12 Q Did you ever have any contact with a
- 13 prosecutor in the case prior to attending court?
- 14 A No, I did not.
- 15 Q No phone calls or anything like that?
- 16 A Other than the subpoena.
- 17 Q And you did, I understand, go to the
- 18 Law Courts in connection with this case?
- 19 A Yes, I did.
- 20 Q How many times did you attend?
- 21 A Twice.
- Q And I understand that would have been,
- 23 I think on the 16th and 17th of July, 2007?
- 24 A Yes.
- 25 Q And what happened when you attended

- 1 court, sir?
- 2 A Just checked into the -- into the
- 3 office at the Law Courts Building, and they asked
- 4 me to wait, so that's what I did.
- 5 Q Okay. So you are in an office, and I
- 6 take it this is an office for witnesses?
- 7 A The witness office at the Law Courts
- 8 Building, yes.
- 9 Q Okay. And what happens then, sir?
- 10 This is the first day. Let's deal with the first
- 11 day. Okay. You are waiting and what happens,
- 12 sir?
- 13 A Waiting for a fair length of time, I
- 14 think it was already 10:30 or 11:00, I think, when
- 15 Marty came in.
- 16 Q Okay. When you refer to "Marty", I
- take it you are referring to Mr. Martin Minuk?
- 18 A That's correct.
- 19 Q Did you know him before this?
- 20 A No, I did not.
- 21 Q Okay. So you met him that day?
- 22 A Saw him, yeah, I didn't really meet
- 23 him yet.
- Q You saw him. And what happened when
- you saw him, was there any conversation with him?

- 1 A Very brief, just saying that they
- 2 might be plea bargaining so they're -- they won't
- 3 know anything until the next morning.
- 4 Q Okay. And I take it you were released
- 5 at that point in time?
- 6 A Yeah.
- 7 Q And you came back the next day?
- 8 A Came back the next day.
- 9 Q And why did you come back the next
- 10 day?
- 11 A Because I wasn't -- there was no,
- 12 really no conclusion so I didn't know if I was
- 13 supposed to come back or not come back, but I did
- 14 come back.
- 15 Q Okay. And that's because you were
- 16 subpoenaed for the whole week?
- 17 A Yes.
- 18 Q And you hadn't been told you were
- 19 released?
- 20 A No.
- 21 Q Okay. And what happened when you came
- 22 back the second day?
- 23 A Basically the same thing again,
- 24 waited, checked in, waited.
- 25 Q Checked in at the witness office

- 1 again?
- 2 A Yes.
- 3 Q And you wait, and how long do you wait
- 4 this day?
- 5 A Pretty much the same amount of time.
- 6 Q What happens after your wait is over?
- 7 A Then Mr. Minuk come and -- comes, and
- 8 I believe, I can't remember if all three of us
- 9 were still there, or just the two of us were still
- 10 there then.
- 11 Q When you say all three of you or just
- 12 the two of you, who are you referring to?
- 13 A The two other witnesses.
- 14 Q So there were two other witnesses in
- 15 connection with this case?
- 16 A Yes.
- 17 Q Do you know who they are?
- 18 A I know Kathy.
- 19 Q Okay. You motioned to Kathy, but --
- 20 A She is already gone.
- 21 Q Okay. She was in the body of the
- 22 court today, so you would be referring to Kathy
- 23 Bukowski?
- 24 A Yes.
- 25 Q And the other witness, are you able to

- 1 tell us whether that was a man or a woman?
- 2 A That was a man.
- 3 Q Okay. And what happened?
- 4 A He took us out in the hallway and he
- 5 explained that they had plea bargained.
- 6 Q And?
- 7 A And there would be no trial.
- 8 O And we have information that one of
- 9 the other witnesses who was in attendance at that
- 10 time for the hallway meeting was a Ms. Denise
- 11 Bukowski, another woman. Does that ring any bells
- 12 for you?
- 13 A No.
- 14 Q And are you able to describe anything
- 15 beyond what you just have about the conversation
- 16 about the plea bargain? Can you think back and
- 17 see if you can remember anything else about that
- 18 conversation on your own, sir?
- 19 A Mr. Minuk just said that it was due to
- 20 a poor investigation that this was probably the
- 21 best outcome that could be expected from that
- 22 trial.
- 23 Q Mr. Minuk said that due to the
- 24 investigation, this is probably the best outcome?
- A M'hm.

July 2, 2008

Page 1452

Q Did he describe the outcome for you? 1

- He wasn't -- he didn't say what Α No. 2
- the sentence was going to be. 3
- Do you recall any conversation about Q 4
- the sentence, or what position was going to be, or 5
- 6 what likely the sentence was likely to be?
- 7 Likely he said he would probably get
- some sort of -- some house arrest. 8
- Okay. Was there any conversation by 9 Q
- him in terms of how much evidence he had? 10
- Α No. 11
- Do you recall any reference to the 12
- 13 three of you being the only witnesses?
- 14 Α No.
- O Do you recall whether he expressed any 15
- feelings about the fact that this had ended in a 16
- plea bargain? His sense of that outcome, do you 17
- recall anything like that? 18
- Lack of caring maybe. 19 Α
- 20 When you say "lack of caring," what do
- 21 you mean, sir?
- 22 Α Well, no emotion, like just another --
- just another deal. 23
- Okay. And why do you say that? 24
- Because it kind of -- it kind of 25

- 1 reminds me of the car business a little bit.
- 2 O The car business?
- 3 A It's just another deal, another one in
- 4 the books.
- 5 Q You made some reference to the way the
- 6 investigation was handled. Was there any
- 7 elaboration on that that you can recall?
- 8 A I'm not sure.
- 9 Q So you don't remember any details
- 10 about how the investigation was handled, or what
- 11 the problems were, or anything like that?
- 12 A Oh, from Marty?
- 13 Q From Mr. Minuk or anyone else present?
- 14 A No. There wasn't, no.
- 15 Q Were there any questions being asked
- 16 by anyone there? Did anyone else participate in
- 17 the conversation, that you can recall?
- 18 A I think there was some general
- 19 discussion. I just can't remember the exact
- 20 content of it all.
- 21 Q Do you recall any comments about
- 22 Mr. Harvey-Zenk choosing to plead guilty?
- 23 A No.
- Q Do you recall any discussion about
- 25 skid marks?

- 1 A No.
- 3 whether or not Mr. Harvey-Zenk falling asleep
- 4 might have been the cause of the accident?
- 5 A No.
- 6 Q Do you recall any discussion about
- 7 fatigue, and working a large number of shifts, or
- 8 anything like that?
- 9 A No.
- 10 Q Are you able to tell us how long the
- 11 conversation in that group took place?
- 12 A It wouldn't have been more than five
- 13 minutes.
- 14 Q Okay. Are you able to tell us whether
- 15 you stayed for the whole conversation? Did you
- 16 walk away while it was still going on, or did it
- 17 just kind of break up?
- 18 A No. We all stayed pretty much
- 19 together until it was --
- 20 Q Okay. So the conversation you felt
- 21 was pretty much over when you left?
- A M'hm.
- 23 Q Sir, did anyone take any steps to
- 24 prepare you to testify in the case?
- 25 A No, they did not.

- Q How did that strike you, sir? 1
- Odd. 2 Α
- Why would that have struck you as odd? 3
- Because I think not knowing what to Α 4
- expect would put a lot of pressure on somebody in 5
- that kind of a setting. 6
- 7 So you feel somebody should have
- spoken to you? 8
- To prepare, just to prepare you for 9 Α
- what to expect and --10
- MR. PACIOCCO: Okay. 11
- 12 Mr. Commissioner, it's now 3:23. I do
- 13 have one reference in the transcript that I lost
- 14 when I was questioning Mr. Shaw, that I may look
- for, so it would be a good time for me to break, 15
- 16 and then if I have no further questions, I will
- just get up and say that, otherwise I will finish 17
- on that point. 18
- THE COMMISSIONER: I take it counsel 19
- 20 want 15 minutes?
- 21 THE CLERK: Order. All rise, this
- 22 session is in recess.
- 23 (Proceedings recessed at 3:23 p.m. and
- reconvened at 3:40 p.m.) 24
- 25 THE CLERK: All rise. This Commission

- 1 of Inquiry is now reopened. Please have a seat.
- 2 MR. PACIOCCO: Thank you,
- 3 Mr. Commissioner. I don't have any further
- 4 questions for Mr. Shaw, but I do have a correction
- 5 to make. Ever since I have been six feet I have
- 6 trouble with proper names, and I referred to Cathy
- 7 Bukowski and I should have referred to Kathy
- 8 Beattie.
- 9 BY MR. ZAZELENCHUK:
- 10 Q Just a couple of points to cover with
- 11 you, sir. Prior to July of 2007, had you ever
- 12 been a witness in a court proceeding?
- 13 A No, I have not.
- 14 Q No. Had you ever seen the inside of a
- 15 courtroom?
- 16 A I don't think so, no.
- 17 Q You met with Commission Counsel on
- 18 more than one occasion prior to giving your
- 19 evidence today, isn't that correct? You met with
- 20 them outside, they interviewed you a few months
- 21 ago?
- 22 A Yes.
- 23 Q And you were prepared for today in
- 24 terms of being told what is going to happen and
- 25 everything else?

Volume 6 **Taman Inquiry** July 2, 2008

Page 1457

Yes, I was. 1 Α

- Do you find that comforting at all? 2 Q
- Yes, I do. Α 3
- Moving on, immediately after -- or Q 4
- after the impact that you described to us earlier, 5
- the gentleman in the truck got out and he walked 6
- 7 about. And when you were asked by Commission
- Counsel whether you approached him, you said you 8
- didn't think it was appropriate to approach him. 9
- And when asked by Mr. Commissioner you said that 10
- you think you were still a bit shocked yourself? 11
- 12 Α Yes.
- Could it be that you were afraid to 13 Q
- 14 approach this man?
- I don't think I was afraid. 15 Α
- 16 Okay. Fair enough. I wonder if Madam Q
- Clerk would be good enough to give you F3.37, page 17
- 2. You observed the driver of the truck walking 18
- about and you observed him with the police 19
- officers, and I think you told us when the police 20
- 21 were escorting him he came very close to your van
- 22 so you were able to get a good look at him?
- 23 That's true. Α
- Do you recognize that photo? 24 Q
- Not the facial, no. 25 Α

- 1 Q And that's the photo that appears at
- 2 page 1313 at the bottom of the page, is that the
- 3 number that's written at the bottom of your page?
- 4 A Yes, it is.
- 5 Q Thank you, sir.
- 6 MR. McDONALD: I have no questions,
- 7 Mr. Commissioner.
- 8 THE COMMISSIONER: Thank you.
- 9 BY MR. WEINSTEIN:
- 10 Q On May 30th, 2006, you may not
- 11 remember the date, you gave a statement to the
- 12 RCMP, correct?
- 13 A Correct.
- 14 Q Under oath, do you recall?
- 15 A I can't remember if they made me take
- 16 an oath or not.
- 17 Q All right. And you've read your
- 18 transcript, have you, before coming here today?
- 19 A Yes, I have.
- Q Then on March the 4th, 2008, not Mr.
- 21 Paciocco, but Mr. Paciocco's taller assistant,
- 22 Mr. Clifford, did ask you questions; is that
- 23 correct?
- 24 A Yes.
- 25 Q The gentleman over there?

- 1 A Yes, he did.
- 2 Q And do you recall at that time you
- 3 were affirmed by the court reporter, asked whether
- 4 you wanted to swear on a Bible or be affirmed, and
- 5 you chose to be affirmed; correct?
- 6 A Yes.
- 7 Q And you were asked questions and
- 8 naturally you did the best of your ability to give
- 9 correct and accurate answers; correct?
- 10 A That's correct.
- 11 Q And you didn't want to guess at
- 12 answers; correct?
- 13 A That's true.
- 14 Q And the answers you gave, generally
- 15 you wanted to be as definite as possible, correct?
- 16 A Correct.
- 17 Q So I will refer to that transcript
- 18 later, but you noticed the person in the truck
- 19 now. You had a good line of vision with that
- 20 truck, with that person, correct?
- 21 A That's correct.
- 22 Q Throughout your stay at that accident
- 23 scene nothing obstructed you, in your view, of
- 24 that person, of that truck; correct?
- 25 A That's correct.

- 1 Q Because you had such a good line of
- vision you saw the person getting out of the
- 3 truck; correct?
- 4 A Correct.
- 5 Q And no one had to assist him out of
- 6 the truck, he got out on his own; correct?
- 7 A That's correct.
- 8 Q Naturally he got out of the truck on
- 9 the driver's side, correct?
- 10 A Correct.
- 11 Q And one thing, according to your
- 12 police statement, you noticed he had some bleeding
- 13 nose. Just to refresh your memory, your police
- 14 statement taken by Jason Woychuk, "that's when I
- 15 noticed the gentleman get out of his truck, his
- 16 nose was bleeding, " correct?
- 17 A As far as I can recall, yes.
- 18 Q And that's just what I'm asking you to
- 19 do, try and recall, be as definite as you can, I'm
- 20 not going to try and put words in your mouth
- 21 because it is your answers that we are interested
- in. Now, he gets out and you see him walking,
- 23 correct?
- 24 A That's correct.
- Q He walks first to that yellow car,

- 1 correct? And you will have to answer yes or no
- 2 rather than shaking your head.
- 3 A That's correct.
- 4 Q And to the best of your ability, he
- 5 stood there for about 30 seconds?
- 6 A For a length of time.
- 7 Q And when you give estimates of time,
- 8 they are estimates, you are not sitting there
- 9 looking at your watch; is that fair?
- 10 A That's a fair statement.
- 11 Q So when you give an estimate of 30
- 12 seconds, you could be off, it could be less;
- 13 correct?
- 14 A That's correct.
- 15 Q And when you give an estimate of five
- 16 minutes that there was this police officer by the
- 17 car, you could be off, it could be less; correct?
- 18 A That's correct.
- 19 Q All right. So you see him walking
- 20 towards the yellow car. He is standing there for
- 21 about 30 seconds, and then he walks back to the
- 22 truck; correct?
- 23 A Correct.
- 24 Q And you are watching him walking
- 25 towards the car, standing there and walking back;

```
1
    correct?
           A Correct.
 2
                Nothing unusual about his walk,
 3
    correct?
 4
              Correct.
 5
           Α
 6
           Q
                He is not staggering; correct?
 7
           Α
               Correct.
 8
           Q He is not stumbling?
           A Correct.
 9
                He is walking generally in a straight
10
    line to his vehicle, correct?
11
12
           A
                Correct.
13
           Q And you keep watching him, and
14
    basically -- not basically -- he is standing by
15
    his truck, correct?
16
           A Correct.
           Q And Mr. Commissioner asked you how he
17
    was standing and sort of the back -- his back
18
    leaning against the truck?
19
20
           Α
                Correct.
                Is that correct? All right. Now fire
21
22
    personnel arrive, paramedics arrive and police
23
    arrive; correct?
24
           A
                Correct.
25
                Now, what you observed was one police
```

```
officer going up to the person at the truck, one;
```

- 2 isn't that correct?
- 3 A From what I recall, yes.
- 4 Q Yes. Not two, not three, and not
- 5 could have been, what you observed was one person
- 6 going up to the truck; correct?
- 7 A From what I recall.
- 8 Q Because -- that's just to refresh your
- 9 memory just from your commission interview, you
- 10 said at page 29, one police officer went up there
- 11 and you could see them having conversation, the
- 12 conversation was probably about five minutes in
- 13 length, two of them walk back together. So you
- 14 are very, very clear that it is one police officer
- 15 going up and there is the two of them walking
- 16 back; correct?
- 17 A Correct.
- 18 O That's clear in your mind, correct?
- 19 A That's clear in my mind.
- Q And when two walk back, there is one
- 21 police officer and the person from the truck,
- 22 right? And as you said at page 30, no other
- 23 police officer approached the driver of the truck;
- 24 correct?
- 25 A From what I recall, yes.

- 1 Q And that's what you said when you were
- 2 interviewed by Mr. Clifford under oath because I'm
- 3 referring to your transcript, sir. One goes up,
- 4 two come back. Right?
- 5 A Right.
- 6 Q We are good so far, no other police
- 7 officer has approached. There is a brief
- 8 conversation, five minutes, four minutes, you
- 9 can't say for certain; correct?
- 10 A Yes.
- 11 Q Sorry, again --
- 12 A That's okay.
- 13 Q If it is yes or no, you can't nod.
- 14 A Okay.
- 15 Q As you told the interviewee they
- 16 weren't really in each other's space, there was
- 17 some distance, be it two feet or three feet apart;
- 18 correct?
- 19 A Normal conversation distance.
- Q Yep, and that's why you said in your
- 21 interview not in their personal space; correct?
- 22 A Correct.
- 23 Q Some distance away. And as they were
- 24 walking back after this brief chat -- oh, by the
- 25 way, when that police officer approached, the

```
1 driver was still out of the truck, correct,
```

- 2 standing by the truck?
- 3 A Yes.
- 4 Q He wasn't inside the truck; correct?
- 5 A Not that I recall.
- 6 Q Well, you saw it, correct?
- 7 A Correct.
- 8 Q He was still standing by the truck,
- 9 one police officer approaches, so both are
- 10 standing; correct?
- 11 A Correct.
- 12 Q And to suggest to you that two police
- 13 officers had to assist him out of the driver's
- 14 seat, that did not happen; correct?
- 15 A Not that I recall.
- 16 Q And you were watching, right? You
- 17 were watching?
- 18 A Yes.
- 19 Q Okay. And as they were walking back,
- 20 they went by you; correct?
- 21 A Yes.
- Q And as they walked by you, I mean they
- 23 are even closer, it is the guy from the truck and
- 24 one police officer; correct?
- 25 A Correct.

- 1 Q And as they were walking back from the
- 2 truck, as you told Mr. Clifford, the driver was a
- 3 bit ahead of the officer, the officer, not a group
- 4 of officers, not two, "the officer," correct?
- 5 A Correct.
- 6 Q And you were asked whether they were
- 7 still engaged in conversation at that time as they
- 8 are walking back. You said to Mr. Clifford, "not
- 9 that I recall." Correct?
- 10 A Correct.
- 11 Q All right. Now your statement was
- 12 taken, as Mr. Paciocco pointed out, some time
- 13 after 10:00 o'clock that night; correct?
- 14 A That's correct.
- 15 Q And you will probably agree with me it
- 16 was probably better to do it later than at the
- 17 scene because you were sort of in your own state
- 18 of shock, correct? Or stunned, whatever?
- 19 A I don't know if I agree with that
- 20 but --
- 21 Q All right. But things were still as
- 22 clear in your mind at 10:00 o'clock at night as
- 23 they were at 7:00, 7:30; correct?
- 24 A I wouldn't say that, no.
- Q Were things clear in your mind when

- 1 you gave your statement to the RCMP?
- 2 A As time goes on it is harder and
- 3 harder to remember.
- 4 Q Right. Yeah. I'm just a little
- 5 confused at one part of your statement to the
- 6 RCMP. You said two officers arrived -- page 6 of
- 7 his transcript to the RCMP, volume C, page 1201,
- 8 page 6. You said.
- 9 "I believe the gentleman that came to
- 10 talk to me was definitely RCMP. He
- 11 wasn't East St. Paul but East St. Paul
- 12 was there."
- 13 So according to your statement of
- 14 May 30, 2006, Mr. Shaw, there was also some RCMP
- 15 there, correct, according to your statement?
- 16 A I don't believe at that time there
- 17 was, now that -- because I kind of, I learned -- I
- 18 saw the picture of the police officer that talked
- 19 to me after the fact, even after I made that
- 20 statement to the RCMP, and that's how I connected
- 21 the two and two together.
- Q Did someone tell you after you gave
- 23 your statement to the RCMP that you were wrong,
- 24 that there wasn't RCMP there?
- 25 A No.

- 1 Q So they showed you a picture; correct?
- 2 A No, I got the picture from the media.
- 3 Q You got the picture from the media and
- 4 you then on your own say, no, it wasn't a RCMP,
- 5 even though I thought it was an RCMP on May 30th,
- 6 2006, it wasn't a RCMP. When did you see the
- 7 picture in the media?
- 8 A It would be after the statement to the
- 9 RCMP.
- 10 Q So you didn't see any picture of that
- officer until after May 30th, 2006?
- 12 A That's correct, that I connected the
- 13 two together.
- 14 Q Okay. And in that same RCMP
- 15 interview, you also told them there was nothing
- 16 unusual about this conversation that was going on,
- 17 nothing that struck you as unusual. And that's
- 18 what you told the RCMP?
- 19 A Between --
- 20 Q That police officer and the person at
- 21 the truck?
- 22 A No, nothing unusual.
- MR. WEINSTEIN: If I may just have a
- 24 moment, Mr. Commissioner. Thank you, sir. Thank
- 25 you, Mr. Commissioner.

```
1 MR. JACK: We have no questions.
```

- THE COMMISSIONER: You are next, Mr.
- 3 Prober. Any questions?
- 4 MR. PROBER: I have a few.
- 5 BY MR. PROBER:
- 6 Q Mr. Shaw, my name is Jay Prober and I
- 7 represent Derek Harvey-Zenk. When the vehicles
- 8 came to rest after the collision, about how far --
- 9 I'm not guite as tall as Mr. Weinstein or Mr.
- 10 Paciocco, as it turns out. How far was the truck
- 11 approximately from the green vehicle?
- 12 A The green vehicle?
- 13 Q Yes, after the vehicles came to rest,
- 14 about how far was the truck from the green
- 15 vehicle?
- 16 A Well, it is definitely about 12 car
- 17 lengths into the intersection, but you have to
- 18 remember however wide the intersection is on top
- 19 of that, so what is the intersection? 40 feet,
- 20 50 feet?
- 21 Q So you are saying it is 50 feet plus
- 22 about 12 car lengths, which would be, what,
- 23 another 12 times 20 feet approximately?
- 24 A Approximately, yeah.
- 25 Q So that would be 240 feet plus

- 1 another -- close to 300 feet between the truck and
- 2 the green vehicle?
- 3 A If my --
- 4 Q Approximately?
- 5 A If my approximate -- ten car lengths.
- 6 Q Thank you. The earliest statement
- 7 that you gave in this matter was to the East St.
- 8 Paul Police the evening of the accident; correct?
- 9 A Correct.
- 10 Q And it was in that statement, and I
- 11 can take you to it, if necessary, but it was in
- 12 that statement that you may recall that you
- 13 referred to the driver of the truck as having a
- 14 bleeding nose; correct?
- 15 A Correct.
- 16 Q And if you want to see that, I can
- 17 take to you that, but it was also in that
- 18 statement, and I believe it is exhibit 72,
- 19 Mr. Commissioner, that you referred to the
- 20 pavement as being slick at the intersection,
- 21 correct? Do you have that statement in front of
- 22 you, if you are having difficulty with that. Do
- 23 you have the typed version or the written version?
- 24 A Both.
- 25 Q Why don't you go to the typed version

```
1 because it is probably easier to read and you will
```

- 2 see at the bottom of page 2 of that statement,
- 3 which is 199 on the bottom right,
- 4 Mr. Commissioner, and page 2 of the typed version.
- 5 You see that?
- 6 "What were the road conditions at the
- 7 time of the accident?
- I would say they were dry, but a
- 9 little slick near the intersection."
- 10 Do you see that now?
- 11 A Yes.
- 12 Q All right. And that again was the
- 13 first statement you gave, correct?
- 14 A That's correct.
- 15 Q And again in the first statement that
- 16 you gave, if you turn the page on the typed
- 17 version, you will see that you estimated the speed
- 18 of the truck at 70 or 80 kilometres, correct?
- 19 A Correct.
- 20 Q Not 100 or 120?
- 21 A No.
- Q 70 to 80. Okay. Do you have your
- 23 interview with you, your interview that is by
- 24 Commission Counsel?
- 25 A Yes, I do.

1	Q Thank you. If you could turn,
2	please because there is something in an answer
3	you gave I don't understand and perhaps you could
4	help me with it to page 45. You see how they
5	are numbered? There is about four pages on each
6	piece of paper or each side of paper, I should
7	say. Have you got that?
8	A Yes.
9	Q Page 45, answer starting at well
10	question at line 14:
11	"Describe your concern.
12	A Well, my concern was being as I was
13	probably the only witness that I know
14	of anyway that actually saw the
15	accident happen, I felt that the
16	balance of that family's life was
17	depending on me. It wasn't the most
18	comfortable position to be in."
19	This is what I don't understand. You
20	say then:
21	"As you say before, lawyers can turn
22	stuff in different directions."
23	Who said that before?
24	A I don't recall who said that before.
25	Q Who are you talking about there or you

- 1 don't know?
- 2 A I think I'm talking as TV shows in
- 3 general and what you see on TV shows.
- 4 Q And that's what you meant by that?
- 5 A Yes.
- 6 O Okay. You were asked towards the end
- 7 of your examination by Commission Counsel about
- 8 the contents of a discussion you had or didn't
- 9 have at the law courts. He asked you about, do
- 10 you recall any discussion about falling asleep as
- 11 being the cause of the accident. Do you recall
- 12 that exchange with Commission Counsel?
- 13 A Yes, I do.
- 14 Q Now you are not saying that that
- 15 conversation didn't occur, you just don't recall
- 16 it; correct?
- 17 A I don't remember ever mention of it.
- 18 Q Right. You are not saying that you
- 19 were there for all of the conversation between Mr.
- 20 Minuk and any of the other witnesses, potential
- 21 witnesses?
- 22 A That's correct.
- 23 Q There could have been conversations
- 24 between Mr. Minuk and Ms. Beattie that you weren't
- 25 privy to; correct?

- 1 A That's correct.
- 2 O Or conversations between Mr. Minuk and
- 3 Ms. Bukowski that you weren't privy to?
- 4 A That's correct.
- 5 MR. PROBER: Thank you, sir, those are
- 6 my questions.
- 7 MR. BOYD: No questions.
- 8 THE COMMISSIONER: Re-examination?
- 9 MR. PACIOCCO: Briefly.
- 10 BY MR. PACIOCCO:
- 11 Q Sir, you have your transcript in front
- of you of the interview with Mr. Clifford?
- 13 A Yes, I do.
- 14 Q I'm going to ask you to turn to page
- 15 35. This arises out of a question by my friend,
- 16 Mr. Weinstein. He was asking you about estimates
- 17 and whether the time that you saw of five minutes
- 18 of a conversation could have been four, could have
- 19 been more. Do you recall that, sir?
- 20 A Yes, I do.
- 21 Q And you indicated that it was just an
- 22 estimate. What was that estimate based on, sir?
- 23 A The estimate of time?
- 24 Q Yes?
- 25 A Just by my own calculation of how long

- 1 I felt that it was.
- 3 conversation, sir? Was it short, medium, lengthy?
- 4 How would you characterize it?
- 5 A Between the officer and the driver?
- 6 O That's correct.
- 7 A Medium to lengthy.
- 8 Q Okay. Sir, there was also an exchange
- 9 with Mr. Weinstein about whether there was one
- 10 officer or more than one officer; do you recall
- 11 that?
- 12 A Yes, I do.
- 13 Q You recall telling me earlier that you
- 14 recall one officer, you don't recall whether there
- 15 was more than one officer, but you didn't exclude
- 16 the possibility of there being more than one. Do
- 17 you recall that?
- 18 A Yes. On scene there was definitely
- 19 more than one officer.
- Q Okay, but I mean in dealing with the
- 21 man at the truck, your recollection was that it
- 22 was one officer, and I asked you whether it was
- 23 possible that there may have been more than one,
- 24 and I think your answer was that it was a
- 25 possibility. Do you recall that?

Volume 6 July 2, 2008

Page 1476

I don't recall seeing any other. 1 Α

- Okay. And what I'm trying to get at Q 2
- 3 is --
- Yes, there is always a possibility, Α 4
- but I don't recall. 5
- 6 So your position is that you don't
- 7 recall there being more than one, but you are not
- ruling out the possibility that there may have 8
- been more than one? 9
- That's correct. 10 Α
- 11 And so when you responded to
- Mr. Weinstein who said you have a definite 12
- recollection of one, sir, were you referring to 13
- 14 the point in time when you were giving the
- statement to the RCMP, or are you telling us that 15
- you definitely recall there was only one? We just 16
- need to be clear on that. 17
- I was focused only on one. If there 18
- was others, I don't recall seeing them. 19
- 20 Q Okay. It is fair to say that your
- 21 best position would be there was only one, but you
- 22 are not going to rule out entirely the possibility
- that you could be wrong, is that a fair way to put 23
- it? 24
- That's a fair statement. 25

- 1 MR. PACIOCCO: I have no further
- 2 questions.
- THE COMMISSIONER: Thank you very
- 4 much.
- 5 THE WITNESS: Thank you.
- 6 MR. CLIFFORD: Mr. Commissioner, the
- 7 next witness and the final witness for today, will
- 8 be Tara Taman.
- 9 TARA TAMAN, having first been duly
- 10 sworn, testified as follows:
- 11 BY MR. CLIFFORD:
- 12 Q Ms. Taman I would like to again
- 13 express my sympathy for your loss and suffering,
- 14 and also to publicly acknowledge that your being
- 15 here today and your testifying is an emotional and
- 16 difficult thing for you to do.
- 17 You have been here previously during
- 18 the victims' phase, and you have been called back
- 19 and I want to thank you for assisting the
- 20 Commission.
- 21 For those that were not present during
- 22 the first phase, you had previously testified that
- 23 you and your sister had the painful experience of
- 24 actually attending at the location of the car
- 25 crash where you had lost your mother. And because

- 1 we were dealing then with victims' issues and
- 2 related evidence, we didn't ask you about
- 3 observations you made of certain individuals at
- 4 the scene of the accident. And the Commission is
- 5 now interested, Tara, in the observations that you
- 6 made and I'm going to ask you some questions about
- 7 that. All right?
- 8 A Okay.
- 9 Q Now just to recap, we've heard from
- 10 you previously that you and your sister were
- 11 traveling in a vehicle on February 25th in the
- 12 early morning and you noted there had been an
- 13 accident?
- 14 A That's right.
- 15 Q And as per your regular routine, I
- 16 understand, certain things were done. And if I
- 17 could just ask you to repeat briefly what that
- 18 routine was for the benefit and for the narrative
- 19 purposes of putting the rest of your testimony
- 20 today in context?
- 21 A Before we leave for work?
- 22 Q No, when you were on the road and you
- 23 noticed that there was an accident?
- 24 A Whenever we saw that there was an
- 25 accident we made sure that we would always phone

- 1 anybody that -- anybody in the family that we knew
- 2 had already been driving, just to make sure
- 3 everybody was okay. That morning we tried to
- 4 phone mom and she didn't answer.
- 5 Q And what did you do as a result of
- 6 that?
- 7 A We had initially bypassed the
- 8 accident. It was really backed up. We knew there
- 9 was an accident because we saw the volunteer fire
- 10 department vehicles going towards the fire
- 11 station. So we initially bypassed the accident.
- 12 We went up McGregor Farm Road, up to the other
- 13 side of the perimeter. And when we couldn't get
- 14 ahold of mom, Kristin said to me, should we turn
- 15 around and go back and just make sure. And I said
- 16 we probably should. And we turned around at that
- 17 point and went back to the accident.
- 18 Q If you could, do you recall where it
- 19 was, your location, when you pulled up on the
- 20 accident scene?
- 21 A As you turn on to the perimeter, I
- 22 guess going -- as you are turning off northbound
- 23 59 on to the perimeter, we stopped in the middle
- 24 of the intersection just on the shoulder.
- 25 Q There is a large diagram to your left.

- 1 And looking at that, does it offer you any
- 2 assistance in terms of where you would have pulled
- 3 off with your vehicle?
- 4 A Yeah. As you are pulling on to the
- 5 perimeter, we were on the far shoulder, in the
- 6 middle of the intersection there.
- 7 Q And if you know the spot, if you
- 8 wanted to just step down from the witness desk
- 9 there and indicate where it was?
- 10 A Right here.
- 11 Q Mr. Commissioner, can you see that?
- 12 Can other counsel see? All right. I think it is
- 13 clear to everybody.
- Now, knowing how you got there, and
- 15 where it was that you stopped your vehicle, can
- 16 you pick up from there, Tara, and tell us what you
- 17 and your sister did?
- 18 A We immediately got out of the vehicle.
- 19 We saw my mom's car there. So we got out of the
- 20 vehicle and went to run across the intersection,
- 21 and one of the officers came and stopped us. He
- 22 asked us which car she was in, because he had
- 23 initially thought that we were there for the green
- 24 car that was off to the other side.
- 25 Q If I could interrupt you at that

- 1 point. You previously testified that you, and you
- 2 were personally aware of this, that it was Officer
- 3 Graham who stopped you?
- 4 A Yes.
- 5 Q And you were telling the Commission
- 6 that initially he was under the view or the
- 7 opinion that you were running towards a vehicle
- 8 other than your mother's?
- 9 A The green vehicle that was in the
- 10 accident.
- 11 Q Carry on from there.
- 12 A When we told him it was the yellow
- 13 car, he turned us around and told us that we had
- 14 to go to the other side, back to the other side
- 15 with him. As we started to walk back across the
- intersection, I took my phone out to call my dad.
- 17 All I had a chance really to say to my dad was
- 18 that mom had been in an accident and then the
- 19 officer took the phone from me and he started
- 20 talking to my dad.
- Q What happened from there?
- 22 A As soon as he got off the phone with
- 23 my dad, he gave the phone back to me and told us
- that we would have to wait in the back of his car.
- 25 So he put me and Kristin in the back of his car

- 1 and we were in there until my dad got there.
- 2 Q And is it from the back seat of the
- 3 police car that you were able to make observations
- 4 of the scene?
- 5 A Yes.
- 6 Q And are you able to determine or
- 7 indicate where the police car was located in the
- 8 intersection?
- 9 A The police car would have actually
- 10 been located pretty much right at the point of
- 11 impact on the accident. It would have been
- 12 sitting right on top of it. It was right before
- 13 the stop light.
- 14 Q And what observations do you make,
- 15 Tara, when you are in the back of the police car?
- 16 A I could see his truck. I could see my
- 17 mom's car. I could see the other car. I could
- 18 see a van parked on the shoulder across from us.
- 19 Ambulance, two ambulances, a fire truck.
- Q Do you remember the colour of the van?
- 21 A I think it was brown, I think it was
- 22 brown.
- 23 Q So you clearly saw, I take it, the
- 24 three vehicles that were involved in the accident?
- 25 A Yes.

- 1 Q You are referring to a brown van and
- 2 there were some emergency vehicles?
- 3 A Yes.
- 4 Q Did you notice any of the -- I know
- 5 that with respect to your mother's vehicle that
- 6 you were not allowed to approach it, and we
- 7 understand from previous testimony and what has
- 8 been disclosed to the Commission that you didn't
- 9 get very close to view it. But with respect to
- 10 the car or the truck, did you see any of the
- 11 drivers?
- 12 A I did, I saw the driver of the truck.
- 13 Two officers, it looked like they were -- I'm not
- 14 sure if they were helping him or walking with
- 15 him --
- 16 Q If I could, and I'm cautious to
- 17 interrupt you in the middle of a question but I
- 18 think it would be of benefit to everybody
- 19 listening to your evidence. Where was this taking
- 20 place? I just want you to back up a little bit
- 21 and we will go step-by-step. You were at the
- 22 point you were saying there were two officers, you
- 23 can't remember. When was the first time you
- 24 noticed the driver of the truck?
- 25 A The officer that was in the vehicle

- 1 with us was talking to us the whole time and I
- 2 wasn't really paying attention at that point. I
- 3 just wanted to watch to see if basically there was
- 4 any movement from my mom's car. And then I was
- 5 watching the other vehicle, I was kind of watching
- 6 everything, looking for anything that I could see
- 7 at that point. I looked over at the truck and
- 8 there were two officers at the truck. And then I
- 9 saw them start walking towards the intersection,
- 10 almost towards the police car we were in.
- 11 Q It would be fair to say, would it,
- 12 Tara that your emotional state at this point is
- 13 certainly impacted by the fact that you know your
- 14 mother has been in a serious motor vehicle
- 15 accident?
- 16 A Probably.
- 17 Q And in terms of the view you had of
- 18 your mother's vehicle, did you come to a
- 19 conclusion just simply by looking at the vehicle
- 20 when you unfortunately came upon the scene as to
- 21 the seriousness of the situation?
- 22 A I had an idea of how bad it was
- 23 already. And we just kept asking him if she was
- 24 still breathing. It got to the point where after
- 25 we asked him a few times he did tell us she was

- 1 still breathing.
- 2 Q Just take a moment. Are you okay?
- 3 A Yep.
- 4 Q I want to go back then to your
- 5 observations of the driver of the truck, and you
- 6 were referring to a police officer at the truck,
- 7 was it one police officer or two police officers,
- 8 can you expand on that?
- 9 A With him?
- 10 O Yes?
- 11 A There were two police officers walking
- 12 with him across. They were at his truck, and then
- 13 they started to walk towards the police car that
- 14 we were in.
- 15 Q And before they started to walk
- 16 towards the police car that you were in, can you
- 17 say how long they were at the truck?
- 18 A When I looked up they were there, so
- 19 I'm not sure how long they were before. They
- 20 weren't there very long after I started watching.
- 21 They weren't there very long before they started
- 22 walking.
- 23 Q And can you indicate what they were
- 24 doing when they were at the truck?
- 25 A It looked like they were kind of

- 1 helping him a little bit. But when he started
- 2 walking it didn't look like he needed much help.
- 3 But right beside the truck, it looked like they
- 4 were helping him a little.
- 5 Q And can you describe that a little bit
- 6 further?
- 7 A Just helping him. I'm not sure if he
- 8 was getting out of the truck or if he was shaken
- 9 up. I don't really -- I'm not exactly sure. It
- 10 just looked like they were kind of helping him a
- 11 little bit.
- 12 Q Let's go then to when they were
- 13 walking from the truck. Were they walking in the
- 14 direction towards you where you were sitting?
- 15 A They were walking towards the police
- 16 car that we were in.
- 17 Q And what can you tell the Commissioner
- 18 about the manner in which the driver of the truck
- 19 was walking?
- 20 A He seemed to be walking okay.
- 21 Q Okay. And were the police officers,
- 22 where were they located in reference to him?
- 23 A There was one on both sides of him.
- Q And was anybody touching him in any
- 25 way, do you recall?

The one had him by the arm, he was 1 Α

- holding his arm, I guess, just by his elbow. 2
- You had mentioned or provided 3
- testimony with respect to whether you thought he 4
- was injured. Did you notice anything at all that 5
- 6 lead you to the conclusion that he was injured in
- 7 any way?
- Not that I could see. 8
- So, as I understand it, you see the 9 Q
- officers in the vicinity of the truck. 10 They are
- now walking with the driver in the direction 11
- towards the police car that you and your sister 12
- are sitting in the back of. What else happens? 13
- 14 What else are you seeing when this is occurring?
- Α I didn't watch them walk right across. 15
- I saw them come across the intersection, and at 16
- that point I think I started talking back to the 17
- officer that we were in the car with. So I didn't 18
- see them come right across. But when I did look 19
- 20 up after, he was standing at the front of the
- 21 police car that we were in.
- 22 When you say he was standing, you are Q
- referring to the driver of the truck? 23
- The driver of the truck. 24 Α
- Was standing at the front of the 25

- 1 police car you were in?
- 2 A Yes.
- 3 Q And I'm going to ask you to be a
- 4 little bit more specific. Was he standing on the
- 5 passenger side or the driver's side?
- 6 A The passenger side.
- 7 Q The passenger side?
- 8 A Yes.
- 9 Q At the fender or up on the front
- 10 bumper?
- 11 A By the front headlight I guess.
- 12 Q All right. Are you able to provide
- 13 evidence as to who he was with?
- 14 A He was with one of the officers that
- 15 walked him across the road.
- 16 Q And I think this is clear from your
- 17 testimony, but I want to ensure that it is; the
- 18 officers that were walking with the driver of the
- 19 truck, these individuals are not Officer Graham?
- 20 A No.
- 21 Q Have I got that right?
- 22 A That's right.
- 23 Q And Officer Graham, I take it, is in
- the car with you when this is happening, when you
- 25 are making these observations of the driver of the

- 1 truck and the police officers escorting him up to
- 2 the car that you are sitting in, Officer Graham is
- 3 located in the car with you?
- 4 A That is right.
- 5 Q And you are having conversation with
- 6 him while you are observing things?
- 7 A Kristin was talking to him at that
- 8 point.
- 9 Q Now, when we get to the point that you
- 10 told the Commission that the driver of the truck
- is outside the police car and he is with two other
- 12 officers?
- 13 A When he was standing outside the
- 14 police car he was only with one.
- 15 Q So one of the officers has departed
- 16 once you notice him at the police car?
- 17 A When I looked up and he was outside of
- 18 the police car there was only one officer there.
- 19 Q And how is he situated in respect of
- 20 the police car? Is he standing beside it, is he
- 21 leaning beside it, is any part of his body
- 22 touching it?
- 23 A He was leaning against it.
- Q And what about the police officer
- 25 that's with him, what is that person doing?

- 1 A He was just standing beside him.
- 2 Q And what are they doing?
- 3 A They were just standing there. I
- 4 didn't notice them talking.
- 5 O Did Officer Graham remain in the car
- 6 with you and your sister throughout the whole
- 7 time?
- 8 A He did get out, once for sure, and he
- 9 went around and he talked to the officer that was
- 10 standing there with him.
- 11 Q And when you say he would get out and
- 12 talk to the officer that was standing there with
- 13 him, you are referring to?
- 14 A With the driver.
- 15 Q With the driver of the truck?
- 16 A Yes.
- 17 Q And are you able to indicate how many
- 18 times this happened?
- 19 A I can remember one for sure. I'm not
- 20 sure if it happened again. There was one point
- 21 where the other officer came in the car and talked
- 22 to Officer Graham.
- 23 Q So, the officer that was standing
- 24 outside the police car with the driver of the
- 25 truck also got into the vehicle with you and your

- 1 sister and Officer Graham?
- 2 A Right.
- 3 Q Do you have any idea who that police
- 4 officer was?
- 5 A I'm not sure.
- 6 Q Now, apart from what you've already
- 7 told the Commission about the driver of the truck,
- 8 that being Derek Harvey-Zenk, leaning against the
- 9 police car, can you provide any other observations
- 10 about things that you noticed?
- 11 A They had -- after I noticed him
- 12 standing there, it was just shortly after they
- 13 pulled a fire truck in front of his car and my
- 14 mom's car so we really couldn't see much until we
- 15 got out of the vehicle.
- 16 Q But when the driver of the truck is
- 17 standing there at the police car, and you told us
- 18 he was leaning on it and the officer was standing
- 19 beside him, did you make any other observations of
- 20 him while he was at the police car, things that he
- 21 was doing, for instance?
- 22 A Not really, he didn't really move
- 23 much.
- Q Now, I would like to try and put some
- 25 time frames on your observations that you have

- 1 told us about, and I realize this is a difficult
- 2 thing to do, and it is made even more so by the
- 3 fact that you are dealing with the experience of
- 4 showing up at the car crash and your mother has
- 5 been involved. But, for instance, taking you back
- 6 to the point where you see the officers at the
- 7 truck, and they start to walk back towards the
- 8 vehicle you are in, how long were they down at the
- 9 truck before they started to walk? Are you able
- 10 to indicate that?
- 11 A Maybe two or three minutes.
- 12 Q And the walk from the truck up to the
- 13 car that you are in, do you know how long that
- 14 took approximately?
- 15 A Maybe a minute.
- 16 Q And now dealing with the time frame
- 17 from when you notice the driver of the truck
- 18 standing or leaning against the police car you are
- in, how long was he there?
- 20 A He was still there when we left for
- 21 the hospital.
- 22 Q Okay. And can you put a time frame on
- 23 that?
- 24 A I would say between 10 and 15 minutes
- 25 later we had left.

- 1 Q Do you recall how many minutes you
- were in the police car?
- 3 A Probably 10 to 15. Probably close to
- 4 10.
- 5 Q And is it your recollection that he
- 6 was there for that entire time that you were in
- 7 the back?
- 8 A Yeah, pretty much.
- 9 Q Now, you've indicated previously in
- 10 your testimony that what lead to you getting out
- 11 of your -- what lead to you and your sister
- 12 getting out of the police car was the arrival of
- 13 your father. And you are nodding your head in the
- 14 affirmative?
- 15 A Yes.
- 16 Q Thank you. When you got out of the
- 17 police car, was the driver of the truck still
- 18 leaning against the police car?
- 19 A Yes.
- 20 Q And once you got out of the police
- 21 car, did you see him again?
- 22 A I don't remember looking back for him.
- Q Did you know where the other police
- 24 officer went? You said there were two police
- 25 officers at the truck, walking back with him, and

- 1 then when you noticed him leaning against the
- 2 police car you were in and there was only one
- 3 police officer with him. Did you know where the
- 4 other police officer went?
- 5 A I'm not sure.
- 6 Q Did you see that other police officer
- 7 again that morning?
- 8 A No.
- 9 Q So can I conclude from your testimony
- 10 then that you saw three police officers; two at
- 11 the truck that walked up with him, one of whom
- 12 wasn't there when you noticed him at the police
- 13 car, and Officer Graham?
- 14 A Yes.
- 15 Q Were you able to make any observations
- of Mr. Zenk's state, his face, for instance, or
- 17 anything of that nature?
- 18 A When he was standing against the car
- 19 his back was towards us.
- Q When the police officer that was with
- 21 the driver of the truck outside the police car you
- 22 are sitting in, when he got into the police car
- 23 with Officer Graham, who was with the driver of
- 24 the truck?
- 25 A Nobody.

- 1 Q Was he standing there by himself?
- 2 A Yes.
- 3 Q And for how long was that second
- 4 police officer in the car with you?
- 5 A Only a minute or two.
- 6 Q When the second police officer got
- 7 into the police car, you and your sister are in
- 8 the back. Did you hear any conversation that was
- 9 taking place between the two of them?
- 10 A I don't remember the conversation.
- 11 Q When Officer Graham got out of the
- 12 police car to talk to the officer that was with
- 13 the driver of the truck, do you know whether he
- 14 talked to the driver of the truck as well?
- 15 A I don't remember seeing him talk to
- 16 the driver of the truck.
- 17 Q Do you remember him talking to the
- 18 other police officer?
- 19 A I remember him talking to the other
- 20 police officer but not the driver of the truck.
- 21 Q I will just come back to a point that
- you made a little bit earlier, and I didn't follow
- 23 up on it. I was asking you about the observations
- 24 and you said that you saw a fire truck pull up.
- Once they started to cut the top or work on your

- 1 mother's car, a fire truck pulled up in front of
- 2 the police car that you were sitting in. Have I
- 3 got that right?
- 4 A Yes, it pulled into the lane that they
- 5 had already stopped traffic in, because they still
- 6 had traffic going through the one lane.
- 7 Q So did that block your --
- 8 A It blocked the view from the police
- 9 car.
- 10 Q View from the police car from the rest
- 11 of the accident scene?
- 12 A Yes.
- 13 Q Ms. Taman, on February 20, 2008, you
- 14 attended at the office of the Taman Inquiry and
- 15 you were interviewed. Were you ever questioned by
- 16 the police or any person in authority about your
- 17 observations --
- 18 A No.
- 19 Q -- at the scene on February 25th?
- 20 A No.
- 21 Q This was the first time it was raised
- 22 with you?
- 23 A Yes.
- Q Once your father arrived on scene, we
- 25 know from your previous testimony that you were

- 1 released from the police vehicle and that you all
- 2 made your way to the hospital --
- 3 A Yes.
- 4 Q -- the Concordia Hospital, where you
- 5 received the very tragic news about the loss of
- 6 your mom, and then the family left and went to
- 7 your father's parent's place, your grandparents'
- 8 house?
- 9 A Right.
- 10 Q And I take it at that point, even when
- 11 you are at your grandparents' place, the family
- 12 still doesn't know what has happened, do they?
- 13 A No.
- 14 Q In terms of what took place in the
- 15 motor vehicle, even the mechanics of the accident?
- 16 A Right.
- 17 Q And did you receive any information
- 18 that day from anybody that could help you put it
- 19 into perspective?
- 20 A The first information that I would
- 21 have received was from my cousin.
- Q And who is your cousin?
- 23 A Cecil Sveinson.
- Q And I know you indicated and testified
- 25 earlier when you were here on the victims' phase,

- 1 but your cousin is a Winnipeg Police officer?
- 2 A That's correct.
- 3 Q And I understand that he attended at
- 4 the residence on that day?
- 5 A Yes.
- 6 Q And he provided the family with
- 7 information that he had received?
- 8 A Yes.
- 9 Q And you provided testimony on that
- 10 point previously?
- 11 A Yes.
- MR. CLIFFORD: Tara, those are the
- 13 questions that I have for you. But remain seated,
- 14 other counsel may have questions.
- 15 MR. ZAZELENCHUK: I will follow rule
- 16 24, and wait to the last.
- 17 THE COMMISSIONER: Mr. McDonald?
- 18 MR. McDONALD: I have no questions.
- 19 THE COMMISSIONER: Mr. Weinstein, any
- 20 questions?
- 21 BY MR. WEINSTEIN:
- Q Just a few questions. One of the last
- 23 questions my learned friend asked you is whether
- 24 or not you had been contacted by any police about
- 25 this and you said no; is that correct?

- 1 A That's correct.
- Q And, in fact, it is also the case that
- 3 you never contacted the police to say that you had
- 4 some observations of Derek Harvey-Zenk; is that
- 5 correct?
- 6 A Correct.
- 7 Q Now, I'm just going to deal with your
- 8 observations shortly after you arrived at the
- 9 scene. Your evidence is that two officers, not
- 10 one, but two went up to the truck; is that
- 11 correct?
- 12 A When I looked up two of them were
- 13 already at the truck.
- 14 Q Right. And is it your evidence that
- 15 Derek Harvey-Zenk was sitting inside the truck?
- 16 A From what I could see, it kind of
- 17 looked like they were helping him out of the
- 18 truck.
- 19 Q Yeah, just to refresh your memory,
- 20 okay, not what you think you saw, when you were
- 21 interviewed by Commission Counsel at page 10, you
- 22 were asked by Commission Counsel, what can you
- 23 tell me about what you observed at the scene? You
- 24 said, and your answer was, and I will read it out:
- "We were there before, we pulled up at

1	the same time as one of the fire
2	trucks, we were there before the
3	ambulances got there. When we first
4	got in to the police car, they were
5	helping remove Harvey-Zenk from the
6	truck."
7	Question by commission counsel:
8	"Did you see that happen?
9	A Yes, we saw them help him out of
10	the truck.
11	Q Can you describe that?
12	A Basically there were two police
13	officers on the drivers side helping
14	take him out. That's all I remember
15	initially from that."
16	And then you go on to say:
17	"And he got out and he was walking,
18	like he didn't seem injured."
19	So on February 20, 2008, under oath or
20	under affirmation, you are positive that two
21	police officers went up and helped Harvey-Zenk out
22	of the truck; correct?
23	A It looked like they were helping him
24	out of the truck.
25	Q Not looked like, that's what you say
1	

- 1 happened?
- 2 A From where I was sitting in the police
- 3 car, it looked as if they were helping him get out
- 4 of the vehicle.
- 5 Q Under oath today is it your best
- 6 evidence that two police officers were helping him
- 7 out of the truck?
- 8 A It looked as if they were helping him
- 9 out of the truck.
- 10 Q And they didn't stand around the truck
- 11 long, according to what I believe you said
- 12 earlier, just perhaps a minute or two and then
- 13 they start walking, correct?
- 14 A Correct.
- 15 Q There isn't a long conversation going
- on there; correct?
- 17 A Correct.
- 18 Q They get him out and basically they
- 19 start walking; correct?
- 20 A Correct.
- 21 Q The two police officers side by
- 22 side -- how were they walking? Were they on
- 23 either side of Harveymordenzenk?
- 24 A There was one on either side of him.
- 25 Q Even though there was one on each side

- of him, it is not as though they were holding him
- 2 up because he was staggering or anything like
- 3 that?
- 4 A There was one that had his hand on his
- 5 arm. They weren't helping him walk, he was
- 6 walking.
- 7 Q And by his arm, you went on to say the
- 8 best of your recollection was on his elbow?
- 9 A Right by the elbow, yes.
- 10 Q It didn't appear that he was offering
- 11 to hold him up or anything like that?
- 12 A No.
- 13 Q Harveymordenzenk was basically walking
- 14 on his own?
- 15 A Yes.
- 16 Q And not staggering all over the place
- 17 and not falling down or stumbling that you
- 18 observed?
- 19 A That I observed, no.
- 20 Q And it is your evidence also today
- 21 that Mr. Zenk was brought to the vehicle that you
- 22 were in, correct?
- 23 A Yes.
- 24 Q And Mr. Zenk was outside of your
- 25 vehicle for a number of minutes, and at one point

1 in time there wasn't one police officer in the

- vehicle, there were two?
- 3 A Right.
- 4 Q Correct?
- 5 A Yes.
- 6 Q Both in the front seat?
- 7 A Yes.
- 8 Q And was the cage up or not? Was the
- 9 silent patrolman up or not, or could you see into
- 10 the front seat?
- 11 A I could see into the front seat.
- 12 Q There was no obstructions from hearing
- 13 anything or seeing anything?
- 14 A Correct.
- 15 Q And your evidence today is one got in
- 16 the front, one was already in the car, one got in
- 17 the front, there was a conversation; correct?
- 18 A Yes.
- 19 Q And you have no idea what the
- 20 conversation was?
- 21 A No. He leaned over and he was talking
- 22 to him. And at that point we are yelling to get
- 23 out of the car.
- MR. WEINSTEIN: Thank you, Ms. Taman.
- THE COMMISSIONER: Thank you.

- 1 MR. JACK: No questions.
- THE COMMISSIONER: Mr. Prober?
- 3 MR. PROBER: Yes, Mr. Commissioner.
- 4 BY MR. PROBER:
- 5 Q Ms. Taman, my name is Jay Prober and I
- 6 represent Derek Harvey-Zenk at this inquiry. I
- 7 just have a couple of questions. When Commission
- 8 Counsel was asking you about time frames, I don't
- 9 think he asked you about the time frame when you
- 10 first arrived at the scene and you were walking
- 11 towards your mom's vehicle, and Constable Graham
- 12 stopped you and asked you where you were going,
- 13 and then he placed you in the police car. Sort of
- 14 what time lapse, and I'm just asking you for an
- 15 approximation, from when you first arrived at the
- 16 scene to when you were placed in the car, the
- 17 cruiser car?
- 18 A Less than two minutes.
- 19 Q Okay. And so it must have been that
- 20 the ambulances arrived while you were in the
- 21 cruiser car?
- 22 A As we pulled up, the first fire truck
- 23 had just arrived. And then I remember seeing one
- 24 ambulance pull up just after.
- Q Okay. Because you did say that you

- 1 arrived before the ambulances?
- 2 A Right.
- 3 Q You said that in your interview to the
- 4 Commission, right?
- 5 A Correct.
- 6 Q When you started to give your evidence
- 7 today, you said at one point when my friend,
- 8 Commission Counsel, interrupted you, you started
- 9 to say there were two officers with Derek
- 10 Harvey-Zenk and you are not sure if they were
- 11 helping him, and then I didn't hear what else you
- 12 had to say?
- 13 A I just wasn't -- I'm not sure if they
- 14 were helping him out of the vehicle. From where
- 15 we were sitting in the police car it looked as if
- 16 they had been helping him out of the vehicle.
- 17 Q Right.
- 18 A But they weren't helping him walk or
- 19 anything afterwards.
- 20 Q I understand that. So, you weren't
- 21 sure if they were helping him out of the vehicle
- or not, is that what you started to say?
- 23 A Right. The way the police car was and
- 24 the way that his truck was, it looked as if they
- 25 were.

- 1 Q You don't know, obviously, if they
- 2 were arresting him at that point or not, do you?
- 3 A I had no clue.
- 4 Q No. And another thing you said, and
- 5 this could be a problem with leading questions,
- 6 when Commission Counsel suggested to you when you
- 7 said you were in the police car for about ten
- 8 minutes, and Derek Harvey-Zenk was in front of you
- 9 the whole time, well, that really couldn't be,
- 10 could it, because there had to be some time --
- 11 A Well, minus the time he was walking to
- 12 the car.
- 13 Q Right, minus the time they were
- 14 walking to the car.
- 15 A Right, which I said was about two,
- 16 three minutes, right.
- 17 Q And so at most he would have been in
- 18 front of the police car for about seven minutes or
- 19 approximately?
- 20 A Right.
- 21 MR. PROBER: Thank you. Those are my
- 22 questions.
- THE COMMISSIONER: We will see if Mr.
- 24 Green wants --
- MR. GREEN: I have no questions.

- 1 BY MR. McFETRIDGE:
- 2 Q Ms. Taman, after the accident you did
- 3 meet Chief Bakema; is that correct?
- 4 A Correct.
- 5 Q Was he one of the officers that you
- 6 are talking about who removed Mr. Zenk from his
- 7 truck?
- 8 A I couldn't tell you. They were by the
- 9 truck walking across the intersection, that's the
- 10 last that I saw him.
- 11 Q The officer that you say entered into
- 12 the car to talk --
- 13 A Oh, the one that was talking to him
- 14 outside the vehicle?
- 15 O First of all the officers that removed
- 16 Mr. Zenk from the truck, was one of those Chief
- 17 Bakema?
- 18 A I'm not sure. He was not the one that
- 19 was standing with the driver beside the car.
- 20 Q So I take it that Chief Bakema was not
- 21 the officer who entered the vehicle you were in to
- 22 talk with Constable Graham?
- 23 A No.
- Q Were you ever shown by anybody any
- 25 photographs of the officers who were in attendance

- 1 that day as to identify which ones you were
- 2 talking about?
- 3 A No.
- 4 MR. McFETRIDGE: Those are all of my
- 5 questions. Thank you.
- 6 THE COMMISSIONER: Now
- 7 Mr. Zazelenchuk.
- 8 BY MR. ZAZELENCHUK:
- 9 Q Tara, I believe you told us that it
- 10 was Officer Graham who told you and your sister
- 11 that you would have to sit in the back seat of his
- 12 car?
- 13 A Yes.
- 14 Q A gentleman stood up in court
- 15 earlier -- sorry, in this hearing room earlier
- 16 today and identified himself as Kenneth Graham.
- 17 Were you able to recognize him?
- 18 A Yes.
- 19 Q That's the gentleman you were talking
- 20 about?
- 21 A Yes.
- Q Okay. And you will confirm for me
- 23 that after Mr. Paciocco gave his opening statement
- 24 you didn't hear any of the evidence today. You
- 25 were outside?

- 1 A That's right.
- 2 Q When you and your sister were told
- 3 that you had to sit in the back seat of the police
- 4 vehicle, were you told why?
- 5 A No.
- 6 Q Did you think to ask why?
- 7 A No.
- 8 Q Because it was a police officer
- 9 telling you what to do?
- 10 A Right.
- 11 Q Sure. You mentioned a few moments ago
- 12 at that point we were yelling to get out in
- 13 response to one of the questions.
- 14 A Yes.
- 15 Q Were you speaking figuratively or were
- 16 you --
- 17 A No, we were yelling at Officer Graham
- 18 to let us out of the car.
- 19 Q And how long did that yelling go on?
- 20 A Until he got out of the car to go talk
- 21 to my dad.
- Q And it wasn't until your dad came that
- 23 you were allowed out of the car?
- 24 A My dad told him to let us out of the
- 25 car.

- 1 Q Yes. And I take it, as with most
- 2 police cars, you couldn't open the doors from the
- 3 inside?
- 4 A No.
- 5 Q Were you in the passenger side or the
- 6 driver's side as opposed to your sister?
- 7 A I was on the passenger side.
- 8 Q I see. When you got out of the car
- 9 were you able to get a look at the man who you
- 10 believed to be the driver of the truck who was
- 11 leaning up against the car?
- 12 A I saw him just before we got out and I
- 13 don't remember seeing him again after we had
- 14 gotten out.
- 15 Q I see. I wonder if Madam Clerk would
- 16 be good enough to give you F3.37, the second page.
- 17 Do you recognize that photograph?
- 18 A Um-hum.
- 19 Q Who is that photograph?
- 20 A That's Derek Harvey-Zenk.
- 21 Q And it was the man that was leaning
- 22 against the truck?
- 23 A Yes.
- Q And leaning against the police car?
- 25 A Yes.

```
1 MR. ZAZELENCHUK: If that could become
```

- 2 an exhibit, Your Honour?
- 3 THE COMMISSIONER: What exhibit is
- 4 that?
- 5 THE CLERK: 74.
- 6 (EXHIBIT 74: Gallery photo pack shown
- 7 to Branigan's Waitress, F3,37)
- 8 MR. ZAZELENCHUK: Thank, you Tara.
- 9 MR. CLIFFORD: Mr. Commissioner one
- 10 inquiry in re-direct, and this is flowing from a
- 11 question asked by Mr. Prober.
- 12 BY MR. CLIFFORD:
- 13 Q Miss Taman, you were asked by Mr.
- 14 Prober a question about the time at the scene, the
- amount of time that elapsed between your arrival
- 16 at the scene and when you were placed in the back
- of a police car. And your response was less than
- 18 two minutes, and what I would like to do is to see
- 19 if we can learn a little bit more about the amount
- 20 of time that that took. When you arrived on
- 21 scene, did you get out of the vehicle as soon as
- 22 you arrived?
- 23 A As soon as we got there. I had to get
- 24 Kristin to get back in and put it in park.
- 25 Q And then you indicated in your

- 1 testimony that you started to run into the
- 2 intersection?
- 3 A Yes.
- 4 Q And how far into the intersection did
- 5 you get before you were met by a police officer?
- 6 A We got to about the centre of the two
- 7 lanes, and he came and stopped us.
- 8 Q All right. So the amount of time that
- 9 it would have taken you to get out of your car to
- 10 run to the middle of the intersection was?
- 11 A Within seconds.
- 12 Q And then did you -- what did you tell
- 13 Officer Graham?
- 14 A We just said that's my mom's car.
- 15 Q And what did he do?
- 16 A He said the green one? And we said
- 17 no, the yellow one, and he turned us right around.
- 18 Q Going through this, does it assist you
- in providing further evidence on the amount of
- 20 time?
- 21 A Maybe three or four minutes -- like,
- 22 it was within minutes that we were in the back of
- 23 the police car.
- Q You indicated that you ran into the
- 25 middle of the intersection?

- 1 A Um-hum.
- 2 Q And that would have taken you a matter
- 3 of seconds, if I understand your testimony?
- 4 A Right.
- 5 Q You had a very brief exchange with
- 6 Officer Graham?
- 7 A Yes.
- 9 of seconds?
- 10 A Yes. Maybe 30 seconds.
- 11 Q And then you were placed in the police
- 12 car?
- 13 A We started walking back towards the
- 14 police car.
- 15 Q All right. Was there anything else
- 16 that took any time?
- 17 A It was enough time for him to tell my
- 18 dad to get down to the scene of the accident,
- 19 because just as I was getting into the police car
- 20 he gave my phone back to me.
- 21 Q You had the telephone conversation
- 22 with your father as well before getting into --
- 23 A Yes.
- Q Okay. You ran into the middle of the
- intersection, you had a brief conversation, you

- 1 used your telephone to call your dad, you gave the
- 2 telephone to Officer Graham?
- 3 A Officer Graham took it from me, yes.
- 4 Q And then you were placed in the back
- 5 of the car?
- 6 A Yes.
- 7 MR. CLIFFORD: Thank you, Miss Taman,
- 8 those are all of the questions that I have for
- 9 you. Again on behalf of the Commission, thank you
- 10 for assisting us.
- 11 Mr. Commissioner, that's the evidence
- 12 that we wanted to call.
- THE COMMISSIONER: Thank you, very
- 14 much. Any matters of --
- 15 MR. CLIFFORD: That's the evidence for
- 16 today, sir.
- 17 THE COMMISSIONER: Now tomorrow we
- 18 have three witnesses.
- 19 MR. CLIFFORD: That's right, sir.
- 20 THE COMMISSIONER: And we are
- 21 scheduled to start at 9:30. Is that convenient to
- 22 everybody? All right. I'm being told
- 23 occasionally by the administrator that maybe we
- 24 should start earlier.
- MR. PROBER: Actually Mr. Green

```
proposes 11:00 o'clock.
1
 2
                 THE COMMISSIONER: I know. 9:30,
3
    thank you.
 4
                 THE CLERK: Order. This Commission is
    adjourned until 9:30 a.m.
